Dear Community Leader:

I am pleased to share the latest edition of the Pennsylvania Grant and Resource Directory. The directory was updated recently and includes new grant programs and opportunities. While the directory is not a comprehensive list of all government programs, it is a snapshot of the popular and helpful state grants and other resources available in our Commonwealth. The working partnerships between state and local governments and community organizations have never been more vital.

If you need more information about a particular program, I encourage you to visit the agency's website for the most up-to-date information or contact my Philadelphia office at (215) 952-3376 or in Delco at (610) 616-2003. Please ensure that you are signed up for my emails and follow me on all social media platforms for the most up-to-date information for our area.

I hope that you find the Pennsylvania Grant and Resource Directory helpful in your good works.

Sincerely,

A handwritten signature in cursive script that reads "Regina Young".

The Basics

1. **Determine your need.** Draft a plan and circulate for input.
2. **Research and find opportunity.** Search or browse websites, catalogs and private foundations for potential grants. This may require some creative thinking. Gather facts and figures to support your need. Often, grant solicitations will describe what they do not want, but will not fully explain what they will accept.
3. **Locate the grant contact person or website.** Once you have identified potential funding sources, inquire with the grant contact to learn the application process and how best to present your request in a way that maximizes the chances of award selection.
4. **Write proposal.** Learn how to write grant proposals and incorporate the decision makers' terms, best interests or focus.
5. **There are seven components to a proposal:**
 - introduction of the organization
 - summary of the project or need
 - problem/needs assessment
 - project objective
 - project design
 - funding needs and project budget
 - project evaluation or review
6. **Review and edit the grant application(s).**
7. **Check regularly.** Keep records, follow up as needed, and thank everyone for their help. Sign up for notifications and check websites weekly for updates and new grant postings.

How Your Representative Can Be of Further Assistance

- Partner or coordinate with local governments or regional groups on a shared goal or goals.
- Direct the applicant to websites, contact persons, and grant writing sources.
- Write letters of support.

Department of Aging www.aging.pa.gov

As the designated state unit on aging, the department upholds the provisions of the Older Americans Act as well as Pennsylvania's Act 70 of 1978. Many programs and services are available through an aging network that consists of 52 Area Agencies on Aging (AAAs), which cover all 67 counties in the Commonwealth. To locate the nearest AAA or senior community center, or for more information on the Department of Aging programs, please visit www.aging.pa.gov.

The department also publishes an annual guidebook called "Benefits and Rights for Older Pennsylvanians," which lists sources of help and information available to older Pennsylvanians. To obtain a copy, contact your representative or senator. The publication is also available online at www.aging.pa.gov.

PA MEDI

Pennsylvania Medicare Education and Decision Insight, PA MEDI, is the Pennsylvania Department of Aging's State Health Insurance Assistance Program (SHIP). Trained counselors provide free, objective information to help Medicare beneficiaries, those nearing Medicare eligibility and their families and caregivers to explore their Medicare choices. The program helps individuals understand their health insurance options in order to make informed decisions about their health care coverage. PA MEDI counselors are thoroughly trained in Medicare and can also provide local, un-biased, personalized information about Medicaid, Medigap, Medicare Advantage Plans, Part D prescription drug plans, financial assistance programs, and long-term care insurance. Counselors also understand Medicare rights and protections and can assist beneficiaries file Medicare appeals. The toll-free PA MEDI Helpline is 1-800-783-7067 Monday-Friday 8AM-5PM. All services are free and confidential. For more information, contact your local Area Agency on Aging or, for general questions, call the department at 717-783-1550 or visit <https://www.aging.pa.gov/aging-services/medicare-counseling/Pages/default.aspx>.

Pennsylvania Caregiver Support Program

The goal of the Caregiver Support Program is to reduce caregiver stress by offering support and financial reimbursement for certain caregiving out-of-pocket expenses ranging from respite care to supplies related to caregiving. Caregivers are assigned a Care Manager from their local Area Agency on Aging who assesses their needs in the caregiving role, provides emotional and educational support including local support groups and technical assistance, and manages financial reimbursement provided to the caregiver. Modifications to the home, such as installation of a chair lift or a wheelchair ramp, or assistance with the purchase of an assistive device may be approved on a case-by-case basis if they are necessary for providing support to the caregiver. Pennsylvania's Caregiver Support Program is designed for individuals who are caring for loved ones who are suffering from an illness or disability that causes a functional deficit which requires assistance, or for a dependent child. The following individuals may qualify for benefits:

- A caregiver age 18 and older who is the primary caregiver for a functionally dependent individual age 60 and older or an individual of any age who has a diagnosis of Alzheimer's disease or related disorder.
- A caregiver age 55 and older caring for an individual age 18-59 who is related by blood, marriage or adoption, with a non-dementia disability.
- A caregiver age 55 and older who is not the biological parent but is the primary caregiver for, and related by blood, marriage or adoption to, a child under the age of 18. For more information, contact your local Area Agency on Aging.

For more information, visit aging.pa.gov or contact your local Area Agency on Aging.

Domiciliary Care (Dom Care)

The Domiciliary Care (Dom Care) program provides a supervised, homelike living arrangement for adults age 18 and older who are unable to live independently in the community. Dom Care homes are certified by the local Area Agency on Aging for three or fewer residents. Area Agencies on Aging match eligible residents to Dom Care providers with consideration of their mutual needs, preferences, and interests. Area Agencies on Aging also provide ongoing care management services to residents and conduct annual Dom Care home inspections. Residents of the Dom Care home receive assistance with self-help activities such as bathing, grooming, and laundry.

Dom Care providers assure the resident receives nutritious meals, transportation to medical appointments, and assistance with self-administration of medication, when needed.

Dom Care providers are typically individuals who open their homes and are willing to provide residents with housing, support, care, and encouragement in a family-like setting. They participate in a certification process to make sure their home meets health and safety requirements. The success of the Dom Care program is dependent upon these nurturing individuals who have the desire to give daily, personalized care and attention to residents and encourage a sense of belonging and independence in their own home.

For more information, visit aging.pa.gov or contact your local Area Agency on Aging.

Health & Wellness Program

The Department of Aging's Health & Wellness Program is designed to educate and enable older Pennsylvanians, through evidence-based programs, to remain healthy and improve their quality of life. The program focuses on key wellness areas, including exercise, nutrition, chronic conditions, falls/injury prevention, medication management and behavioral health. A variety of free health and wellness programs and activities are available in your local community. For more information, contact your local Area Agency on Aging or, for general questions, call the department at 717-783-1550 or go to <https://www.aging.pa.gov/aging-services/health-wellness/Pages/default.aspx>.

Senior Community Centers

Area Agency on Aging-supported Senior Community Centers are community settings that facilitate the social, emotional and physical well-being of older Pennsylvanians as part of a comprehensive and coordinated system of programming and services. They offer a wide variety of activities and services that vary from center to center depending on the needs and desires of the consumers and community being served. The following services are provided at no cost to participants over the age of 60, or spouses of participants accompanied by an eligible participant:

- Nutrition services such as:
 1. Congregate meal services
 2. Nutrition education
 3. Nutrition screening and counseling
- Fitness and well-being classes
- Educational programs for creative instruction, self-enrichment and independent living
- Volunteering opportunities

Senior Community Centers also facilitate access to services that may be available within the local Area Agency on Aging's (AAA's) program service area, such as:

- Providing information, referral and outreach

- Transportation
- Legal and advocacy assistance
- Employment services
- Volunteer services
- Ombudsman services
- Housing and placement services and assistance
- Any other services that may be available in the local community

Modernization of Senior Community Centers

The Department of Aging offers grant opportunities for senior community centers to modernize their facilities and improve their programs and services, consistent with the goals and direction of the State Plan on Aging. The objective is to help senior centers prepare for changing demographics and make them more attractive to a younger aging population. The department issues these funds through a competitive grant process.

Details can be obtained online at www.aging.pa.gov or by calling 717-783-1550.

Nutrition Services

The Department of Aging provides for quality nutrition services to older Pennsylvanians through: senior community center and home-delivered meals, nutrition education and personalized assessments, assistance with applying for Supplemental Nutrition Assistance Program (SNAP), and information and online resources.

Nutritious meals are available to individuals age 60 or older and their spouses at various senior community centers across the state. Meals are available either on location at the center (congregate meals) or they can be delivered directly to eligible individuals who have nutritional needs or are nutritionally at-risk through the Department's OPTIONS Program. Meals are provided free of charge, but participants may give an anonymous donation to help offset the cost of the service.

For local resources, contact your local Area Agency on Aging or go online to www.feedingpa.org. For more information on the department's nutrition programs, call 717-783-1550.

Adult Day Services Centers

Technically known as Older Adult Daily Living Centers (OADLCs), this community-based program provides a protective environment for older adults and adults with a dementia-related disease, offering those who are not capable of full-time independent living an alternative to institutionalization. The Department of Aging inspects and licenses adult day service centers on an annual basis. In addition to performing annual licensure inspections, the department's Division of Licensing provides technical assistance to licensed centers to help them provide quality service to older Pennsylvanians.

For more information or to find out if funding is available to help subsidize the cost of adult day services, please contact your local Area Agency on Aging, go online to www.aging.pa.gov or call 717-214-6716.

Older Adult Protective Services

The Pennsylvania Department of Aging is responsible for the implementation and oversight of the Older Adults Protective Services Act (OAPSA) for adults 60 years of age and over. OAPSA provides services necessary to protect the health, safety and welfare of older adults who lack the capacity to protect

themselves and who are at imminent risk of abuse, neglect, exploitation or abandonment. This law also safeguards the rights of older adults while providing for the detection, reduction, correction or elimination of abuse, neglect, exploitation and abandonment.

The department works closely with the 52 Area Agencies on Aging (AAA), which administer the older adults' protective services program at the local level. The local AAAs are responsible for intake of reports, investigation into allegations of all types of abuse and providing protective services to older adults. Within the department, the Protective Services Office is responsible for conducting quality assurance reviews and providing technical assistance to local protective services programs across the commonwealth.

Reports may be made on behalf of an older adult, whether the individual lives in the community or in a care facility. Any person who believes that an older adult is being abused, neglected, exploited or abandoned may call the 24/7 elder abuse hotline: 800-490-8505. The reporters may remain anonymous and have legal protection from retaliation, discrimination, and civil or criminal prosecution.

For information about the department's Older Adult Protective Services program, call 717-772-4679.

OPTIONS

The Pennsylvania Department of Aging's OPTIONS Program provides services to help Pennsylvanians who are 60 years of age and older to remain in their homes and communities. A comprehensive interview is conducted by the local Area Agency on Aging (AAA) to determine eligibility and identify the consumers' unmet needs. A Care Manager works closely with the consumer to develop a plan of care to address the unmet needs and coordinates the provision of services.

Benefits: OPTIONS Services required to be offered by the AAA include:

- Adult Daily Living Services
- Care Management
- In-Home Meals (home-delivered meals)
- Personal Care Services

Other services which may be offered, at the discretion of the AAA, may include*:

- Emergent Services
- Home Health Services
- Home Modifications
- Home Support
- Medical Equipment, Supplies, and Assistive Devices
- Pest Control - Fumigation
- Personal Emergency Response System
- Specialized Medical Transportation

*Not all services are available in every county.

There are no financial eligibility requirements, however, consumers receiving OPTIONS services may be required to share in the cost of services they receive. The consumer's cost share fee is based upon countable monthly income on a sliding scale. Financial verification is required to receive services.

For more information or to apply for OPTIONS services, contact your local Area Agency on Aging.

Pennsylvania Long-Term Care Ombudsman

Pennsylvania's Long-Term Care Ombudsman Program works to resolve complaints and issues on behalf of individuals residing in long-term care settings, such as nursing homes, assisted-living facilities, and personal-care homes. Ombudsmen empower residents by educating them on their rights under federal and state law and advocate for those who are unable to advocate for themselves, to ensure that they receive the highest quality of care. They also work to bring about change that improves care at the local, state, and national levels.

To contact the Pennsylvania Long-Term Care Ombudsman Program for program details, or to see how you can support your local Ombudsman Program, call the local Area Agencies on Aging (AAAs) or the State Office at 717-783-8975 or by email at LTC-ombudsman@pa.gov.

Pharmaceutical Assistance Contract for the Elderly (PACE)

PACE, PACENET and PACE Plus Medicare are Pennsylvania's pharmacy assistance programs for older adults, offering low-cost prescription medication to qualified residents aged 65 and older. They cover most medications that require prescriptions, including insulin, insulin syringes, and insulin needles. PACE and PACENET are administered by the Pennsylvania Department of Aging and are funded by the Pennsylvania Lottery.

For more information or to apply, call 866-712-2060 or visit www.pacecares.magellanhealth.com/.

Additional department resources for assistance with prescriptions include:

- Pennsylvania Patient Assistance Program Clearinghouse (PA PAP) – The department funds a statewide service center staffed by trained specialists, who can help uninsured and under-insured adults apply for prescription assistance through various programs. Anyone without PACE coverage or government-funded health insurance, including Medicare, can apply by calling 800-955-0989.
- Pennsylvania Prescription Price Finder – Anyone can access this free department-maintained resource that lists local prices on commonly used drugs, local pharmacy listings, information on low-cost generics, and drug information materials. To access the information, simply call 800-835-4080 or visit www.parxpricefinder.com.

Senior Community Service Employment Program (SCSEP)

The Senior Community Service Employment Program (SCSEP) assigns unemployed low-income individuals age 55 and older to part-time community service positions with public and private nonprofit agencies such as social service agencies, public housing facilities, senior centers, public schools, etc. SCSEP strives for participants to obtain an unsubsidized job through the work experience obtained from the community service assignment. Participants usually work an average of 20 hours a week for which they are paid the federal or state minimum wage, whichever is higher.

If you live in Clinton, Erie, Fayette, Greene, Lancaster, Lehigh, Luzerne, Lycoming, Philadelphia, Northampton, Washington, Westmoreland, or Wyoming counties, please contact your local Area Agency on Aging. If you live in a county that's not listed in the previous sentence, please contact the Pennsylvania Department of Aging's SCSEP contractor, The AARP Foundation. In addition to the 7 AAAs and The AARP Foundation that operate SCSEP in the commonwealth through contracts with the Pennsylvania Department of Aging, there are other national organizations that operate the SCSEP Program through direct contracts with the U.S. Department of Labor.

SCSEP participants must be unemployed, age 55 or older, and meet income requirements.

More Information: contact your local Area Agency on Aging.

PA Link to Aging and Disability Resources

The PA Link assists older adults (over 60) and individuals with disabilities by providing information and connecting them to the supports and services they need (non-medical and medical) to live safely in their homes and communities. It is a coordinated network of partners that allows an individual to initiate contact with any PA Link partner and access needed information, assistance, resources, or next step in the process. The No Wrong Door approach attempts to minimize duplication of efforts by both individuals and providers, thereby streamlining access, reducing confusion, preserving resources, and creating a safety net for the most vulnerable.

The PA Link:

- Informs and connects individuals that are aged 60+ and individuals with disabilities to local long term services and support resources.
- Provides objective information and one-on-one assistance to streamline access to community services and supports.
- Diverts individuals from more costly forms of care such as nursing facility and hospital admissions.
- Empowers people to make informed decisions about long-term services and supports, maintaining independence and aging in place.
- Contributes to a one-stop-shop approach to accessing long-term services and supports.

More Information: please call the PA Link Call Center: 800-753-8827.

As the designated state unit on aging, the department upholds the provisions of the Older Americans Act as well as Pennsylvania's Act 70 of 1978. Abandoned Mine Drainage Abatement & Treatment Program (AMDATP)

Act 13 of 2012 (Act of February 14, 2012 (P.L. 87, No. 13) (58 Pa.C.S. §2315(a) and (a.1)(1)(i)) establishes the Marcellus Legacy Fund and allocates funds to the Commonwealth Financing Authority (the "Authority") for abandoned mine drainage abatement and treatment. Abandoned Mine Drainage (AMD) is one of the largest sources of stream impairment in Pennsylvania. Billions of gallons of AMD impair over 5,500 miles of streams within the commonwealth. The overall goal of the AMD Abatement and Treatment Program (AMDATP) is to restore and maintain restored stream reaches impaired by AMD and, ultimately, to remove these streams from the Department of Environmental Protection's (DEP's) Impaired Waters list. This may be accomplished by reclamation of abandoned mine lands to abate AMD and by treating AMD, either passively or actively. Another important goal of this program is to encourage the use of treated AMD for deep well hydrologic fracturing for oil and gas development. The primary focus of these grants is abatement of AMD and/or treatment of AMD through treatment facility system construction. Grants may also be awarded for treatment system repair, upgrade or operation and maintenance of existing passive and active treatment systems. Priority will be given to projects that treat AMD for use in oil and gas drilling operations. Eligibility includes: Municipalities, Councils of Governments, Authorized Organization, Institution of Higher Education, Watershed Organization, For-Profit Businesses.

Act 47 – Municipalities Financial Recovery Act (MFRA)

Act 47 empowers the department to declare certain municipalities as distressed and provides grants and loans through the Financially Distressed Municipalities Revolving Loan Fund to aid in the recovery process. The fund assists municipalities in recovery from conditions which caused them to become financially insolvent. The resources provided by the MFRP are vital to municipalities that experience severe financial distress, to ensure their ability to provide for the health, safety and welfare of their residents. After a municipality is designated as distressed, a recovery plan coordinator, funded by the program, is designated. The coordinator develops a comprehensive fiscal recovery plan for the municipality, assists the municipality to implement the plan and monitors the recovery process. The recovery plan addresses all operational aspects of the municipality and includes strategies to revitalize the local economic base and corresponding tax base through development of effective public-public and public-private partnerships and targeted state funds and action. Loans made under the program are repaid into the Revolving Fund and are then used to make additional loans and grants for other distressed municipalities. Grants are used to implement key recovery plan objectives. Eligibility: Financially distressed local governments.

