Dear Postmaster General:

As the elected official for Pennsylvania's 2nd Legislative District, it is my duty to ensure all of my constituents have access to a dependable mailing service. The United States Postal Service is a valuable system that is crucial for every person in the United States and should not be taken for granted.

The South Erie Post Office, which is located in my district, recently announced the elimination of Saturday hours; this setback will negatively affect my constituents. In the coming months, many of my constituents and citizens throughout Pennsylvania will choose to vote in the general election by a mail-in or absentee ballot. They deserve the right to know their ballot will be mailed safely and in a timely manner. The Postal Service is obligated to serve all Americans regardless of where they live as they provide necessary services and keep the American people supplied with food, prescriptions, paychecks, and vital information on the current worldwide pandemic.

I support our Postal Service and believe there should be no cutbacks to the indispensable service that is provided everyday across our nation. I look forward to seeing your commitment to a longstanding agency that will continuously fulfill the public service mission.

Sincerely,

A handwritten signature in black ink that reads "Robert E. Merski".

Robert Merski
Pennsylvania State Representative