Alternative and Clean Energy Program (ACE)

The Alternative and Clean Energy Program provides financial assistance in the form of grants and loans that will be used by eligible applicants for the utilization, development and construction of alternative and clean energy projects; infrastructure associated with compressed natural gas and liquefied natural gas fueling stations; and energy efficiency and energy conservation projects throughout the commonwealth. The program is administered jointly by the Department of Community and Economic Development (DCED) and the Department of Environmental Protection (DEP), under the direction of the Commonwealth Financing Authority (CFA). Funds are used to promote the utilization, development and construction of alternative and clean energy projects, plus energy efficiency and energy conservation projects in the commonwealth. Eligibility: Businesses, Economic development organizations, Political subdivisions; includes municipalities, counties and school districts.

Appalachian Regional Commission (ARC)

The commission was established by Congress in 1965 to support economic and community development throughout the Appalachian Region. ARC, as defined in ARC's authorizing legislation, is a 205,000-square-mile region that follows the spine of the Appalachian Mountains from southern New York to northern Mississippi. It includes all of West Virginia and parts of 12 other states: Alabama, Georgia, Kentucky, Maryland, Mississippi, New York, North Carolina, Ohio, Pennsylvania, South Carolina, Tennessee and Virginia. The projects funded in the program areas create thousands of new jobs, improve local water and sewer systems, increase school readiness, expand access to health care, assist local communities with strategic planning and provide technical and managerial assistance to emerging businesses. Eligibility includes: Technical assistance projects, Industrial site development, Local access road, Local government assistance demonstration projects, Acquisition and development business incubator or multi-tenant facilities, Destination or asset-based tourism, and Not-for-profit entities.

Baseline Water Quality Data

Act 13 of 2012 established the Marcellus Legacy Fund and allocated funds to CFA to be used for statewide initiatives to establish baseline water quality data on private water supplies using the Baseline Water Quality Data Program (BWQDP). Ben Franklin Technology Development Authority Technology Development Grant

Technology is broadly defined and consists of industry sectors, including, but not limited to, information technology, life sciences, advanced manufacturing and materials, and alternative energy/environmental technology. Regardless of its form, technology can transform communities, empower citizens, and stimulate business growth. The BFTDA Technology Development Grant (Tech Development Grant) program helps to ensure that all regions of Pennsylvania share in those benefits. The Tech Development Grant program provides grant funding to not-for-profit entities to implement regional or statewide strategies that advance the adoption and use of technology, foster innovation, and support the creation of companies and high-wage, high-skilled jobs to strengthen Pennsylvania's economy.

Ben Franklin Technology Development Authority: Venture Investment Program

The Ben Franklin Technology Development Authority Venture Investment Program (VIP) is a Commonwealth of Pennsylvania initiative intended to address the financing needs of technology-oriented businesses by increasing the amount of risk capital available. The VIP operates pursuant to the statutory authority of the Ben Franklin Technology Development Authority ("BFTDA"). The goal of the VIP is to assist in establishing a technology-based economy within Pennsylvania, allowing Pennsylvania to compete in the global marketplace. Venture Capital Firms possessing the following are eligible: Resources, expertise and intent to invest in companies that are primarily located (or companies that maintain a majority of their business) in PA. Those that target investment sectors that are technology related or high growth oriented (i.e., life sciences, advanced manufacturing, information technology). Focus the majority of their investments in startups that are in seed stage or early stage of development. Those interested in applying need to complete Appendix A and will be issued an invitation to apply if deemed eligible to participate in the program. See guidelines for additional details.

Ben Franklin Technology Partners Challenge Grant Program

The Ben Franklin Technology Partnership is comprised of a network of four independent organizations known as the Ben Franklin Technology Partners. The network serves the commonwealth by playing a major role in promoting and supporting business innovation within the state. The Ben Franklin Technology Partners provide access to capital, business expertise, technology commercialization services and a network of resources in order to advance the development of new technologies. The Challenge Grant Provides funds to businesses through the four Ben Franklin Technology Partners for access to capital, business expertise, technology commercialization services to advance the development of new technologies and for the generation, conservation, and transportation of alternative and clean energy. Eligibility: Ben Franklin Technology Partners, Entrepreneurs, Start-up & early-stage companies, Established companies, Investors, Higher education, Research and BFTP alumni companies.

Building PA

Pennsylvania communities. Funds are awarded to Professional Investment Fund Managers through a Request for Qualification (RFQ) (advertised in Pennsylvania Bulletin), through the Commonwealth Financing Authority. The RFQ criteria includes: demonstrated capacity for serving the Pennsylvania marketplace, including specific geographic areas and/or market segments; expertise in the proposed real estate sector; expertise in range of investments demonstrated by experience and success with previous investments; demonstrated capacity to attract additional investment for projects. Eligibility: Industrial, Commercial and multi-use projects.

Business in Our Sites (BOS) Grants/Loans

The Business in Our Sites Program provides loans for the acquisition and development of key sites for future use by businesses, private developers, and others. The program is administered through the Commonwealth Financing Authority (CFA). The program is intended to provide financial assistance to municipalities and others to prepare sites for future use. Projects which require site development assistance where a business has already committed to locating at a specific site or where a private developer has already committed to locating a facility for a specific user may also seek financial assistance under other appropriate programs administered by DCED. Eligibility: Municipalities, Municipal authorities, Redevelopment authorities, Industrial development agencies, Private developers.

City Revitalization & Improvement Zones

The City Revitalization and Improvement Zone (CRIZ) Program was created by Act 52 of 2013. The Pennsylvania Department of Revenue (Revenue Department), the Pennsylvania Department of Community and Economic Development (DCED) and the Governor's Office of Budget are tasked with administration of the CRIZ Program. These guidelines provide information for municipalities looking to apply to the CRIZ Program. A CRIZ is an area of up to 130 acres, comprised of parcels designated by a contracting authority, which will provide economic development and job creation within a political subdivision. State and local taxes collected within the CRIZ will be used to repay debt service to stimulate economic development projects within the CRIZ. The CRIZ Program also permits one pilot zone to be designated. A pilot zone is an area of not more than 130 acres designated by a contracting authority within a township or borough with a population of at least 7,000 based on the most recent federal decennial census. Program guidelines apply to both zones.

Blight Remediation Program

Section 1726-K (E) of the act of June 28, 2019 (P.L. , No. 20), under the Fiscal Code creates within the Commonwealth Financing Authority (the “Authority”) the Blight Remediation Program for blight remediation, including hazard mitigation, within the commonwealth, and authorizes the Authority to adopt guidelines to ensure that grants are made available to all geographic areas of the commonwealth. Eligible Blight Remediation Program projects must be undertaken by an eligible applicant and include:

1. Planning Projects – These projects involve the development of a comprehensive blight plan. Eligible projects also include code enforcement technical assistance and the completion of reuse feasibility studies on blighted properties.
2. Remediation Projects – These projects involve the acquisition, demolition, and/or rehabilitation of blighted properties or properties affected by natural disasters to also include the clearing and preparing of land for future use and projects resulting in visible improvements. *NOTE: Planning and Remediation projects may not be intermingled. Applications may be submitted for a Planning Project OR a Remediation Project. Eligibility includes: municipalities, councils of governments, land banks, redevelopment authorities, housing authorities, community development corporations, economic development organizations and housing corporations. Planning grant requests/ awards may not exceed \$25,000 and remediation grant requests/awards may not exceed \$300,000. Projects require a 10% cash match of the total eligible project cost.

Building PA

The program provides mezzanine capital for developers of real estate assets in small to mid-sized Pennsylvania communities. Funds are awarded to Professional Investment Fund Managers through a Request for Qualification (RFQ) (advertised in Pennsylvania Bulletin), through the Commonwealth Financing Authority. The RFQ criteria includes: demonstrated capacity for serving the Pennsylvania marketplace, including specific geographic areas and/or market segments; expertise in the proposed real estate sector; expertise in range of investments demonstrated by experience and success with previous investments; demonstrated capacity to attract additional investment for projects. Eligibility: Industrial, Commercial and multi-use projects.

Business in Our Sites (BOS) Loans

The Business in Our Sites Program provides loans for the acquisition and development of key sites for future use by businesses, private developers, and others. The program is administered through the Commonwealth Financing Authority (CFA). The program is intended to provide financial assistance to municipalities and others to prepare sites for future use. Projects which require site development assistance where a business has already committed to locating at a specific site or where a private developer has already committed to locating a facility for a specific user may also seek financial assistance under other appropriate programs administered by DCED.

Who Can Apply: Municipalities, redevelopment authorities, municipal authorities, industrial development

authorities and private developers.

Use: For the acquisition and development of key sites for future use by businesses, private developers, and others. Funds must be used on previously utilized or undeveloped sites which demonstrate substantial likelihood of future use after the property is made shovel ready. The program is designed to create an inventory of shovel-ready sites so projects must be speculative.

Funding Source: Business In Our Sites Program Account - loan repayments

Funds: Grants and loans. No maximum or minimum loan amount. However, the amount of the grant may not exceed \$4,000,000 or 40% of the total combined grant and loan award, whichever is less. Private developers are only eligible for loans.

REGIONAL OFFICES

The Department of Conservation and Natural Resources (DCNR) Bureau of Recreation and Conservation (BRC) provides a single point of contact for communities and nonprofit conservation agencies seeking state assistance through its Community Conservation Partnerships Program (C2P2) in support of local recreation and conservation initiatives. This assistance can be in the form of grants, technical assistance, information exchange and training. All of DCNR's funding sources are combined into one annual application cycle (generally early spring), and there is a single application format and process with one set of requirements and guidelines. Some C2P2 applications are selected for funding through the Federal Land and Water Conservation Fund Program or the Pennsylvania Recreational Trails Program, which require some supplemental information to address federal requirements. To obtain assistance, contact one of DCNR's BRC six Regional Offices.

Please refer to the website at <https://www.dcnr.pa.gov/Communities/Grants/Pages/default.aspx> for grant specifics and up-to-date information on each grant program.

Community Parks and Conservation

Community Parks and Conservation grants are awarded to municipalities and authorized nonprofit organizations for community recreation, park and conservation projects. These include planning for comprehensive recreation, park open space and greenway plans; land conservation and stewardship plans; swimming pool and indoor recreation facility feasibility studies; master site development plans; land acquisition for active or passive parks and conservation purposes; and new development and rehabilitation of parks and recreation facilities. Most projects require a 50% match, which can include a combination of cash and/or non-cash values.

More information can be obtained at <https://apps.dcnr.pa.gov/grants/>

Land Trust Projects

Land Trust grants are awarded to pre-qualified land trusts and conservancies to fund projects for open space and natural areas planning and acquisition. Priority is given to protecting critical habitat; creating connections to other natural, cultural, historic or recreational areas; protecting and enhancing water resources; and protecting climate-resilient landscapes. These grants require a 50% match via either cash or a land donation of equal non-cash values.

More information can be obtained at <https://apps.dcnr.pa.gov/grants/>

Partnerships Grant Program

State and regional partnerships grants are available to advance Pennsylvania's Statewide Comprehensive Outdoor Recreation Plan, Pennsylvania's Heritage Areas Program and the conservation landscape program. Partnerships program categories include: education and training activities; special purpose planning; implementation projects; and mini-grant programs. Match is based upon the funding source and level of available funding.

More information can be found at <https://apps.dcnr.pa.gov/grants/>

Community Conservation Partnerships Program (C2P2)

Who May Apply: Counties, municipalities, municipal agencies, nonprofit organizations, state heritage areas, prequalified land trusts, for-profit enterprises (for some grant types).

Uses: Planning, acquisition, and development of public parks, pools, indoor recreation facilities, playgrounds, motorized and walking trails, river conservation and access, stream buffers, open space conservation, and regional and statewide partnerships.

Funds: Most programs require a minimum cash or noncash matching contribution from the applicant that is equal to 50 percent of the project cost.

Funding Source: Multiple State and Federal Sources

Deadline: **Annually January to April.** It is highly suggested that applicants speak with their DCNR

Regional Advisor prior to applying:

http://elibrary.dcnr.pa.gov/GetDocumentdocId=1753442&DocName=d_001184.pdf

Pennsylvania Recreational Trails (PRT) Program

Grants are awarded to federal and state agencies, municipalities, nonprofit and for-profit organizations to assist with the construction, rehabilitation and maintenance of trails and trail-related facilities, the purchase or lease of equipment for maintenance and construction, and the development of educational materials and programs for both motorized and non-motorized recreational trails. These grants require a minimum 20% match, which can include a combination of cash and/or non-cash values.

More information can be found at http://www.docs.dcnr.pa.gov/cs/groups/public/documents/document/d_001241.pdf

Trails Program

Grants are awarded to municipalities and nonprofit organizations to assist with planning, acquisition of land, construction, rehabilitation and maintenance of trails and trail-related facilities. For the purposes of this program, trails are defined as a designated land or water corridor with public access that provides recreation and/or alternative transportation opportunities to motorized and/or non-motorized users of all ages and abilities. To be considered a “trail project,” at least 75% of the total project cost must be related to trail activities and/or trailside facilities. These grants require a minimum of a 50% match, which can include a combination of cash and/or non-cash values. <https://apps.dcnr.pa.gov/grants/>

Rivers Conservation

The purpose of this funding is to develop or implement watershed/river-corridor conservation plans. Priority is given to applications that propose the implementation of recommendations from river or watershed plans on the Pennsylvania Rivers Registry. The bureau will consider early implementation development projects for funding in watersheds not linked to a Rivers Conservation Plan if the project can stand on its own merits and presents a significant and/or unique opportunity that connects communities to their rivers and advances the goals of the Rivers Conservation Program. These grants require a minimum of a 50% match, which can include a combination of cash and/ or non-cash values.

More information can be found at www.dcnr.state.pa.us/brc/conservation/rivers/riverresourceprogram/riversconservation/index.htm

Snowmobile Projects

Who May Apply: Municipalities, nonprofits, and for-profit organizations.

Use: Planning, land acquisition, development, rehabilitation, maintenance, equipment, and educational programs related to ATV and/or snowmobile trails and facilities.

Funds: No match required. However, applications that provide match funding will be given additional consideration.

Funding Source: Grant funding comes from ATV and Snowmobile registrations in the Snowmobile Management Restricted Account authorized by Act 97 of 2016.

More Information: Click on <https://apps.brcgrants.dcnr.pa.gov/> and choose “Grant Opportunities” and then “All-Terrain Vehicle and Snowmobile.”

All-Terrain Vehicle (ATV) Projects

Who May Apply: Municipalities, nonprofits, and for-profit organizations.

Use: Planning, land acquisition, development, rehabilitation, maintenance, equipment, and educational programs related to ATV and/or snowmobile trails and facilities.

Funds: No match required. However, applications that provide match funding will be given additional consideration.

Funding Source: Grant funding comes from ATV and Snowmobile registrations in the Snowmobile Management Restricted Account authorized by Act 97 of 2016.

More Information: Click on <https://apps.brcgrants.dcnr.pa.gov/> and choose “Grant Opportunities” and then “All-Terrain Vehicle and Snowmobile.”

Circuit Rider

BRC provides financial assistance for county, regional or multi-municipal organizations to hire a professional full-time recreation and/or conservation staff person. The Circuit Rider’s purpose is to coordinate, compliment, initiate and expand new programs and services either countywide or across multiple municipalities that individually do not have the financial resources to hire a professional staff person. The intended result of such a hiring is the increased ability of county and local officials to more efficiently and effectively meet their recreation, and conservation needs. The project encourages intergovernmental cooperation through a written agreement that enables communities and organizations to pool their financial resources to support the fulltime professional staff person.

More information can be found at <https://apps.brcgrants.dcnr.pa.gov/>

Peer Grants

Peer grants are awarded to help municipalities improve their park, recreation and conservation services through a collaborative process. Projects are accomplished through contracts with experienced park, recreation and conservation professionals from nearby communities who will work closely with local leaders. Examples include projects that form new intergovernmental recreation and park agencies; improving management of a specific facility like a community center, trail or pool; conducting an overall management assessment of an agency’s park and recreation services; park and recreation board training and development, etc. The applicant must provide at least a 10% local cash match. Non-cash match is not accepted for peer-to-peer projects.

More information can be found at <https://apps.brcgrants.dcnr.pa.gov/>

Volunteer Fire Assistance Grant

Who May Apply: Local firefighting entities in rural areas or communities with fewer than 10,000 residents.

Use: To support training and equipment purchases directly related to fighting brush and forest fires.

Funding Source: Federal Funds

Funds: Grants up to \$12,500

Application Deadline: May 11, 2023

More Information: Click on <https://apps.dcnr.pa.gov/grants/>

Bureau of Forestry Grants

This grant provides financial and technical assistance to state foresters in cooperative efforts to organize, train and equip local forces in rural areas or communities with a population under 10,000 to prevent, control and suppress fires that threaten human life, livestock, wildlife, crops, pastures, orchards, woodlands, farmsteads or other improvements in rural areas. The key objective of this program is to save lives and protect property in unprotected or inadequately protected rural areas.

WILD RESOURCE CONSERVATION PROGRAM (WRCP)

Wild Resource Conservation Program – The Wild Resource Conservation Program awards grants for biodiversity research, conservation and education. While the exact grant priorities vary from year to year, the focus is on research and conservation needs of Pennsylvania's native flora and non-game wildlife.

Who May Apply: Counties, municipalities, educational institutions, 501(3) (c) nonprofits, conservation districts, municipal authorities, individuals, state government agencies and for-profit businesses.

Use: Field research and on-the-ground conservation projects that protect Pennsylvania's non-game animals, native plants and their habitat. Grant applications will be accepted in three areas: species surveys, conservation and management. Among this year's grant priorities are surveys and projects focusing on edible and medicinal plants, effects of fire management on wildlife, the checkered sculpin fish, and plant genetics.

Funding source: Wild Resources Conservation Fund

Funds: Program will fund no more than 75% of a project's total cost. 25% match required – can be cash or in-kind services.

Coldwater Conservation Planning & Implementation Grants

The Coldwater Heritage Partnership is a collaborative effort between the Pennsylvania Fish and Boat Commission (PFBC), Pennsylvania Department of Conservation and Natural Resources (DCNR)*, Pennsylvania Council of Trout Unlimited (PATU), and the Foundation for Pennsylvania Watersheds (FPW).

The purpose of the Coldwater Heritage Partnership (CHP) is to provide leadership, coordination, technical assistance, and funding support for the evaluation, conservation, and protection of Pennsylvania's coldwater streams. For more information on the CHP program please visit www.coldwaterheritage.org.

Grants will be awarded to develop a Coldwater Conservation Plan or implement projects recommended in an existing Coldwater Conservation Plan (or similar document) to protect Pennsylvania's coldwater streams. Grants of up to \$7,500 will be awarded toward planning projects, while up to \$10,000 will be awarded toward implementation projects.

Eligibility: Eligible applicants include the following: 501(c)3 non-profit organizations, conservation districts, counties, and municipalities. Organizations which do not have non-profit status in Pennsylvania must identify a 501(c)3 non-profit organization that will administer the finances for the grant (a pass-through organization). Grantees or their pass-through agent must provide proof of 501(c)3 status AND be registered with the Pennsylvania Bureau of Charitable Organizations.

Funding Source: DCNR funding is made possible through the Community Conservation Partnership

Program.

Department of Drug and Alcohol Programs (DDAP)

<https://www.ddap.pa.gov/Pages/default.aspx>

Pennsylvania's Department of Drug and Alcohol Programs (DDAP) was created under [Act 50 of 2010](#). In July 2012, DDAP (formerly under the Department of Health) became a department. This change reflected a strong commitment provide education, intervention, treatment, and recovery support programs to reduce drug and alcohol dependency.

The department's mission is to engage, coordinate and lead the Commonwealth of Pennsylvania's efforts to prevent and reduce drug, alcohol, and gambling addiction and to promote recovery, thereby reducing the human and economic impact of the disease.

DDAP allocates state and federal grant monies to the 47 drug and alcohol offices statewide, also known as Single County Authorities (SCAs). SCAs coordinate access to treatment, case management, and recovery support services at the local level.

DDAP is currently under the leadership of Secretary Jennifer Smith, who was first appointed in March 2018 and reappointed in April 2019 under Governor Tom Wolf's second term.

If you need assistance in finding a treatment provider or funding for SUD treatment, please call DDAP's Get Help Now Hotline, 1-800-662-HELP (4357), which is operated 24 hours a day, 365 days a year. You may also contact your local county drug and alcohol office.

Funding and Grants Process

DDAP provides treatment funding to the SCAs for individuals who are uninsured and underinsured.

Licensed drug and alcohol treatment providers may contact their local SCA to find out if any grant opportunities are available in addition to contacting DDAP Press Office to join the listserv to receive up-to-date announcements on funding opportunities.

Competitive Grant Process

A general overview of the standardized process DDAP follows when issuing, reviewing, and rewarding competitive grants to applicants is available by going to ddap.pa.gov, clicking on the Funding icon, then clicking on the Funding Opportunities button.

Information is available on:

- the review and scoring process.
- the approval process.
- notification of an award.

Federal Application Requirements

As of April 2022, the federal government stopped using the Data Universal Numbering System (DUNS) number to uniquely identify entities. Entities doing business with the federal government will now use a Unique Entity Identifier (UEI) which is created in the System for Award Management (SAM). The SAM can be located at SAM.gov. This transition allows the government to streamline the entity identification and validation process, making it easier and less burdensome for entities to do business with the federal government.

Dual Credit Grant 2022-2023

Background and Guidelines

Effective with the 2022-23 school year, Pennsylvania law ([24 P.S. § 15-1525](#)) requires school entities to enter into agreements with IHEs approved to operate in Pennsylvania to allow students to earn college-level credit prior to graduating high school. These agreements are referred to as dual credit agreements because credit is earned at both the secondary school and the IHE. In accordance with section 1525 of the Pennsylvania School Code ([24 P.S. § 15-1525](#)) all school districts, area career and technical schools, charter schools, cyber charter schools and regional charter schools must enter into at least one agreement with an institution of higher education (IHE) approved to operate in the commonwealth that allows secondary school students to attend the IHE while the students are enrolled in the school entity. A school entity may have agreements with more than one IHE; IHEs may have agreements with more than one school entity.

To support school entities with meeting these requirements and to increase access to dual credit coursework statewide, the PDE Division of Instructional Quality will award up to \$6.5 million in state funds to eligible school entities through a competitive grant process to create or expand dual credit programs.

Eligibility

Eligible proposals will focus on addressing the goal of the Dual Credit grant which is to create or expand equitable and innovative dual credit opportunities for all secondary school students, all students enrolled in the school entity, including students experiencing educational instability, students enrolled in career and technical education programs, low-income students, and historically underserved student groups. Specifically, consideration will be given to proposals that include (but are not limited to) any of the following:

1. Creation or expansion of a dual credit program whereby secondary school students receive credits at or through an IHE approved to operate in the commonwealth and wherein credits earned by secondary school students are the same as those offered to postsecondary school students enrolled an IHE.
2. Creation or expansion of a dual credit program whereby secondary school students may use the credits earned at an IHE toward the completion of courses required for graduation at the school entity.
3. Creation or expansion of a dual credit program wherein courses are offered in-person, online, or a combination of in-person and online.
4. Creation or expansion of a dual credit program wherein the school entity pays for the tuition, fees, supplies, and/or other costs related to the secondary school student's enrollment in courses at an IHE.

5. Creation or expansion of opportunities for the school entity's teachers to become appropriately credentialed by an IHE to teach or facilitate IHE courses for secondary students, including completing coursework and/or professional development as required by an IHE for credentialing.
6. Expansion of the number of agreements with IHEs that offer dual credit opportunities to secondary school students. Funds received through this dual credit grant may be used to offset out-of-state IHE registration and approval fees [see approval process].

For the purposes of this grant application, expansion of a dual credit program includes, but is not limited to, the following:

1. Increasing the number of courses offered for dual credit with an approved IHE;
2. Increasing the number of students participating in dual credit opportunities, including students experiencing educational instability, students enrolled in career and technical education programs, low-income students, and historically underserved student groups;
3. Augmenting the modality or location of course offerings, to include on-line courses, hybrid courses, courses at the school entity, or courses at the IHE.

Funding

- Eligible grantees may receive a total award amount up to \$75,000 for expenditures realized between August 1, 2022, and June 30, 2024. Awards are contingent upon available funding.
- Funds may be expended only for purposes identified in the proposal and approved by the Division of Instructional Quality. Funds expended beyond those identified and approved will not be reimbursed.
- Applicants may request up to \$75,000. The Department reserves the right not to review applications whose request exceeds \$75,000.
- Funds must be used in accordance with the criteria identified in section 1525 of the Pennsylvania School Code (24 P.S. § 15-1525) and fulfill the requirements of the guidelines set forth in this request for application.
- Funding is not guaranteed. All grants are competitive and reviewed based on meeting the application requirements, statutory priorities, and scoring rubrics.

Eligible Expenses

Due to limited funding, only items directly related to eligible programs and activities covered in this request for application will be funded by the Dual Credit grant. Grant funds paid to the school entity may not be used for direct salaries or fringe benefits. All budgets will be reviewed to evaluate appropriateness and connection to proposed grant activities and goals.

Award and Disbursement of Funds

Grant awards are projected to be announced in March 2023. Grantees will subsequently be required to sign a grant agreement with the Division of Instructional Quality. Expenditures to be reimbursed under the grant will be retroactive to August 1, 2022. All grant funds must be expended by June 30, 2024.

The PDE Division of Instructional Quality will seek repayment of funds if it determines that funds were not utilized for the original stated and approved purpose. All unused grant funds must be returned to the Division of Instructional Quality with the final report.

Application

Eligible school entities interested in applying must first indicate their interest between **Friday, February 17, 2023**, and **Friday, February 24, 2023**, by completing the [form noted in the RFA](#).

Eligible school entities, who indicate interest, will receive access to the grant application in eGrants. The application submission window will open at 12:00 AM on **Monday, February 27, 2023**, and will close at 11:59 PM on **Friday, March 10, 2023**.

Teacher and Principal Residency Programs

2020-21

The Pennsylvania Department of Education (PDE) has awarded \$808,144 in grants to four universities to support programs that increase and retain the number of qualified school leaders serving the commonwealth’s public schools.

This year’s round of grants will ensure equitable expansion of one of the nation’s most aggressive clinical residency initiatives. This is the third year of funding for the year-long residency programs principals. The following is the list of 2020-21 Innovative Principal Residency grant recipients.

Implementation/Expansion Grant Awards – This funding may be used to provide financial support to principals who undergo a full year of clinical experience before earning their administrative certification.

Principal Residency:

- Lehigh University, Allentown- \$241,560
- Millersville University, Millersville - \$249,046
- University of Pennsylvania, Philadelphia - \$117,538
- Temple University, Philadelphia - \$200,000

Information on Teacher Residency Grants will be posted if funds become available. No competition is currently scheduled for Teacher Residency Grants.

It's On Us PA

It's On Us PA is a statewide campaign that invites everyone to play a role in ending sexual assault. Building off the momentum of the national [It's On Us](#) movement, It's On Us PA brings together college and university presidents, superintendents, administrators, teachers, students, families, and community members to reframe the conversation around sexual violence and pledge to be part of the solution.

Take the Pledge

Take the It's On Us PA pledge to help keep people safe from sexual assault. This personal commitment is a promise to be a part of the solution to the problem - not a bystander. It's On Us to:

- recognize that non-consensual sex is sexual assault.
- identify situations in which sexual assault may occur.
- intervene in situations where consent has not or cannot be given.
- create an environment in which sexual assault is unacceptable and survivors are supported.

Grants

On December 10, 2021, nearly \$1 million in grants were announced to combat campus sexual assault at 34 colleges and universities across the state, listed below. Since 2016, the Wolf Administration has awarded 225 It's On Us PA Grants totaling nearly \$6 million to post-secondary institutions across the state - including public and private two-year and four-year colleges and universities.

For access to the [eGrants](#) system and the related grant opportunities, prospective applicants should complete the [eGrants Request Form](#). Please note that the person completing the grant application must have signatory authority to negotiate grants and contracts for the institution and be able to upload documentation into the eGrants system. Institutions with eSign ability in eGrants will be able to utilize this feature to complete the application.

Act 16 of 2019 (Article XX-J)

On June 28, 2019, Governor Tom Wolf signed into law Act 16 of 2019 (Act 16) which added Article XX-J to the Pennsylvania Public School Code of 1949. Building on the It's On Us PA initiative, this law includes statutory requirements for addressing sexual assault at postsecondary institutions in Pennsylvania that award an associate degree or higher. The Governor also signed a law establishing protection for students reporting sexual assault from being disciplined for violating school drug, alcohol or other policies. Act 55 of 2022 (Article XX-G)

On July 8, 2022, Governor Tom Wolf signed Act 55 of 2022 (Act 55) into law, amending Article XX-G of Pennsylvania Public School Code of 1949. Effective the 2022-23 school year, all institutions of higher education (institutions) and postsecondary private licensed schools (schools) must adopt a definition of consent as part of their code of conduct or sexual misconduct or harassment policy. By December 31, 2022, each institution and school must enter into (or update at the next renewal) and maintain a

memorandum of understanding with at least one rape crisis center and one domestic violence program, and by July 1, 2023, institutions must establish and implement an educational program, in consultation with at least one local rape crisis center and one domestic violence program, that includes sexual violence, dating violence, domestic violence, and stalking education prevention and response. PAsmart

Pennsylvania's future depends on the development of a highly skilled workforce able to compete in the global economy.

Over the next decade, most good paying jobs in Pennsylvania will require some form of education or training after high school, especially in the fast-growing fields of STEM and computer science. However, we know a one-size-fits-all approach to education and training will not work for everyone.

To expand access to STEM and computer science teaching and learning, and to help ensure students across Pennsylvania have the skills and abilities to meet the economic needs of the 21st century, [PAsmart initiative](#) was launched.

PAsmart strategically invests resources in education and training opportunities to support Pennsylvania's economic growth now and in the future.

PAsmart Grants

Since 2018, the Wolf Administration has secured \$60 million and strategically invested in education and workforce development through PAsmart. The [Pennsylvania Workforce Development Board](#) provided initial recommendations and approved the framework for the funding priorities.

Targeted and Advancing PAsmart grants support high-quality STEM and computer science learning and professional development opportunities to communities across Pennsylvania, including within early learning centers, libraries, out-of-school time providers, career and technical centers, post-secondary institutions, and K-12 schools. The department awarded a total of 438 PAsmart grants since the 2018-19 school year.

Targeted Grants

Up to \$35,000 each, these grants are structured to meet the needs of LEAs and their schools that currently have limited to no CS/STEM offerings. There are two funding options:

- **Option 1:** LEAs may request funding to send teams of educators and administrators to PDE-designed professional development (see Appendix A), which is aligned to the [CSTA standards](#) and the [K-12 Computer Science Framework](#).
- **Option 2:** LEAs may request funding to support alternative professional learning by an expert STEM/CS institution. The alternative professional learning must incorporate evidence-based approaches and be aligned to the [CSTA standards](#) and the [K-12 Computer Science Framework](#).

Prerequisite: All PAsmart Targeted Grant recipients will be required to engage in a 1-day comprehensive planning workshop on SCRIPT, a comprehensive planning tool for computer science education.

[View a list of PAsmart Targeted Grant recipients.](#)

[Access information and resources on PAsmart K-8 and 7-12 Targeted Grant Pathways delivered by PaTTAN.](#)

Advancing Grants

Up to \$500,000 each, these grants are designed to support broad, cross-sector partnerships that are using ecosystem or networked approaches to:

- expand access to CS/STEM education and promote inclusion (especially for historically underserved students and communities) through learning experiences such as integrative CS/STEM experiences, standalone CS/STEM courses, out-of-school learning, dual enrollment, industry credentials, work-based learning, internships, and apprenticeships;

- expand and diversify the number of CS/STEM educators at all education levels.

Advancing Grants will support partnerships that operate on a larger scale and provide quality CS/STEM experiences to learners of any age (early childhood, preK-12, postsecondary, and adult learners) as part of a high-level strategic approach to CS/STEM workforce readiness.

Please email: RA-EDPAsmart@pa.gov for all inquiries about current or future PAsmart grants from PDE. Targeted Grant recipients, please continue to email PAsmart@pattan.net.

Safe Schools Targeted Grants

The Pennsylvania Department of Education's (PDE) Office for Safe Schools offers four types of targeted safety grants: equipment and/or program grants of up to **\$50,000**; IU Nonpublic equipment and/or program grants of up to **\$50,000**; School Police Officer (SPO) grants of up to **\$75,000**; and School Resource Officer (SRO) grants of up to **\$75,000**. Each of the grants aims to assist schools in:

- Reducing unnecessary student disciplinary actions and promoting an environment of greater productivity, safety, and learning; and
- Enhancing anti-violence efforts between schools and parents, local governments, law enforcement and community organizations.

PDE's program is separate from the School Safety and Security Grant program administered by the Pennsylvania Commission on Crime and Delinquency (PCCD).

IMPORTANT APPLICATION INFORMATION: Applicants must register with eGrants [Register for eGrants](#) in order to submit an application.

The deadline for submissions is November 14, 2022 at 11:59pm. No exceptions will be made.

Teacher in the Workplace

The Teacher In The Workplace grant program helps connect educators with local business leaders and employers, bridging the gap between the classroom and industry.

Through this program, kindergarten through postsecondary educators, counselors, and administrators learn more about industry trends, needs, and opportunities – which supports and enhances college and career preparations in classrooms across Pennsylvania.

Grants

Teacher in the Workplace grants provide the opportunity for eligible organizations – in partnership with their Local Workforce Development Board – to develop and/or implement Teacher in the Workplace programs.

On January 6, \$2.2 million in Teacher in the Workplace grants had been awarded to 92 local education agencies (LEAs) to enable teachers to visit local employers and learn the skills and industry trends to enhance their classroom instruction, student learning, and career readiness. Each LEA will receive a \$25,000 Targeted Grant. [Learn more about these grants and view a list of the recipients.](#)

Troops to Teachers

“Pennsylvania has a proud military heritage and is home to many tremendous veterans who want to continue serving their community. The Troops to Teachers program is a great way for veterans to bring their knowledge and skills to our classrooms, which benefits veterans and our students.” - Governor Tom Wolf

Under Pennsylvania’s Troops to Teachers program, veterans who are interested in pursuing a career in teaching are provided with counseling services on teacher education requirements and programs, as well as guidance around the teacher certification process and referrals to employment opportunities. In some cases, veterans are eligible for bonuses if they choose to teach in a high-need school. Veterans who are interested in the program must register online at [Troops to Teachers](#).

The Lyceum Group LLC has been contracted to manage the Troops to Teachers PA Regional Partnerships and to carry out activities related to counseling and referral of eligible veterans expressing an interest in becoming certified to teach in elementary and secondary schools in PA. Veterans may seek counseling and referral related to certification preparation programs in all PA subject areas and to job placements by emailing tttpennsylvania@j2tinfo.com. In addition, [Certification Services](#) at the Pennsylvania Department of Education [offers assistance by telephone, chat, and email](#).

Troops to Teachers PA Regional Partnerships were established under the 2017-18 Defense Activity for Non-Traditional Education Support (DANTES) Troops to Teachers grant, with [Slippery Rock University](#) as the lead. This partnership designed a post-baccalaureate certification pathway for veterans who have foundational skills in math, science, and/or world languages. The 12-month pathway to certification involves placement in a high-need school with a coaching mentor to teach in a critical subject shortage area. Veterans interested in becoming certified in secondary mathematics, secondary sciences, or PK-12 world languages by participating in this program may contact the [TTT PA Regional Partnerships Program at Slippery Rock University](#) or the PA project coordinator at tttpennsylvania@j2tinfo.com.

On May 24, 2018, Governor Tom Wolf announced that his administration had secured a \$1.6 million, 5-year Troops to Teachers grant to recruit and help military veterans who are considering a career in teaching. [Read more about Wolf’s announcement.](#)

If your environmental improvement project needs funding, DEP can help. DEP offers 40 grant and rebate programs to support a range of projects to improve or protect the water, land, and air in Pennsylvania.

[Watch a recording of our webinar, “DEP Grants 101: Basics for First-Time Applicants Who Want to Make Their Environmental Project Happen.”](#) December 2, 2021

If you have an idea for an environmental improvement for your community or business, let DEP help you make it happen with grant funding. A DEP grant can help your organization, municipality, business, or farm be more energy efficient, restore your local stream, reduce erosion, prepare for climate change, help lower air pollution, or teach kids or adults about environmental challenges and solutions.

Your scope may be your local community. It may be statewide. Your focus may be as broad as climate change or as specific as LED lighting installation. Your project might need a little funding, or a lot. Whatever your project parameters, one of our funding programs may be able to help. Over decades, DEP has supported many thousands of environmental projects across the state through widely recognized grant programs, such as Growing Greener, and also more specialized programs.

The majority of funding programs support projects by schools, nonprofit organizations, and government agencies. We also have six programs that support businesses small and large, and for residents, the popular Alternative Fuel Vehicle Rebate supports the purchase of clean-energy cars and trucks. In addition, some programs give extra consideration to applicants in environmental justice areas.

Programs accept applications at different times throughout the year. Most applications are submitted online through the [Pennsylvania Electronic Single Application](#) system. Use this list to find information on application periods, eligibility, where to apply, and other details for all grant programs managed by the DEP Grants Office. For more general questions, call the Grants Office at (717) 705-5400.

Grants to Residents

Alternative Fuel Vehicle Rebate—for clean energy vehicle choices

DEP will offer an opportunity to Pennsylvania residents to apply for a rebate when they purchase a new alternative fuel vehicle (AFV). The [Alternative Fuel Vehicle Rebate Program](#) was established under ACT 178 of 2004 to help reduce Pennsylvania’s dependence on imported oil and to improve the environmental quality by using alternative fuels. Rebate request must be submitted no later than six months after the vehicle is purchased. The rebate will be offered on a first come-first served basis if funding is available.

Eligible Applicants: Pennsylvania Residents

Grants to Businesses

Agriculture Energy Efficiency Rebate Program

DEP is offering rebates to Pennsylvania agricultural producers for energy efficiency projects. Rebates are available for:

- LED lighting (interior or exterior)
- Variable frequency drives for milk vacuum pumps
- Variable frequency drives for ventilation fans

Eligible Applicants: Farmers who are commercial agriculture produces who conduct normal farming operations in Pennsylvania. [See program guidelines.](#)

Alternative Fuel Incentive Grant—for clean energy vehicles and fueling infrastructure

DEP is offering grant funding for clean, alternative fuel projects in Pennsylvania and investment in Pennsylvania's energy sector. DEP receives approximately \$5 million in funding each year through the utilities gross receipts tax collected during each fiscal year to carry out the provisions of the Alternative Fuels Incentive Act. The primary goals of the [Alternative Fuels Incentive Grant Program \(AFIG\)](#) are to improve Pennsylvania's air quality and reduce consumption of imported oil through the use of homegrown alternative fuels that will help the Commonwealth's economy and environment.

Eligible Applicants: School Districts, Municipal Authorities, Political subdivisions, Incorporated nonprofit entities, Corporations, Limited liability companies or partnerships registered to do business in the Commonwealth.

COVID 19 Pennsylvania Energy Development Authority Restart Grants

[The purpose of this grant program is to offer aid in recovery to COVID-19](#) by providing an opportunity to apply for funding for clean, advanced energy projects, as well as for businesses conducting manufacturing or production operations in Pennsylvania. Projects may include the manufacturing of alternative energy or energy efficiency equipment or materials; the development and deployment of innovative, clean, advanced and efficient technologies; the generation of alternative energy or the production of alternative fuels; or the implementation of energy efficiency/demand side projects.

Driving PA Forward—for clean energy transportation and fueling infrastructure to replace old diesel

Driving PA Forward – DC Fast Charging & Hydrogen Fueling Grant Program

This is a competitive grant program that provides funding for new, publicly accessible DC Fast Charging and Hydrogen Fueling projects built in strategic locations in PA and designed to supply light duty vehicles. Grant funding is available for up to 70% of project costs, capped at \$500,000 per award for hydrogen fueling projects and \$250,000 for DC fast charging projects. This program is part of the [Driving PA Forward](#) suite of financial incentive programs utilizing funds from the VW settlement to improve Pennsylvania's air quality.

Eligible Applicants: [See program requirements.](#)

Driving PA Forward – Electric Cargo Handling Grant Program

The Electric Cargo Handling Grant Program is a competitive grant program that provides funding for the repower or replacement of diesel-powered: forklifts (with a lift capacity of greater than 8,000 pounds), Tier 0-2 airport ground support equipment, and port cargo handling equipment. Eligible vehicles must be scrapped and replaced with the same equipment in an all-electric form. Grant funding is available for up to 60% of project costs for government applicants and up to 40% for non-government applicants. This program is part of the Driving PA Forward suite of financial incentive programs utilizing funds from the VW settlement to improve Pennsylvania's air quality.

Eligible Applicants: [See program requirements.](#)

Driving PA Forward – Level 2 EV Charging Rebate

This program provides rebates for new Level 2 Electric Vehicle Charging projects to be installed in public spaces, workplaces, and multi-unit dwellings. Rebates up to \$4,500 per plug are available, though final rebate amount is based upon the project characteristics, cost, and location. The application period is rolling

and applications are reviewed on a first-come, first-served basis. Successful applicants are issued a 180-day voucher, which can be redeemed for the approved rebate amount upon successful completion of the project and submittal of required documentation. This program is part of the Driving PA Forward suite of financial incentive programs utilizing funds from the VW settlement to improve Pennsylvania's air quality.

Eligible Applicants: [See program requirements.](#)

Driving PA Forward – Marine and Rail Freight Movers Grant Program

This is a competitive grant program that provides funding to (1) repower or replace diesel-powered, pre-Tier 4 freight switcher locomotives, that operate 1,000 hours or more per year, with any new EPA or CARB-certified diesel, alternative fuel, or all-electric engine, or (2) repower or upgrade unregulated, Tier 1 or Tier 2, diesel-powered marine engines in ferries or tugboats with an EPA Certified Remanufactured system or an EPA Verified Engine Upgrade. Grant funding is available for up to 60% of eligible project costs (up to 80% for electric projects), with no maximum dollar amount per award. The program is part of the Driving PA Forward suite of financial incentive programs utilizing funds from the VW settlement to improve Pennsylvania's air quality.

Eligible Applicants: [See program requirements.](#)

Driving PA Forward – Ocean Going Vessel Shorepower Grant Program

The Ocean-Going Vessel Shorepower Grant Program is a competitive grant program that provides funding for the purchase and installation of eligible dock-mounted, containerized, or barge-mounted marine shore power systems at eligible ports in Pennsylvania. Grant funding is available for up to 75% of project costs for government applicants and up to 25% of project costs for non-government applicants. This program is part of the Driving PA Forward suite of financial incentive programs utilizing funds from the VW settlement to improve Pennsylvania's air quality.

Eligible Applicants: [See program requirements.](#)

Driving PA Forward – Onroad Rebate Program

This program provides rebates for Class 4-8 local freight trucks, drayage trucks, school buses, transit buses and shuttle buses. Rebates vary based on vehicle type, fuel, type, and vehicle owner, though the final rebate amount is based upon actual project costs. Maximum rebates are determined by maximum dollar rebate per vehicle or engine, or percentage of total project costs, whichever is less, combined for all vehicles in the application. Between 1 and 5 vehicles may be submitted per application. Applicants proposing more than 5 vehicles should apply to the Truck and Bus Fleet Grant Program. The application period is rolling and applications are reviewed on a first-come, first-served basis. Successful applicants are issued a 365-day voucher, which can be redeemed for the approved rebate amount upon successful completion of the project and submittal of required documentation. This program is part of the Driving PA Forward suite of financial incentive programs utilizing funds from the VW settlement to improve Pennsylvania's air quality.

Eligible Applicants: [See program requirements.](#)

Driving PA Forward – Truck and Bus Fleet Grant Program

This program provides grants for Class 4-8 local freight trucks, drayage trucks, school buses, transit buses, and shuttle buses. Grant awards vary based on vehicle type, fuel, type, and vehicle owner, though the final reimbursement amount is based upon actual project costs. Maximum reimbursements are determined by maximum dollar amount per vehicle or engine, or percentage of total project costs, whichever is less, combined for all vehicles in the project. A minimum of 6 vehicles must be submitted per application.

Applicants proposing fewer than 6 vehicles should apply to the Onroad Rebate Program. This program is part of the Driving PA Forward suite of financial incentive programs utilizing funds from the VW settlement to improve Pennsylvania’s air quality.

Eligible Applicants: [See program requirements.](#)

Environmental Education—for educational projects in climate change, environmental justice, water quality, and other areas

DEP’s [Environmental Education Grants Program](#) welcomes applications for the development of innovative formal and non-formal education projects that: 1) Address grant program priorities; 2) Provide opportunities to expand the public’s understanding of Pennsylvania’s environmental issues; and 3) Develop skills required to make informed decisions and take responsible action on behalf of the environment.

Eligible Applicants

(submissions by ineligible organizations will not be considered)

- Public schools and school districts (K-12) (includes Intermediate Units and Charter Schools)
- Incorporated private schools (under limited circumstances, private religious schools may be exempted from the incorporation requirement)
- Incorporated conservation and education organizations and institutions
- Universities and colleges
- County conservation districts
- Incorporated nonprofit organizations
- Businesses (must be registered to conduct business in Pennsylvania)

FAST Act Corridor Infrastructure Grant—for clean energy fueling infrastructure along major interstate routes

The [FAST Act Corridor Infrastructure grant program](#) offers approximately \$1 million in grants from the AFIG program to support the installation of publicly accessible alternative fuel infrastructure projects in major transportation corridors designated as “Signage Ready” or “Signage Pending” by the Federal Highway Administration’s Fixing America’s Surface Transportation (FAST) Act. Examples of eligible projects include electric vehicle charging stations, compressed natural gas refueling stations and propane refueling stations. All projects must be fully accessible to the public and be located within the designated alternative fuel corridors of I- 76, I-276, I-376, I-476, I-70, I-79, I-90, I-95, I-80, I-78, I-81, -83, I-84, and US-30. Individual project awards will provide up to a fifty (50) percent reimbursement and be capped at \$500,000.

Eligible Applicants: Pennsylvania municipal authorities, political subdivisions, non-profit entities, corporations, and limited liability companies or partnerships incorporated or registered in the Commonwealth.

Pennsylvania State Clean Diesel Grant—for reducing diesel emissions from vehicles

The [Pennsylvania State Clean Diesel Grant Program](#) funds projects that improve Pennsylvania’s air quality by decreasing emissions from diesel-powered highway and non-road vehicles and equipment. The program will support projects reduce diesel related emissions by replacing, re-powering, or retrofitting diesel powered vehicles and equipment.

Eligible Applicants: organizations that operate diesel-powered fleets throughout Pennsylvania.

Pollution Prevention Reimbursement Grant (Pump and Plug)

[Grants are issued to eligible tank owners who own six or fewer regulated underground tanks in Pennsylvania.](#) Tanks must be underground tanks which have not been upgraded to comply with technical requirements of federal and state regulations, regulated, and which are registered with DEP prior to tank closure. The grant shall not exceed \$2,500 per tank and the grant application must be submitted after all work is finished. Eligible costs may include: pumping regulated product out of the tank; disposal of product; tank cleaning and grouting the fill pipe.

Small Business Advantage Grant—for energy efficiency, pollution prevention, or natural resource protection efforts

The [Small Business Advantage Grant program](#) provides assistance to small businesses (100 or fewer employees) to undertake energy efficiency, pollution prevention or natural resource protection projects designed to enhance a small business's competitiveness while simultaneously improving the environment for Pennsylvania residents. The program offers small businesses a 50 percent matching, reimbursement grant of up to \$5,000 for any project type.

Eligible Applicants: PA Small Businesses

Underground Storage Tank Heating Oil Cleanup Grant Program

[This program provides reimbursement of environmental cleanup costs resulting from a release of heating oil from an underground tank system.](#) Reimbursements are subject to a \$1,000 deductible, which is satisfied by the first \$1,000 of eligible costs paid by the applicant. Remaining eligible costs paid by the applicant may be reimbursed up to a maximum of \$4,000. You may be eligible for reimbursement if you are/were the tank owner; the heating oil tank is an underground (buried) tank; the tank capacity is 3,000 gallons or less; the tank stored fuel that was used for heating on the premises; there was a release of heating oil to the environment from the tank, the associated lines/pipes, or resulting from a spill or overfill due to a failure of the tank system that occurred or was discovered on or after January 30, 1998; and an environmental cleanup has been completed or is in progress.

Grants to Schools

319 Nonpoint Source Grant—for carrying out Section 319 Program Watershed Implementation Plans

The [Section 319 Nonpoint Source Management grant](#) funds are provided by the U.S. Environmental Protection Agency (EPA) and authorized through Section 319(h) of the federal Water Pollution Control Act. The program's primary purpose is to implement Section 319 Program Watershed Implementation Plans. Ninety-six percent of water-quality-impaired watersheds in Pennsylvania are polluted because of nonpoint source pollution, such as abandoned mine drainage (AMD), urban and agricultural runoff, atmospheric deposition, on-lot sewage systems, earthmoving, stream hydromodification and timber harvesting. Pennsylvania's Nonpoint Source Management Program established an overall strategy to implement watershed restoration and protection activities.

Eligible Applicants:

- Incorporated watershed association
- County or municipality
- County conservation district
- Council of government
- Non-profit organization

- Educational institution
- Municipal authority

Alternative Fuel Incentive Grant—for clean energy vehicles and fueling infrastructure

DEP is offering grant funding for clean, alternative fuel projects in Pennsylvania and investment in Pennsylvania’s energy sector. Eligible Applicants: School Districts, Municipal Authorities, Political subdivisions, Incorporated nonprofit entities, Corporations, Limited liability companies or partnerships registered to do business in the Commonwealth.

AMD Set Aside Grant—for removing or treating acid mine drainage in watersheds under a Qualified Hydrologic Unit Plan

Projects eligible for grants under the [AMD Set Aside grant program](#) must be in watersheds covered by a Qualified Hydrologic Unit Plan (QHUP, formerly Hydrologic Unit Plan) or in areas where a QHUP is being developed as defined by the federal SMCRA under the 2006 reauthorization. The primary focus of the grants is abatement of AMD and/or treatment of AMD through treatment facility system construction. Grants may also be awarded for the design of treatment systems, or the operation and maintenance of existing passive and active treatment systems. Priority will be given to projects supportive of goals established in the appropriate QHU.

Eligible Applicants:

- County or municipality
- County conservation district
- Council of governments
- Municipal authority
- School district
- Other appropriate incorporated nonprofit organizations

Coastal Zone Grant—for protecting water quality and shorelines in the Delaware Estuary and Lake Erie Coastal Zone

The [Coastal Zone Management Grant Program](#) provides funding to implement its policies and focus areas in the Delaware Estuary and Lake Erie Coastal Zone, including hazards, wetlands, public access, intergovernmental coordination, ocean resources, and nonpoint pollution. Typical projects funded through grant awards range from studies, planning, design, and research to land acquisition and minor construction projects. Activities must take place within the Coastal Zone boundaries of Pennsylvania.

Eligible Applicants:

- Local Governments, Counties and Municipalities
- Area-wide agencies – county and regional planning agencies
- Incorporated non-profits

- Educational Institutions – School Districts, Intermediate Units, Universities and Colleges
- Incorporated Conservation and Educational Organizations
- State Agencies
- Conservation Districts, Port Authorities and Public Authorities

Cooking in Healthy Electrified Commercial Kitchens (CHECK)

To help commercial kitchens in Pennsylvania modernize and become healthier places to work via energy efficiency and electrification, DEP has developed the Cooking in Healthy Electrified Commercial Kitchens (CHECK) rebate program for nonprofits, higher education institutions and K-12 schools. Under this program, eligible entities may apply for first-come, first-served rebates for a variety of combustion-free cooking equipment, as well as associated electrical upgrades. [See the Commercial Buildings page for more information.](#)

Growing Greener—for reducing nonpoint source (runoff) water pollution

Ninety-six percent of water-quality-impaired watersheds in Pennsylvania are polluted because of nonpoint source pollution, such as abandoned mine drainage, urban and agricultural runoff, atmospheric deposition, on-lot sewage systems, earthmoving, stream hydromodification and timber harvesting. The purpose of the [Growing Greener program](#) is to address nonpoint source pollution through local, watershed-based planning, restoration and protection efforts for projects funded by Watershed Planning, Restoration and Protection grants.

Eligible Applicants: Incorporated watershed association; county or municipality; county conservation district; council of governments; educational institution; municipal authority; or other authorized organizations (see guidance document).

Mine Map Grant Program

The [Mine Map Grant \(MMG\)](#) provides funding to learning institutions and incorporated nonprofit organizations in Pennsylvania to process mine maps and mine data into electronic formats that can be used in Geographic Information Systems (GIS) and other computer applications. Primarily, the MMG will fund the scanning, georeferencing and vectorizing of mine maps. All these efforts will improve the quality, quantity and delivery of mining information to the millions of residents of Pennsylvania's mining regions.

The MMG also provides opportunities for learning institutions and nonprofits to train individuals in the use of the emerging geospatial technologies that will be integral to many computer operations, especially governmental operations that provide services and information to the residents of Pennsylvania. However, the experience gained from creating geospatial elements of a geodatabase is applicable to almost any profession or business.

Pennsylvania State Clean Diesel Grant—for reducing diesel emissions from vehicles

The [Pennsylvania State Clean Diesel Grant Program](#) funds projects that improve Pennsylvania's air quality by decreasing emissions from diesel-powered highway and non-road vehicles and equipment. The program will support projects reduce diesel related emissions by replacing, re-powering, or retrofitting

diesel powered vehicles and equipment.

Eligible Applicants: organizations that operate diesel-powered fleets throughout Pennsylvania.

Surface Mining Control and Reclamation Act grants—for treatment of specific types of acid mine drainage sites or land reclamation projects

The primary focus of [these grant categories](#) is the design, construction and/or rehabilitation of treatment facilities on ABS Legacy AMD discharge sites, but grants may also be awarded for ABS bond forfeited land reclamation projects. Projects most likely to significantly address the impacts of AMD discharges in a cost-effective way will receive preference for funding.

Eligible applicants:

- County or municipality
- County conservation district
- Council of governments
- Municipal authority
- School district
- Other appropriate incorporated nonprofit organizations

Water Quality Improvement Projects Along the Mariner East 2 Pipeline—for reducing pollution and improving and protecting water quality in the 85 municipalities along the pipeline

The Department of Environmental Protection announced the availability of [grant funding for projects that reduce or minimize pollution, improve water quality and protect clean water in the 85 municipalities along the length of the MEII pipeline](#). Proposed projects must be physically located within one or more of the 85 municipalities, although applicants may be from outside of the municipal boundaries. Projects that provide direct and significant benefits to water quality and local communities will be prioritized for funding.

Grants to Nonprofit Organizations

319 Nonpoint Source Grant—for carrying out Section 319 Program Watershed Implementation Plans

The Electric Cargo Handling Grant Program is a competitive grant program that provides funding for the repower or replacement of diesel-powered: forklifts (with a lift capacity of greater than 8,000 pounds), Tier 0-2 airport ground support equipment, and port cargo handling equipment. Eligible vehicles must be

scrapped and replaced with the same equipment in an all-electric form. Grant funding is available for up to 60% of project costs for government applicants and up to 40% for non-government applicants. This program is part of the Driving PA Forward suite of financial incentive programs utilizing funds from the VW settlement to improve Pennsylvania's air quality.

Eligible Applicants: [See program requirements.](#)

Driving PA Forward – Level 2 EV Charging Rebate

This program provides rebates for new Level 2 Electric Vehicle Charging projects to be installed in public spaces, workplaces, and multi-unit dwellings. Rebates up to \$4,500 per plug are available, though final rebate amount is based upon the project characteristics, cost, and location. The application period is rolling and applications are reviewed on a first-come, first-served basis. Successful applicants are issued a 180-day voucher, which can be redeemed for the approved rebate amount upon successful completion of the project and submittal of required documentation. This program is part of the Driving PA Forward suite of financial incentive programs utilizing funds from the VW settlement to improve Pennsylvania's air quality.

Eligible Applicants: [See program requirements.](#)

Driving PA Forward – Marine and Rail Freight Movers Grant Program

This is a competitive grant program that provides funding to (1) repower or replace diesel-powered, pre-Tier 4 freight switcher locomotives, that operate 1,000 hours or more per year, with any new EPA or CARB-certified diesel, alternative fuel, or all-electric engine, or (2) repower or upgrade unregulated, Tier 1 or Tier 2, diesel-powered marine engines in ferries or tugboats with an EPA Certified Remanufactured system or an EPA Verified Engine Upgrade. Grant funding is available for up to 60% of eligible project costs (up to 80% for electric projects), with no maximum dollar amount per award. The program is part of the Driving PA Forward suite of financial incentive programs utilizing funds from the VW settlement to improve Pennsylvania's air quality.

Eligible Applicants: [See program requirements.](#)

Driving PA Forward – Ocean Going Vessel Shorepower Grant Program

The Ocean-Going Vessel Shorepower Grant Program is a competitive grant program that provides funding for the purchase and installation of eligible dock-mounted, containerized, or barge-mounted marine shore power systems at eligible ports in Pennsylvania. Grant funding is available for up to 75% of project costs for government applicants and up to 25% of project costs for non-government applicants. This program is part of the Driving PA Forward suite of financial incentive programs utilizing funds from the VW settlement to improve Pennsylvania's air quality.

Eligible Applicants: [See program requirements.](#)

Driving PA Forward – Onroad Rebate Program

This program provides rebates for Class 4-8 local freight trucks, drayage trucks, school buses, transit buses and shuttle buses. Rebates vary based on vehicle type, fuel, type, and vehicle owner, though the final rebate amount is based upon actual project costs. Maximum rebates are determined by maximum dollar rebate per vehicle or engine, or percentage of total project costs, whichever is less, combined for all vehicles in the application. Between 1 and 5 vehicles may be submitted per application. Applicants proposing more than 5 vehicles should apply to the Truck and Bus Fleet Grant Program. The application period is rolling and applications are reviewed on a first-come, first-served basis. Successful applicants are issued a 365-day voucher, which can be redeemed for the approved rebate amount upon successful completion of the project and submittal of required documentation. This program is part of the Driving

PA Forward suite of financial incentive programs utilizing funds from the VW settlement to improve Pennsylvania's air quality.

Eligible Applicants: [See program requirements.](#)

Driving PA Forward – Truck and Bus Fleet Grant Program

This program provides grants for Class 4-8 local freight trucks, drayage trucks, school buses, transit buses, and shuttle buses. Grant awards vary based on vehicle type, fuel, type, and vehicle owner, though the final reimbursement amount is based upon actual project costs. Maximum reimbursements are determined by maximum dollar amount per vehicle or engine, or percentage of total project costs, whichever is less, combined for all vehicles in the project. A minimum of 6 vehicles must be submitted per application. Applicants proposing fewer than 6 vehicles should apply to the Onroad Rebate Program. This program is part of the Driving PA Forward suite of financial incentive programs utilizing funds from the VW settlement to improve Pennsylvania's air quality.

Eligible Applicants: [See program requirements.](#)

Environmental Education—for educational projects in climate change, environmental justice, water quality, and other areas

DEP's [Environmental Education Grants Program](#) welcomes applications for the development of innovative formal and non-formal education projects that: 1) Address grant program priorities; 2) Provide opportunities to expand the public's understanding of Pennsylvania's environmental issues; and 3) Develop skills required to make informed decisions and take responsible action on behalf of the environment.

Eligible Applicants

(submissions by ineligible organizations will not be considered)

- Public schools and school districts (K-12) (includes Intermediate Units and Charter Schools)
- Incorporated private schools (under limited circumstances, private religious schools may be exempted from the incorporation requirement)
- Incorporated conservation and education organizations and institutions
- Universities and colleges
- County conservation districts
- Incorporated nonprofit organizations
- Businesses (must be registered to conduct business in Pennsylvania)

FAST Act Corridor Infrastructure Grant—for clean energy fueling infrastructure along major interstate routes

The FAST Act Corridor Infrastructure grant program offers approximately \$1 million in grants from the AFIG program to support the installation of publicly accessible alternative fuel infrastructure projects in major transportation corridors designated as "Signage Ready" or "Signage Pending" by the Federal Highway Administration's Fixing America's Surface Transportation (FAST) Act. Examples of eligible projects include electric vehicle charging stations, compressed natural gas refueling stations and propane refueling stations. All projects must be fully accessible to the public and be located within the designated alternative fuel corridors of I-76, I-276, I-376, I-476, I-70, I-79, I-90, I-95, I-80, I-78, I-81, -83, I-84, and US-30. Individual project awards will provide up to a fifty (50) percent reimbursement and be capped at \$500,000.

Eligible Applicants: Pennsylvania municipal authorities, political subdivisions, non-profit entities, corporations, and limited liability companies or partnerships incorporated or registered in the

Commonwealth.

Growing Greener—for reducing nonpoint source (runoff) water pollution

Ninety-six percent of water-quality-impaired watersheds in Pennsylvania are polluted because of nonpoint source pollution, such as abandoned mine drainage, urban and agricultural runoff, atmospheric deposition, on-lot sewage systems, earthmoving, stream hydromodification and timber harvesting. The purpose of the [Growing Greener program](#) is to address nonpoint source pollution through local, watershed-based planning, restoration and protection efforts for projects funded by Watershed Planning, Restoration and Protection grants.

Eligible Applicants: Incorporated watershed association; county or municipality; county conservation district; council of governments; educational institution; municipal authority; or other authorized organizations (see guidance document).

Mine Map Grant Program

The [Mine Map Grant \(MMG\)](#) provides funding to learning institutions and incorporated nonprofit organizations in Pennsylvania to process mine maps and mine data into electronic formats that can be used in Geographic Information Systems (GIS) and other computer applications. Primarily, the MMG will fund the scanning, georeferencing and vectorizing of mine maps. All these efforts will improve the quality, quantity and delivery of mining information to the millions of residents of Pennsylvania's mining regions.

The MMG also provides opportunities for learning institutions and nonprofits to train individuals in the use of the emerging geospatial technologies that will be integral to many computer operations, especially governmental operations that provide services and information to the residents of Pennsylvania. However, the experience gained from creating geospatial elements of a geodatabase is applicable to almost any profession or business.

Pennsylvania State Clean Diesel Grant—for reducing diesel emissions from vehicles

The [Pennsylvania State Clean Diesel Grant Program](#) funds projects that improve Pennsylvania's air quality by decreasing emissions from diesel-powered highway and non-road vehicles and equipment. The program will support projects reduce diesel related emissions by replacing, re-powering, or retrofitting diesel powered vehicles and equipment.

Eligible Applicants: organizations that operate diesel-powered fleets throughout Pennsylvania.

Pollution Prevention Reimbursement Grant (Pump and Plug)

[Grants are issued to eligible tank owners who own six or fewer regulated underground tanks in Pennsylvania.](#) Tanks must be underground tanks which have not been upgraded to comply with technical requirements of federal and state regulations, regulated, and which are registered with DEP prior to tank closure. The grant shall not exceed \$2,500 per tank and the grant application must be submitted after all work is finished. Eligible costs may include: pumping regulated product out of the tank; disposal of product; tank cleaning and grouting the fill pipe.

Surface Mining Control and Reclamation Act grants—for treatment of specific types of acid mine drainage sites or land reclamation projects

The primary focus of [these grant categories](#) is the design, construction and/or rehabilitation of treatment facilities on ABS Legacy AMD discharge sites, but grants may also be awarded for ABS bond forfeited land reclamation projects. Projects most likely to significantly address the impacts of AMD discharges in a cost-

effective way will receive preference for funding.

Eligible applicants:

- County or municipality
- County conservation district
- Council of governments
- Municipal authority
- School district
- Other appropriate incorporated nonprofit organizations

Water Quality Improvement Projects Along the Mariner East 2 Pipeline—for reducing pollution and improving and protecting water quality in the 85 municipalities along the pipeline

The Department of Environmental Protection announced the availability of [grant funding for projects that reduce or minimize pollution, improve water quality and protect clean water in the 85 municipalities along the length of the MEII pipeline](#). Proposed projects must be physically located within one or more of the 85 municipalities, although applicants may be from outside of the municipal boundaries. Projects that provide direct and significant benefits to water quality and local communities will be prioritized for funding.

Underground Storage Tank Heating Oil Cleanup Grant Program

This program provides reimbursement of environmental cleanup costs resulting from a release of heating oil from an underground tank system. Reimbursements are subject to a \$1,000 deductible, which is satisfied by the first \$1,000 of eligible costs paid by the applicant. Remaining eligible costs paid by the applicant may be reimbursed up to a maximum of \$4,000. You may be eligible for reimbursement if you are/were the tank owner; the heating oil tank is an underground (buried) tank; the tank capacity is 3,000 gallons or less; the tank stored fuel that was used for heating on the premises; there was a release of heating oil to the environment from the tank, the associated lines/pipes, or resulting from a spill or overfill due to a failure of the tank system that occurred or was discovered on or after January 30, 1998; and an environmental cleanup has been completed or is in progress.

Grants to Local and State Governments

319 Nonpoint Source Grant—for carrying out Section 319 Program Watershed Implementation Plans

The [Section 319 Nonpoint Source Management grant](#) funds are provided by the U.S. Environmental Protection Agency (EPA) and authorized through Section 319(h) of the federal Water Pollution Control Act. The program's primary purpose is to implement Section 319 Program Watershed Implementation Plans. Ninety-six percent of water-quality-impaired watersheds in Pennsylvania are polluted because of nonpoint source pollution, such as abandoned mine drainage (AMD), urban and agricultural runoff, atmospheric deposition, on-lot sewage systems, earthmoving, stream hydromodification and timber harvesting. Pennsylvania's Nonpoint Source Management Program established an overall strategy to implement watershed restoration and protection activities.

Eligible Applicants:

- Incorporated watershed association
- County or municipality
- County conservation district

- Council of government
- Non-profit organization
- Educational institution
- Municipal authority

901 Municipal Waste HHW Grant—for county governments to prepare municipal waste management plans

The [Section 901 grants](#) are available to all Pennsylvania counties for the cost of preparing municipal waste management plans; the cost of carrying out related studies, surveys, investigations, inquiries, research and analyses; Environmental mediation; feasibility studies and project development for municipal waste processing, disposal or composting facilities, except for facilities for the combustion of municipal waste that are not proposed to be operated for the recovery of energy; educational programs or pollution prevention, other technical assistance to small business for pollution prevention and educational programs on household hazardous waste. The grant to a county cannot exceed 80% of the approved project costs. A county may request up to \$75,000 every two years for costs associated with HHW educational programs. HHW educational costs incurred on January 1, 2016 or beyond will be eligible for grant funding. Applications may be submitted at any time during the year. Prior to applying, the applicant must meet with the appropriate DEP Regional Planning and Recycling Coordinator to discuss the proposed project and the grant requirements.

Eligible Applicants: Pennsylvania Counties - the Applicant must be the governing body of the county. Authorities and other associated bodies are not eligible to apply.

901 Municipal Waste Planning Grant—for county governments to prepare municipal waste management plans

The [Section 901 grants](#) are available to all Pennsylvania counties for the cost of preparing municipal waste management plans; the cost of carrying out related studies, surveys, investigations, inquiries, research and analyses; Environmental mediation; feasibility studies and project development for municipal waste processing, disposal or composting facilities, except for facilities for the combustion of municipal waste that are not proposed to be operated for the recovery of energy; educational programs or pollution prevention, other technical assistance to small business for pollution prevention and educational programs on household hazardous waste. A county may not request nor receive more than \$75,000 per calendar year for planning nor exceed more than 80% of approved project costs. Applications may be submitted at any time during the year. Prior to applying, the applicant must meet with the appropriate DEP Regional Planning and Recycling Coordinator to discuss the proposed project and the grant requirements.

Eligible Applicants: Pennsylvania Counties - the Applicant must be the governing body of the county. Authorities and other associated bodies are not eligible to apply.

902 Recycling Program Development and Implementation Grant—for county and municipal recycling program expenses

The [Act 101, Section 902, Recycling Program Development and Implementation Grants](#) reimburse counties and municipalities 90 percent of eligible recycling program development and implementation expenses. Pre-application conferences with Regional Recycling Program Contacts are required.

Eligible Applicants: Municipalities and Counties in Pennsylvania

903 County Recycling Coordinator Grant—for county recycling coordinator positions

The Department of Environmental Protection (DEP) awards [Section 903 grant](#) funds to eligible counties of Pennsylvania for 50 percent reimbursement of the approved cost of their county recycling coordinator's salary and expenses. The grants are authorized under Section 903 of the Municipal Waste Planning, Recycling and Waste Reduction Act (Act 101 of 1988, P.L. 556).

Eligible Applicants: Pennsylvania Counties

904 Municipal Recycling Grant—for developing and implementing municipal and county recycling programs

The [Municipal Recycling Program Grants](#) were developed to assist municipalities and counties for developing and implementing recycling programs. Recycling is mandated in municipalities with more than 10,000 residents and those with populations between 5,000 and 10,000 that have population densities greater than 300 people per square mile. Who is eligible: Through the grant program, municipalities and counties in Pennsylvania are eligible for up to 90 percent funding of approved recycling program costs. Municipalities that are designated financially distressed under the Financial Distressed Communities Act are eligible to receive funding for an additional 10 percent of approved costs.

Eligible Applicants: Municipalities and Counties in Pennsylvania

Alternative Fuel Incentive Grant—for clean energy vehicles and fueling infrastructure

DEP is offering grant funding for clean, alternative fuel projects in Pennsylvania and investment in Pennsylvania's energy sector. DEP receives approximately \$5 million in funding each year through the utilities gross receipts tax collected during each fiscal year to carry out the provisions of the Alternative Fuels Incentive Act. The primary goals of the [Alternative Fuels Incentive Grant Program \(AFIG\)](#) are to improve Pennsylvania's air quality and reduce consumption of imported oil through the use of homegrown alternative fuels that will help the Commonwealth's economy and environment.

Eligible Applicants: School Districts, Municipal Authorities, Political subdivisions, Incorporated nonprofit entities, Corporations, Limited liability companies or partnerships registered to do business in the Commonwealth.

AMD Set Aside Grant—for removing or treating acid mine drainage in watersheds under a Qualified Hydrologic Unit Plan

Projects eligible for grants under the [AMD Set Aside grant program](#) must be in watersheds covered by a Qualified Hydrologic Unit Plan (QHUP, formerly Hydrologic Unit Plan) or in areas where a QHUP is being developed as defined by the federal SMCRA under the 2006 reauthorization. The primary focus of the grants is abatement of AMD and/or treatment of AMD through treatment facility system construction. Grants may also be awarded for the design of treatment systems, or the operation and maintenance of existing passive and active treatment systems. Priority will be given to projects supportive of goals established in the appropriate QHU.

Eligible Applicants:

- County or municipality
- County conservation district
- Council of governments

- Municipal authority
- School district
- Other appropriate incorporated nonprofit organizations

AML/AMD Grant Program

The Bureau of Abandoned Mine Reclamation (BAMR) is authorized through the United States Department of Interior's Office of Surface Mining Reclamation and Enforcement to issue grants to eligible applicants for the purpose of abandoned mine land (AML) reclamation and acid mine drainage (AMD) treatment or abatement. The Bureau will be accepting applications for projects that reclaim abandoned coal mines or address mine drainage from abandoned coal mines. For further information, please visit the [AML/AMD Grant Program page](#).

Chesapeake Bay Agriculture Inspection Program Phase 2 Pilot Grant

[This program provides funding for coordination and implementation of Countywide Action Plans](#) developed at the county level to achieve specified nutrient and sediment reduction goals established as part of Pennsylvania's Phase 3 Watershed Implementation Plan.

Chesapeake Bay Countywide Action Plan Implementation Grant—for developing and carrying out county-level plans to reduce nutrient and sediment water pollution as part of the Phase 3 Chesapeake Bay Watershed Implementation Plan

DEP is offering funding for coordination and implementation of Countywide Action Plans developed at the county level to achieve specified nutrient and sediment reduction goals established as part of [Pennsylvania's Phase 3 Watershed Implementation Plan](#).

Eligible Applicants: Counties who are or have developed CAPs as part of PA's Phase 3 WIP.

Chesapeake Bay Program Engineer Funding

[This program provides funding for Chesapeake Bay Program Engineer Specialist and Engineer Assistant positions](#) and is available to county conservation districts within the Pennsylvania portion of the Chesapeake Bay Watershed. Funding can be used to employ Engineer personnel, to acquire technical equipment and supplies, or for travel for the purpose of implementing the program.

Chesapeake Bay Program Technician Funding

[This program provides funding for Chesapeake Bay Program Technicians](#) and is available to county conservation districts within the Pennsylvania portion of the Chesapeake Bay Watershed. Funding for the Technician position can be used to employ technical personnel, obtain technical services, or to acquire technical equipment and supplies for the purpose of implementing the program.

Coastal Zone Grant—for protecting water quality and shorelines in the Delaware Estuary and Lake Erie Coastal Zone

The [Coastal Zone Management Grant Program](#) provides funding to implement its policies and focus areas in the Delaware Estuary and Lake Erie Coastal Zone, including hazards, wetlands, public access, intergovernmental coordination, ocean resources, and nonpoint pollution. Typical projects funded through grant awards range from studies, planning, design, and research to land acquisition and minor construction projects. Activities must take place within the Coastal Zone boundaries of Pennsylvania.

Eligible Applicants:

- Local Governments, Counties and Municipalities
- Area-wide agencies – county and regional planning agencies
- Incorporated non-profits
- Educational Institutions – School Districts, Intermediate Units, Universities and Colleges
- Incorporated Conservation and Educational Organizations
- State Agencies
- Conservation Districts, Port Authorities and Public Authorities

Conservation District Fund Allocation Program (CDFAP)

[Program funding is available to Pennsylvania's 66 County Conservation Districts.](#) Funding is provided for Manager, Erosion and Sediment Control Technicians, other technical positions and Administrative Assistance. Funding is allocated by the State Conservation Commission to County Conservation Districts in accordance with the CDFAP Statement of Policy to assist districts with carrying out the mission of Conservation Districts.

Conservation District Watershed Specialist Grant—for County Conservation District watershed specialist staff positions

This grant is to assist in funding [County Conservation District Watershed Specialist](#) positions. These positions will be employees of the County Conservation Districts. The purpose of the Watershed Specialist position is to restore and protect watersheds and foster environmental stewardship. Funds will provide a maximum of 80% for the cost associated with this position based on availability of funds.

Eligible Applicants: County Conservation Districts

COVID 19 Pennsylvania Energy Development Authority Restart Grants

[The purpose of this grant program is to offer aid in recovery to COVID-19](#) by providing an opportunity to apply for funding for clean, advanced energy projects, as well as for businesses conducting manufacturing or production operations in Pennsylvania. Projects may include the manufacturing of alternative energy or energy efficiency equipment or materials; the development and deployment of innovative, clean, advanced and efficient technologies; the generation of alternative energy or the production of alternative fuels; or the implementation of energy efficiency/demand side projects.

Driving PA Forward—for clean energy transportation and fueling infrastructure to replace old diesel

Driving PA Forward – DC Fast Charging & Hydrogen Fueling Grant Program

This is a competitive grant program that provides funding for new, publicly accessible DC Fast Charging and Hydrogen Fueling projects built in strategic locations in PA and designed to supply light duty vehicles. Grant funding is available for up to 70% of project costs, capped at \$500,000 per award for hydrogen fueling projects and \$250,000 for DC fast charging projects. This program is part of the [Driving PA Forward](#) suite of financial incentive programs utilizing funds from the VW settlement to improve Pennsylvania's air quality.

Eligible Applicants: [See program requirements.](#)

Driving PA Forward – Electric Cargo Handling Grant Program

The Electric Cargo Handling Grant Program is a competitive grant program that provides funding for the repower or replacement of diesel-powered: forklifts (with a lift capacity of greater than 8,000 pounds), Tier 0-2 airport ground support equipment, and port cargo handling equipment. Eligible vehicles must be scrapped and replaced with the same equipment in an all-electric form. Grant funding is available for up to 60% of project costs for government applicants and up to 40% for non-government applicants. This program is part of the Driving PA Forward suite of financial incentive programs utilizing funds from the VW settlement to improve Pennsylvania's air quality.

Eligible Applicants: [See program requirements.](#)

Driving PA Forward – Level 2 EV Charging Rebate

This program provides rebates for new Level 2 Electric Vehicle Charging projects to be installed in public spaces, workplaces, and multi-unit dwellings. Rebates up to \$4,500 per plug are available, though final rebate amount is based upon the project characteristics, cost, and location. The application period is rolling and applications are reviewed on a first-come, first-served basis. Successful applicants are issued a 180-day voucher, which can be redeemed for the approved rebate amount upon successful completion of the project and submittal of required documentation. This program is part of the Driving PA Forward suite of financial incentive programs utilizing funds from the VW settlement to improve Pennsylvania's air quality.

Eligible Applicants: [See program requirements.](#)

Driving PA Forward – Marine and Rail Freight Movers Grant Program

This is a competitive grant program that provides funding to (1) repower or replace diesel-powered, pre-Tier 4 freight switcher locomotives, that operate 1,000 hours or more per year, with any new EPA or CARB-certified diesel, alternative fuel, or all-electric engine, or (2) repower or upgrade unregulated, Tier 1 or Tier 2, diesel-powered marine engines in ferries or tugboats with an EPA Certified Remanufactured system or an EPA Verified Engine Upgrade. Grant funding is available for up to 60% of eligible project costs (up to 80% for electric projects), with no maximum dollar amount per award. The program is part of the Driving PA Forward suite of financial incentive programs utilizing funds from the VW settlement to improve Pennsylvania's air quality.

Eligible Applicants: [See program requirements.](#)

Driving PA Forward – Ocean Going Vessel Shorepower Grant Program

The Ocean-Going Vessel Shorepower Grant Program is a competitive grant program that provides funding for the purchase and installation of eligible dock-mounted, containerized, or barge-mounted marine shore power systems at eligible ports in Pennsylvania. Grant funding is available for up to 75% of project costs for government applicants and up to 25% of project costs for non-government applicants. This program is part of the Driving PA Forward suite of financial incentive programs utilizing funds from the VW settlement to improve Pennsylvania's air quality.

Eligible Applicants: [See program requirements.](#)

Driving PA Forward – Onroad Rebate Program

This program provides rebates for Class 4-8 local freight trucks, drayage trucks, school buses, transit buses and shuttle buses. Rebates vary based on vehicle type, fuel, type, and vehicle owner, though the final rebate amount is based upon actual project costs. Maximum rebates are determined by maximum dollar rebate per vehicle or engine, or percentage of total project costs, whichever is less, combined for all vehicles in the application. Between 1 and 5 vehicles may be submitted per application. Applicants

proposing more than 5 vehicles should apply to the Truck and Bus Fleet Grant Program. The application period is rolling and applications are reviewed on a first-come, first-served basis. Successful applicants are issued a 365-day voucher, which can be redeemed for the approved rebate amount upon successful completion of the project and submittal of required documentation. This program is part of the Driving PA Forward suite of financial incentive programs utilizing funds from the VW settlement to improve Pennsylvania's air quality.

Eligible Applicants: [See program requirements.](#)

A minimum of 6 vehicles must be submitted per application. Applicants proposing fewer than 6 vehicles should apply to the Onroad Rebate Program. This program is part of the Driving PA Forward suite of financial incentive programs utilizing funds from the VW settlement to improve Pennsylvania's air quality.

Eligible Applicants: [See program requirements.](#)

FAST Act Corridor Infrastructure Grant—for clean energy fueling infrastructure along major interstate routes

The FAST Act Corridor Infrastructure grant program offers approximately \$1 million in grants from the AFIG program to support the installation of publicly accessible alternative fuel infrastructure projects in major transportation corridors designated as "Signage Ready" or "Signage Pending" by the Federal Highway Administration's Fixing America's Surface Transportation (FAST) Act. Examples of eligible projects include electric vehicle charging stations, compressed natural gas refueling stations and propane refueling stations. All projects must be fully accessible to the public and be located within the designated alternative fuel corridors of I- 1-76, I-276, I-376, I-476, I-70, I-79, I-90, I-95, I-80, I-78, I-81, -83, I-84, and US-30. Individual project awards will provide up to a fifty (50) percent reimbursement and be capped at \$500,000.

Eligible Applicants: Pennsylvania municipal authorities, political subdivisions, non-profit entities, corporations, and limited liability companies or partnerships incorporated or registered in the Commonwealth.

Growing Greener—for reducing nonpoint source (runoff) water pollution

Ninety-six percent of water-quality-impaired watersheds in Pennsylvania are polluted because of nonpoint source pollution, such as abandoned mine drainage, urban and agricultural runoff, atmospheric deposition, on-lot sewage systems, earthmoving, stream hydromodification and timber harvesting. The purpose of the [Growing Greener program](#) is to address nonpoint source pollution through local, watershed-based planning, restoration and protection efforts for projects funded by Watershed Planning, Restoration and Protection grants.

Eligible Applicants: Incorporated watershed association; county or municipality; county conservation district; council of governments; educational institution; municipal authority; or other authorized organizations (see guidance document).

Host Municipality Independent Review of Permit Applications—for review of permit applications for new or expansion of municipal landfills or resource recovery

facilities

[Grants are available to municipalities](#) that have a municipal waste landfill, resource recovery facility, or commercial hazardous waste storage, treatment, or disposal facility located within its geographic borders. Municipalities are eligible for reimbursement of up to 50% of the authorized employment costs and expenses incurred in a calendar year from employing up to two Certified Host Municipality Inspectors.

Eligible Applicants: Municipalities

Host Municipality Independent Review of Permit Application/Siting Plan Grants—for independent inspectors to review permit applications for commercial hazardous waste disposal facilities

[Grants are available to host municipality and host county inspectors](#) for the independent review of permit applications for commercial hazardous waste disposal facilities. The grants come as reimbursements of up to \$50,000 for qualifying reviews.

Eligible Applicants: Host municipalities/counties within Pennsylvania.

Host Municipality Inspector Program—for municipal inspectors of municipal waste landfills, resource recovery facilities, or commercial hazardous waste storage, treatment, or disposal facilities

[Grants are available to municipalities](#) for assistance with independent review of permit applications for new municipal waste landfills or resource recovery facility, or expansion of an existing facility. The grants come as reimbursements of up to \$10,000 for qualifying reviews.

Eligible Applicants: Host municipalities/counties within Pennsylvania.

Household Hazardous Waste Program Reimbursement Grant—for hazardous waste collection programs

Under the PA Household and Small Business Pollution Prevention Act, the Department of Environmental Protection offers 50 percent reimbursement [collection program grants](#) to municipalities and non-profits.

Eligible Applicants: Municipalities and non-profit organizations

Mosquito Disease Control—for county mosquito control activities

[This program exclusively funds Pennsylvania counties for mosquito control activities](#) to reduce the risk of transmission from mosquito-borne disease (West Nile Virus, Zika Virus, etc.). Applicants are required to execute a contract with DEP and comply with appropriate commonwealth requirements for the reimbursement funding. This includes appropriate surveillance and control activities as recommended by DEP, data reporting, submission of quarterly invoices and additional information as requested.

Eligible Applicants: Approved Counties

Nutrient and Manure Management Delegation

Eligible Entities: Approved Conservation Districts.

Delegation Agreement for [nutrient and manure management programs](#) between County Conservation Districts, State Conservation Commission, and the [Department of Environmental Protection](#). Only County

Conservation Districts that have received authorizations may apply.

Pennsylvania State Clean Diesel Grant—for reducing diesel emissions from vehicles

The [Pennsylvania State Clean Diesel Grant Program](#) funds projects that improve Pennsylvania's air quality by decreasing emissions from diesel-powered highway and non-road vehicles and equipment. The program will support projects reduce diesel related emissions by replacing, re-powering, or retrofitting diesel powered vehicles and equipment.

Eligible Applicants: organizations that operate diesel-powered fleets throughout Pennsylvania.

Pollution Prevention Reimbursement Grant (Pump and Plug)

[Grants are issued to eligible tank owners who own six or fewer regulated underground tanks in Pennsylvania.](#) Tanks must be underground tanks which have not been upgraded to comply with technical requirements of federal and state regulations, regulated, and which are registered with DEP prior to tank closure. WHAT WE VALUE:

Customer Care – We are committed to understanding our customers' goals and contributing to their success. Our customers educate our children, protect our health and environment, build our infrastructure, regulate our commerce and assist our neighbors and communities in need across Pennsylvania. They do vital, important work, and we are proud to be a part of it.

Quality & Innovation – There is always a better way to do something. Our passion is finding it and putting it into practice.

Integrity – We earn the public's trust by holding ourselves to the highest ethical standards every day, no exceptions.

Diversity, Inclusion and Small Business Opportunities – How we do business impacts our communities. We are working to build a more inclusive economy in Pennsylvania.

Our Team – We support each other's personal and professional growth, because they are essential to our mission in a rapidly changing and increasingly challenging environment.

COSTARS

The commonwealth's cooperative purchasing program makes it easier and more cost-effective for local public entities and certain nonprofits registered within the DGS to purchase a broad selection of goods and services from COSTARS-designated contracts. For more information, including a complete list of registered communities and organizations eligible to purchase (members), COSTARS-designated contracts and awarded suppliers, visit www.dgs.pa.gov/COSTARS

The Federal Surplus Property Program

Offers a limitless variety of property to municipalities and other nonprofit organizations within Pennsylvania. From paper to vehicles, from computers to building supplies, DGS can help meet your needs while saving money with surplus. Property available in inventory is viewable at the Harrisburg warehouse or online. Requests for any specific property that may not be in current inventory are also accepted so the department can find it elsewhere and arrange for its direct allocation to your location.

The property itself is donated by the federal government; however, a service charge is incurred to cover the state's cost of administering the program.

Contact: 1-800-235-1555, www.dgs.pa.gov/Surplus/Federal/Pages/default.aspx

The 1033 Excess Property Program

Provides Pennsylvania local law enforcement agencies an excellent opportunity to acquire excess Department of Defense (DOD) equipment and supplies to use in the line of duty. Clothing, office equipment, computers, rescue equipment, vehicles and many other items can be acquired to protect the men and women who serve the community. The property is donated by the federal government and requires compliance. An annual fee based on the number of officers (starting at \$400/year) enables agencies to acquire property all year without a charge.

Contact: 717-787-6197, www.dgs.pa.gov/Surplus/Pages/default.aspx

The 1122 New Property Program

Provides Pennsylvania agencies and units of local government access to federal sources of supply to purchase equipment to support counter-drug, homeland security, and emergency response activities. Because of its volume purchasing power, the federal government receives tremendous discounts on many of these items. DGS researches the federal contracts and provides quotes.

A service charge of 4% of the purchase price up to \$50,000, or \$500, whichever is less, is incurred. For purchases above \$50,000 but less than \$100,000, the service charge is \$750; and for purchases valued greater than \$100,000, there is a \$1,000 service charge.

The Fixed Price Sales Vehicle Program

Offers General Services Administration (GSA) fleet vehicles for sale before these vehicles go to public auction. Cars, trucks, vans, alternative fuel vehicles, pick-up trucks, ambulances and firetrucks with low mileage and only one prior owner are all available. View current inventory online or submit a request for a specific vehicle.

Contact: 717-525-5805 www.dgs.pa.gov/Surplus/Pages/default.aspx

The State Surplus Property Program

Offers commonwealth-owned office equipment and supplies for sale to the general public. All items are sold at various locations throughout the state or through an online auction. Online auctions are managed by www.GovPlanet.com/PA and www.GovDeals.com.

Additionally, semi-annual Pennsylvania Department of Transportation (PennDOT) heavy equipment sales of off-road equipment, bridge equipment, dump trucks, and other road maintenance equipment are conducted. A private municipal sale is held first prior to the items being offered to the general public. To register for the private municipal heavy equipment sale, please register online at www.GovPlanet.com/muni.

Pennsylvania Coordinated Medication Assisted Treatment Program (PacMAT)

The Pennsylvania Coordinated Medication Assisted Treatment (PacMAT) Program aims to address opioid use disorder (OUD) by increasing access to medication-assisted treatment (MAT). The PacMAT Program was established in 2017 with initial grants to several medication assisted treatment facilities. Through this program, patients are connected to support and medical services need to help them access treatment for OUD and recover. Beginning in September 2021, the program began focusing on the hubs providing technical assistance to their spokes to boost prescriber confidence and to fully integrate MAT supportive services throughout their hospital networks. The program has been funded through a State Opioid Response (SOR) Grant, administered by the Department of Drug and Alcohol Programs (DDAP) and funded by the Substance Abuse and Mental Health Services Administration (SAMHSA) within Health and Human Services (HHS). Effective March 31, 2022, the program will end.

Local Title V Programs Alliance

The Alliance of Pennsylvania Councils (Alliance) is comprised of three family planning councils: AccessMatters (SE PA), Family Health Council of Central PA, and Maternal and Family Health Services (NE PA). The Alliance works to build capacity to prevent unintended pregnancies, increase access to family planning care, and improve detection and treatment access for women with Opioid Use Disorders (OUD). This is done by building linkages between family planning organizations and behavioral health/substance use treatment centers.

Centering Pregnancy

Centering Pregnancy is a group-based model of prenatal care. Instead of seeing a doctor or midwife individually, pregnant people participating in centering pregnancy attend regular, provider-led group meetings. The program is designed to provide a more supportive experience for participants compared to traditional prenatal care.

County Municipal Health Departments

Eleven county and municipal health departments located throughout the commonwealth offer services aimed at improving public health by providing direct health services, health education and community health leadership. The overall goal of these programs is to reduce morbidity and mortality and promote healthy lifestyles.

IMPLICIT

The IMPLICIT (Interventions to Minimize Preterm and Low birth weight Infants using Continuous Improvement Techniques) Network is a multi-state family medicine maternal-child health learning collaborative focused on improving care for women, infants and families. This model of care screens women who accompany their children to well child visits for four risk factors (tobacco use, depression risk, contraception use and use of a multivitamin with folic acid). Positive screens in women are addressed through brief interventions or referrals to treatment.

Perinatal Periods of Risk

Perinatal Periods of Risk (PPOR) is an analytic framework for studying racial disparities in fetal and infant mortality rates in urban communities. PPOR is based on core principles of full community engagement and equity and follows a six-stage, community-based planning process with the goal of implementing strategies to reduce infant and fetal death.

For more information on Local Title V Programs Contact - Division of Child and Adult Health Services, Bureau of Family Health, 717-772-2762

Community Based Doula Program

The community-based doula program provides no-cost, culturally concordant perinatal services to individuals that are at high risk for poor birth outcomes. Services are generally provided from the 24th week of pregnancy until three months postpartum, and are intended to enhance infant health, strengthen families, and establish family supports.

Safe Sleep Initiative

A hospital-based safe sleep program that recruits and trains hospitals to bundle multiple interventions, including nurse and caregiver education, to improve safe sleep practices. The program also includes a social marketing campaign using multiple coordinated modalities to integrate messages from the hospital-based program into the community.

Prevent Injuries in Children (PIC)

The PIC Program targets families with at least one pregnant person or child ages zero through nine to provide in-home education and low-cost interventions to prevent child injuries, especially those leading to hospitalization or death. The PIC Program works in conjunction with qualified home-visiting programs to deliver the education and low-cost interventions at a point when caregivers are best primed to receive and implement them. The program consists of contact before the home visit, the educational home visit with low-cost interventions, and contact after the home visit and targets lower income families in the areas of highest need throughout the state.

Youth Advisory Council (YAC)

The YAC provides a forum for a diverse representation of young people to be involved in community, organization, and program development and to actively engage and impact decisions related to MCH issues as identified by the Bureau of Family Health and other adolescent-serving agencies. Three regional (Western, Central and Eastern) Youth Advisory Councils led by adult facilitators address topics and provide feedback on specific areas of interest presented by the Department and participate in statewide activities.

Maternal Mortality Review Committee

This committee is a multidisciplinary group of professionals who serve pregnant and postpartum women, and who collectively review maternal deaths. The goal of a MMRC is to determine if the death is related to the pregnancy and if it could have been prevented. The committee provides recommendations that could prevent future deaths and protect the health and well-being of women during and after pregnancy.

Personal Responsibility Education Program (PREP)

This program provides funding to implementation sites to provide youth with evidence-based teen pregnancy prevention programs. Programming must provide education on abstinence, contraception, and three adult preparation topics: healthy relationships, adolescent development, and healthy life skills, in hopes of delaying sexual activity, increasing condom or contraception use among sexually active youth,

and reducing pregnancy among youth.

Emergency Preparedness and Response

The Bureau of Emergency Preparedness and Response oversees the Public Health Emergency Preparedness (PHEP) program to strengthen the public health infrastructure, including funding and supporting Department activities and the Commonwealth’s County and Municipal Health Departments. The Bureau also oversees the Healthcare Preparedness Program (HPP) which is designed to coordinate planning and support, as well as providing funding and material resources and systems to support the Commonwealth’s healthcare delivery sector throughout all disasters and emergencies, including regional coordination through six Health Care Coalitions. Finally, the Bureau is responsible for leading/coordinating the Department’s response to disasters and emergencies and to ensure a coordinated system across all aspects of the public health and healthcare sectors, including managing resources and supplies and coordination with other state agencies and federal emergency response partners.

Healthcare Facilities and Licensing

What kind of healthcare facilities do you oversee?

We license and regulate in-patient healthcare facilities, like nursing homes and hospitals, as well as out-patient healthcare facilities, like ambulatory surgical facilities and home health care agencies, to ensure they deliver safe health care to residents. We approve the building, engineering and construction plans for these facilities as well.

Below is a complete listing of all of types of facilities we regulate, as well as their location, operations and the laws governing our oversight.

What if I have a complaint about a facility?

All complaints filed are confidential. Our team investigates every complaint received. If you have a complaint about a healthcare facility, including a nursing home, please contact us at 1-800-254-5164 or fill out this online form.

What if I have a complaint about a doctor's office?

Doctors, nurses and other healthcare professionals are licensed through the Pennsylvania Department of State. Individual doctor's offices are regulated through this licensure. If you have a complaint about a medical professional, please fill out this online form. The Department of State will follow up with you and handle the investigation.

Home and Community-Based Services (HCBS) Programs

Sometimes referred to as “waiver” programs. These programs provide funding for supports and services to help people live in their home and community. HCBS programs offer an array of services and benefits such as qualified providers, due process, and health and safety assurances.

The name waiver comes from the fact that the federal government “waives” Medical Assistance/Medicaid rules for institutional care in order for a Pennsylvanian to use the same funds to provide support and services for people closer to home or in their own communities.

In Pennsylvania, the DHS administers Medical Assistance/Medicaid waivers, the Adult Community Autism Program, the Act 150 Program and the Living Independence for the Elderly Program. Each HCBS program has its own unique set of eligibility requirements and services. A description for each waiver is provided in this document.

Workforce Discretionary Grants

Workforce announces several discretionary grants throughout the year to enhance the workforce landscape. These grants are open to a variety of applicants and focus on the connection of individuals to employment through a host of activities including apprenticeship, work experience, training, barrier reduction, industry partnership and case management as well as others.

These opportunities are announced on the Labor & Industry website at: <https://www.dli.pa.gov/Businesses/Workforce-Development/grants/Pages/default.aspx>.

PA Industry Partnership Grant Program

An industry partnership is a multi-employer collaborative that helps connect and meet the needs of workers and businesses. Effective partnerships bring companies in the same industry cluster and region together to aggregate training and address commonly held educational needs. Partnerships can help companies identify and work together to address organizational and human resource challenges: recruiting new workers, retaining incumbent workers, implementing high-performance work organizations, adopting new technologies and fostering experiential, on-the-job learning. Grants help support worker skills training to better position them and employers to remain competitive in the global marketplace. The program emphasizes outcomes such as the attainment of industry-recognized credentials, wage gains, career advancement and retention within the workplace.

Who May Apply: Local workforce development boards, non-profit and non-governmental entities, community-based organizations, educational and post-secondary educational organizations, labor organizations, business associations, and economic development entities.

Use: To identify workforce, education & training, and economic development needs, coordinate regional teams to support industry needs, identify public and community resources to address industry identified needs and increase collaboration among businesses within a targeted industry sector.

Funds: Up to \$250,000 per partnership.

Application Deadline: September 29, 2023

Individual Training Account (ITA)

An ITA is a mechanism authorized by the Workforce Innovation and Opportunity Act (WIOA), intended to finance occupational skills training for participants to become gainfully employed or re-employed. Customers approved for training may use their ITAs to purchase occupational skills training slots in any program on the statewide list.

Parameters for ITAs are established by each local workforce development area, or LWDA, and may include a maximum duration of training, cost of training, or other requirements.

More Information: <https://www.pacareerlink.pa.gov/jponline/>

Pell Grants

Pell grants, as well as most federal student aid, are awarded based on financial need. The amount an individual receives is based on a formula that includes the cost of attendance minus expected family contribution. Recipients must be enrolled in a program of organized instruction or study that leads to an academic, professional, or vocational degree or certificate, or another recognized educational credential.

PA CareerLink® staff and the training providers with whom local areas work can provide guidance on how participants can apply for Pell grants and other student aid. There also are various websites that provide instructions on the application process.

More Information: <https://studentaid.gov/understand-aid/types/grants/pell>.

Trade Adjustment Assistance (TAA)

The Trade Act's TAA program helps workers who have lost their jobs as a result of increased imports or shifts in production out of the United States. TAA can provide funding for tuition, books, and supplies, and basic or remedial education, which may include training in literacy or English as a second language.

Occupational training is targeted to a specific occupation and provided to help certified workers secure employment at a skill level and wage similar to, or higher than, their layoff employment.

Based on the individual's existing skills and labor market conditions, training will be of the shortest duration necessary to return the individual to employment, with a maximum duration of 130 weeks. TAA can also pay 50% of the salary for on-the-job training and customized training designed to meet the needs of a specific employer or group of employers.

More information on TAA benefits is available by calling the UC Service Center or visiting a PA CareerLink® office; www.pacareerlink.pa.gov; RA-LI-BWPO-TRADE@pa.gov.

TAA Job Search and Relocation Allowances

The TAA program can also help pay expenses incurred when workforce must look for employment outside a certified worker's normal commuting area if a suitable job is not available in the area. Job search allowances reimburse 90% of the total costs of allowable travel and subsistence, up to \$1,250. If workers must relocate to accept employment out of the commuting area, TAA can reimburse 90% of the cost to move them and their families and includes a lump-sum payment equal to three times the worker's average weekly wage (but no more than \$1,250) to help them get settled.

Employment Service/Wagner-Peyser Act Funded Activities

The Employment Service (ES) program brings together individuals looking for employment and employers looking for job seekers. It does this by providing a variety of services, available to all individuals and to businesses. The program provides job seekers with career services, including labor exchange services, job-search assistance, workforce information, referrals to employment and other assistance. Employers can use PA CareerLink® to post job orders and obtain qualified applicants. Employment services programs and activities are provided through the public workforce service delivery system, PA CareerLink®.

JVSG Grant

The Jobs for Veterans State Grants (JVSG) program provides federal funding, through a formula grant, to 54 State Workforce Agencies (SWAs) to hire dedicated staff who provide individualized career and training-related services to veterans and eligible persons with significant barriers to employment, and to help employers meet their workforce needs by hiring job-seeking veterans.

The JVSG program supports the Disabled Veterans' Outreach Program (DVOP) specialist position, Local Veterans' Employment Representative (LVER) staff and Consolidated Position staff. DVOP specialists provide individualized career services to veterans with significant barriers to employment, with the maximum emphasis directed toward serving veterans who are economically or educationally disadvantaged. Veterans with barriers include homeless veterans and vocational rehabilitation clients. LVERs conduct outreach to employers and business associations and engage in advocacy efforts with hiring executives to increase employment opportunities for veterans and encourage the hiring of disabled veterans. Consolidated position staff serve in a dual role as DVOP and LVER.

Most state workforce agencies' funding allocation is determined by a ratio reflecting the total number of veterans seeking employment in a given state to the total number of veterans seeking employment in all states. Several states receive a minimum amount of funding to ensure that a certain level of staff can be maintained, particularly in states with remote pockets of Native Americans and many sparsely populated, rural counties.

RESEA Grant

The Unemployment Insurance (UI) program is a required partner in the broader public workforce system, providing unemployment benefits to individuals who have lost their employment through no fault of their own and who otherwise meet initial and continuing UI eligibility requirements. Beginning in 2005, the U.S. Department of Labor Employment and Training Administration funded the voluntary UI Reemployment and Eligibility Assessment (REA) program to address UI claimants' individual reemployment needs, as well as detect and prevent improper benefit payments. In 2015, the Reemployment Services and Eligibility Assessment (RESEA) program replaced the REA program, providing greater access to reemployment services in addition to services previously provided under the REA program.

In Fiscal Year (FY) 2018, amendments to the Social Security Act permanently authorized the RESEA program and implemented several significant changes, including formula-based funding and a series of requirements intended to increase the use and availability of evidence-based reemployment interventions and strategies. The permanent RESEA program has four purposes:

- Reduce UI duration through improved employment outcomes
- Strengthen UI program integrity
- Promote alignment with the vision of the Workforce Innovation and Opportunity Act (WIOA)
- Establish RESEA as an entry point to other workforce system partners

FLC Grant

The mission of the Office of Foreign Labor Certification (OFLC) of the Employment and Training Administration (ETA) is to determine, case-by-case, whether there are able, willing, and qualified U.S. workers available for a job, and whether there will be any adverse effect on similarly employed U.S. workers should a labor certification be granted. The Immigration and Nationality Act (INA) assigns certain responsibilities to the Secretary of Labor (Secretary) for employment-based immigration programs. The Secretary has delegated the non-enforcement responsibilities of these labor-certification programs to the OFLC. Accordingly, statutory and regulatory provisions of the labor certification programs administered by OFLC require nearly all employers seeking to hire either permanent or temporary foreign labor to apply to the Secretary for a labor certification.

Congress appropriates funding for state foreign labor certification activities through the State Unemployment Insurance and Employment Service Operations (SUIESO) account. These state grants fund services provided by state workforce agencies in support of the foreign labor certification program, including the placement of employer job orders, inspection of housing for agricultural workers and the administration of prevailing wage and practice surveys. The OFLC distributes this grant funding annually in accordance with approved state plans.

Work Opportunity Tax Credit (WOTC)

WOTC provides private-for-profit employers with federal tax liability savings as an incentive to hire job seekers with barriers to employment. WOTC targets short- and long-term Temporary Assistance for Needy Families recipients; Supplemental Nutrition Assistance Program (SNAP) recipients; veterans on SNAP; disabled veterans; unemployed veterans; recent Office of Vocational Rehabilitation customers who received services through a state plan for vocational rehabilitation or the U.S. Department of Veterans Affairs (VA) or have a Ticket to Work and an active individual work plan with an Employment Network (EN); Supplemental Security Income Recipients; ex-felons; designated community residents, summer youth living in an empowerment zone or Rural Renewal Community and the new Long-Term Unemployment Recipient. WOTC also provides nonprofit, 501(c)(3), employers with a social security tax deduction as an incentive to hire any of the five veteran target groups.

For most target groups mentioned above, WOTC is 40 percent of the first \$6,000 in wages, for a maximum credit of \$2,400 (exceptions to these amounts apply to some target groups). A new hire must be employed at least 400 hours for the employer to receive the maximum. A partial credit of 25 percent is permitted for employees working between 120 and 399 hours.

Apprenticeship Training

The Apprenticeship Training appropriation supports the mission of the Apprenticeship and Training Office (ATO) to increase Pennsylvania’s contribution to the overall growth of apprenticeship programs nationwide; enhance outreach efforts to businesses and individuals; assist existing apprenticeship programs; expand the apprenticeship model to non-traditional occupations; and ensure apprenticeship opportunities are available to under-represented communities across the commonwealth.

Apprenticeship Grants

As part of the PAsmart initiative, Registered Apprenticeship, Pre-Apprenticeship, and Apprenticeship Ambassador Network Grants will be offered to support potential and existing programs to increase “earn while you learn” opportunities across Pennsylvania.

PAsmart Apprenticeship grant funds will be used to build a diverse talent pipeline into the building and construction trades; expand registered apprenticeships and pre-apprenticeship in non-traditional industries with an emphasis on health care, manufacturing, and information technology; and to support registered apprenticeships and pre-apprenticeship through ambassador networks across the commonwealth.

More Information: To learn more about PAsmart’s Apprenticeship grants and to apply, visit the [Department of Labor & Industry’s website](#).

TANFBG – Youth Employment and Training

Since 2000, the Commonwealth of Pennsylvania has provided a significant amount of annual funding support from the Temporary Assistance for Needy Families (TANF) block grant to Local Workforce Development Boards (LWDBs), and their youth committees. The TANF Youth Development Program provides comprehensive services to youth by connecting them to available resources within their community. The program encourages the network of state and local youth services providers and workforce development providers along with public housing agencies to develop workforce programs for needy and at-risk youth that provide employment, educational experiences, and essential skills such as financial literacy and time management. TANF funds enhance WIOA Youth Formula funding and extend the availability of high-quality workforce investment activities to low-income youth, and to continue addressing the unique challenges that most often affect the ability of our young people to succeed. For the program year 2020, L&I received an allocation of \$25 million, which helped serve over 9278 Pennsylvanian Youth. The TANF YDP has previously served twice this amount. Due to the pandemic, we saw a decrease in TANF YDP participants.

AmeriCorps State Program Grants – PennSERVE

PennSERVE provides grants to community-based, faith-based, and educational institutions to operate AmeriCorps programs designed to address unmet needs at the community level.

Grantees awarded funding enroll individuals as AmeriCorps members to address community needs.

AmeriCorps members serve full-time (1,700 hours per year) or part-time and receive a stipend and an education award. In 2021, stipends begin at \$16,500 for full-time members; the full-time member education award is equivalent to the Pell Grant.

Grants are awarded annually. There is a 24-50 percent initial match requirement, depending on how long an organization has received AmeriCorps funds. These are federal funds and subject to federal as well as state regulations. There are two grant application cycles each year. The first opens in the fall, with grant applications typically due in November; the second opens in the spring, with grant applications typically due in March.

Vocational Rehabilitation Services

The Pennsylvania Office of Vocational Rehabilitation, or OVR, serves two primary customer groups: individuals with disabilities and businesses. OVR provides vocational rehabilitation services to help persons with disabilities prepare for, obtain, advance in, or maintain employment. Services are very individualized and are provided both directly and indirectly through a network of approved vendors. The OVR counselor, during face-to-face interviews, assists customers in selecting their choice of vocational goals, services, and service providers. For employers, OVR will provide pre-screened, qualified applicants to meet the workforce needs of a business. OVR will also provide no-cost services to businesses such as accessibility analysis and worksite modification consultation, assistive technology information, disability awareness training for other staff and answers to ADA-related questions. Information about on-the-job training reimbursement and tax credits will also be made available to the business. OVR District Offices are located in 15 locations throughout the state. These offices are staffed with trained, professional vocational rehabilitation counselors, and serve Pennsylvania in all 67 counties. In six of those district offices, OVR's Bureau of Blindness and Visual Services provides specialized services to blind and visually impaired individuals to assist them not only with securing and maintaining a job but also with living independently in their community.

For general inquires OVR can be reached at:

Types of Vocational Rehabilitation Services

OVR provides a wide range of services to eligible applicants. OVR services include:

- **Assistive Technology:** a wide range of devices and services that can empower persons with disabilities to maximize employment, independence, and integration into society.
- **Counseling:** Vocational counseling helps individuals with disabilities to better understand their potential, abilities, and vocational goals.
- **Diagnostic Services:** medical, psychological, and audiological examinations
- **Placement Assistance:** counseling, job-seeking programs, job clubs and job development
- **Restoration Services:** medical services and equipment, such as physical and occupational therapy, wheelchairs, and automobile modifications
- **Training:** education to prepare individuals with disabilities for careers, including academic vocational/technical, college, on-the-job training, independent living skills, and personal and

work adjustment training

- Vocational Evaluation: aptitude, interest, general ability, academic exams, work tolerance and “hands-on” job experiences
- Support Services: Other services are provided for eligible persons if they are necessary to start and maintain employment.

PA Office of Vocational Rehabilitation’s (OVR’s) Bureau of Blindness & Visual Services (BBVS)

Provides services to assist Pennsylvanians who are blind or visually impaired in obtaining and maintaining employment and independent lives. BBVS programs include:

- Vocational Rehabilitation - Assists individuals who need services to prepare for or retain employment. Services may include, but are not limited to, employment evaluation; counseling and guidance; training; job placement; assistive technology; adjustment to blindness; occupational tools and equipment; orientation and mobility training; and vision rehabilitation therapy.
- Vision Rehabilitation Therapy - Helps individuals safely and efficiently carry out their daily activities at home, on the job and in their community. Services may include Braille instruction, home management, in-home orientation, and personal management.
- Orientation & Mobility - Teaches individuals how to travel independently and safely within their homes, workplaces, and communities.
- Business Enterprise Program (BEP) – Assists qualified, interested individuals in developing creative business ventures ranging from vending machine routes to a full cafeteria.
- Specialized Services - Assists adults and children in achieving safety and independence within their homes and communities. Specialized Services for adults and children may include vision enhancement services; advocacy; counseling; information and referral; vision rehabilitation therapy; and orientation and mobility services. Specialized Services for children may also include advocacy for educational services, transition to employment and assistive technology.
- Independent Living – Helps individuals aged 55 and older become more self-sufficient and independent in their homes and communities.

Hiram G. Andrews Center (HGAC)

The campus covers more than 45 acres. Taking three years to build, it is the world’s first and largest rehabilitation facility specifically designed to provide comprehensive rehabilitation services under one roof. From its opening in April 1959, the Hiram G. Andrews Center has achieved worldwide recognition, attracting distinguished visitors from many countries, and has provided individualized educational and rehabilitation programs for residents and commuter students. An individual’s program may include pre-employment transition services, vocational evaluation, post-secondary education at the Commonwealth Technical Institute housed within the Hiram G. Andrews Center, cognitive therapies, physical restoration, career exploration, work-based learning experiences, work readiness and self-advocacy activities, assistive technology assessment and intervention. As the only self-supporting government facility in the Commonwealth of Pennsylvania, it is not funded by direct legislative appropriations, but relies, instead, upon payment for services rendered.

HGAC is supported by the following areas:

- Transition Programs - Provides a comprehensive, specialized range of transition services through a systematic partnership with HGAC staff, private sector providers, medical professionals, and university research teams, including vocational evaluation, career guidance, placement, assistive technology, and student enrichment services.

- Education - Programs offered at the Commonwealth Technical Institute at the Hiram G. Andrews Center offer quality, accredited, individualized post-secondary education. Programs of study may afford students the opportunity to obtain an ASB or AST degree or an industry-recognized diploma and credentials at the postsecondary level. The Commonwealth Technical Institute at Hiram G. Andrews Center is accredited by the Accrediting Commission of Career Schools and Colleges (ACCSC).
- Student Affairs - Provides medical, physical therapy, occupational therapy, speech therapy, vocational counseling, and residential support programs designed to assist students in reaching educational and rehabilitative goals.
- Institutional and Business Management - Maintains business operations of the Hiram G. Andrews Center, to include fiscal operations, data and statistics, financial aid, shipping/receiving, dietary operations and the internal Print Shop.
- Facility Maintenance - Maintains the facility by directing Security, physical plant trades, maintenance repair, utility plant operations and custodial operations to provide a safe, secure, sanitary, and operational environment for students and staff.

OVR Pre-Employment Transition Services

Pre-Employment Transition Services are provided to students between the ages of 14-21 who are enrolled in secondary or post-secondary education and have an IEP, 504 Plan or identify themselves as a student with a disability. The following Pre-Employment Transition Services are offered through a variety of ways throughout the state:

- Instruction in self-advocacy helps students with disabilities build skills to solve problems and communicate their own needs and interests.
- Counseling on Post-Secondary Options helps students with disabilities decide if college or training after high school is right for them.
- Job Exploration Counseling helps students with disabilities learn about jobs and pick a career.
- Work-Based Learning uses community workplaces to provide students with disabilities the knowledge and skills that will help them connect school experiences to real-life work activities and future career opportunities.
- Workplace Readiness Training teaches students with disabilities how to get and keep a job.

Amputee and Paralyzed Veterans Pension

This program provides pensions of \$150 per month to Pennsylvania veterans who are rated by the U.S. Department of Veterans Affairs (VA) to have a service-connected loss or loss-of-use of two or more extremities with a minimum rating of 40% in each extremity. Questions should be directed to 717-861-8910 or email ra-pvp@pa.gov.

Blind Veterans Pension

This program provides pensions of \$150 per month to Pennsylvania veterans who incurred functional blindness while performing active military service and are rated as blinded through service connection by the VA. Call 717-861-8910 or email ra-bvp@pa.gov for more information.

Disabled American Veterans Transportation

This program provides Pennsylvania veterans who have no other means of transportation with access to VA medical facilities. This funding supports replacement vehicles through the Pennsylvania Disabled American Veterans Volunteer Transportation Network. The program manager can be reached at 717-861-8910 or by email at ra-mvdmvagrants@pa.gov.

Disabled Veterans Real Estate Tax Exemption Program

This program provides a real estate tax exemption for any honorably discharged veteran who is determined by the VA to be totally or 100 percent permanently disabled. The veteran must be a Pennsylvania resident with a financial need who served during established war or armed conflict service dates and who resides in the property subject to the exemption as his or her principal dwelling. This exemption is extended to the unmarried surviving spouse upon the death of an eligible veteran, provided that the State Veterans Commission determines financial need for the exemption. Call 717-861-8910 or email ra-retx@pa.gov.

Education of Veterans Children of Deceased and Disabled Veterans

Educational grants of up to \$500 per term or semester (for a maximum of eight semesters or terms) are provided for children of honorably discharged veterans who have been certified as having war-time service-connected disabilities rated as 100 percent totally and permanently disabled or children of veterans who died in service during a period of war or armed conflict or hostile fire in peacetime as certified by the VA. Children must be 16-23 years of age and living in Pennsylvania for five years before the application. They must also attend a school in Pennsylvania and show financial need. Contact 717-861-8910 or email ra-eg@pa.gov for more information.

Educational Assistance Program

The Educational Assistance Program (EAP) provides tuition grants to eligible members of the Pennsylvania National Guard (PNG) who enroll in a Pennsylvania Higher Education Assistance Agency (PHEAA) approved Pennsylvania institution of higher learning with a degree-granting or certificate-granting curriculum, course of study or training required for entrance into a specific career to be pursued on a full-time or part-time basis or its equivalent as determined by the agency. This grant provides 100% of the flat tuition rate for full-time undergraduate students at a State System of Higher Education school or equivalent at an approved PHEAA school. The full-time undergraduate flat tuition grant is \$3,858 plus \$239.00 per semester technology fee. The part-time grant for members who may or may not possess a bachelor's degree is the tuition per credit or \$322 per credit, whichever amount is less per semester, plus a \$20.00 per

credit technology fee. EAP recipients can receive funding up to 10 full-time semesters (120 credits) or the equivalent. Applications can be submitted at www.pheaa.org.

Eligible EAP members can continue to use EAP benefits if the eligible member continues service in the PNG beyond their initial six-year service agreement until the EAP benefits are exhausted.

Members deployed to a combat zone have EAP time eligibility extended for a period of one year, or for one additional month for each month of service, whichever is longer. Eligible EAP members ordered to active federal service or active state duty have EAP time eligibility extended for one additional month for each month of service after being discharged or released under honorable conditions from the PNG.

Eligible members discharged because of a line of duty injury will have an extended EAP deadline for six years from the date of the medical discharge. For additional information, call the DMVA Education Center at 866-920-7902.

Military Family Educational Program

The Pennsylvania National Guard (PNG) Military Family Education Program (MFEP) provides education assistance to the spouses and children of PNG members who enroll in a Pennsylvania Higher Education Assistance Agency (PHEAA) approved Pennsylvania institution of higher learning with a degree-granting or certificate-granting curriculum, course of study or training required for entrance into a specific career to be pursued on a full-time or part-time basis or its equivalent as determined by the agency. This grant provides 100% of the flat tuition rate for full-time undergraduate students at a State System of Higher Education school or equivalent at an approved PHEAA school. The full-time undergraduate flat tuition grant is \$3,858 plus \$239.00 per semester technology fee. The part-time grant for dependents who may or may not possess a bachelor's degree is the tuition per credit or \$322 per credit, whichever amount is less per semester, plus a \$20.00 per credit technology fee. MFEP recipients can receive funding up to 10 full-time semesters (120 credits) or the equivalent. Applications can be submitted at www.pheaa.org.

To be eligible, members of the PNG must complete an initial service obligation in the PNG and are eligible to reenlist in the PNG for a period of six years and have not accepted an obligation under the Educational Assistance Program (EAP) for the same six-year period.

The eligible member can assign the entire benefit to one dependent or a portion of the benefit to more than one dependent. For additional information, call the DMVA Education Center at 866-920-7902.

Honor Guard Burial Detail Program

This program authorizes the Department to pay up to a maximum of \$250.00 per cemetery, per day, to veterans' groups providing honor guard burial details for eligible veterans being interred at Indiantown Gap National Cemetery, National Cemetery of the Alleghenies and Washington Crossing National Cemetery. To be eligible for payment, at least three members must be present, and they must sound Taps. Requests for payment are made through the Pennsylvania War Veterans Council. Contact the Program Manager at 717-861-8910 or email ra-mvdmvagrants@pa.gov.

Military Family Relief Assistance

The Pennsylvania Military Family Relief Assistance Program (MFRAP) provides financial assistance grants to eligible Pennsylvania service members and their eligible family members. Eligible members must have a direct and immediate financial need as a result of circumstances beyond their control. The amount of assistance is based upon documented financial need up to a maximum of \$3,500. Call 717-861-6500 or email ra-pa-mfrap@pa.gov with questions or to submit an application.

Medical and Health Officer Incentive Program

This public service stipend provides assistance to eligible Pennsylvania National Guard (PNG) members who agree to serve as a medical officer or health officer in the PNG after completion of residency or initial service obligation for a period of one month for each monthly stipend received, up to a period of 36 months of service. A resident physician, physician or physician assistant may receive a stipend of \$1,000 per month for up to 48 months of medical residency or 36 months of service to the PNG. A behavioral health officer, public health officer or environmental science officer may receive a stipend of \$500 per month for up to 36 months of service to the PNG. Contact the program office at 866-920-7902 for more information.

Veterans' Temporary Assistance

Veterans' Temporary Assistance is for eligible veterans or their unmarried surviving spouse who are facing adverse financial circumstances and need assistance with the necessities of daily living. In general, assistance is provided to replace, or supplement, income lost or reduced because of a temporary change in circumstances or to offset temporarily increased costs or expenses that affect the ability to pay for the necessities of living. Eligible veterans or their beneficiaries may qualify for a one-time payment up to \$1,600 in a twelve-month period. Contact the program office at 717-861-8910 or email ra-vta@pa.gov.

GOVERNOR’S ADVISORY COUNCIL ON VETERANS SERVICES

The Pennsylvania Department of Military and Veterans Affairs (DMVA) continuously looks to improve the lives of Pennsylvania’s more than 700,000 veterans. One way the DMVA meets this commitment is through its leadership and oversight of the Governor’s Advisory Council on Veterans Services (GAC-VS).

The GAC-VS was established as Pennsylvania’s first interagency cooperative approach to veterans services. The council reviews, evaluates and assesses state veterans programs in collaboration with senior staff from state agencies and commissions. It increases information sharing, ensures program fidelity, coordinates complementary programs and facilitates meaningful enhancements in service accessibility to veterans benefits and services within Pennsylvania.

The GAC-VS consists of committees comprised of state, federal, and county personnel who have a vested interest in serving veterans. Each committee is chaired by a subject matter expert who facilitates the committee’s initiatives and provides a brief to the Council members and/or designees during the quarterly meetings.

Property Tax/Rent Rebate Program

Governor Josh Shapiro delivered on a promise he made to older Pennsylvanians when he signed a new law, Act 7 of 2023, that significantly expands the Property Tax/Rent Rebate (PTRR) program. This historic legislation delivers the largest targeted tax cut for Pennsylvania seniors in nearly two decades.

Under the expansion first proposed by the Governor, nearly 175,000 more Pennsylvanians will qualify for a property tax or rent rebate. At the same time, many of the 430,000 claimants who previously qualified under the program's prior guidelines will see their rebates increase.

Starting in mid-January 2024, the Department of Revenue will open the filing period for eligible applicants to submit applications for rebates on property taxes and rent paid in 2023.

Here are the changes that will take effect at that time:

First, the maximum standard rebate is increasing from \$650 to \$1,000.

Second, the income cap for both renters and homeowners will be made equal and increase to \$45,000 a year:

- The income cap for homeowners will increase from \$35,000 to \$45,000
- The income cap for renters will increase from \$15,000 to \$45,000

Third, the income caps will be tied to the cost-of-living moving forward, meaning those who receive a rebate won't lose their eligibility in the future due to no fault of their own.

ELIGIBILITY TABLE FOR HOMEOWNERS AND RENTERS

INCOME	MAX REBATE
\$0 - \$8000	\$1,000
\$8,001 - \$15,000	\$770
\$15,001 - \$18,000	\$460
\$18,001 - \$45,000	\$380

Supplemental Rebates

The income eligibility did not change for supplemental rebates under the new law. However, the amounts were increased based on the new standard rebate levels. Supplemental rebates are still automatically calculated for property owners with \$30,000 or less in income who live in:

- Philadelphia, Scranton, or Pittsburgh.
- Property taxes are 15% or more of total income.

Income	Standard Rebate	Supplement (kicker)	Total Max Rebate
\$0-\$8,000	\$1,000	\$500	\$1,500
\$8,001-\$15,000	\$770	\$385	\$1,155

\$15,001-\$18,000	\$460	\$230	\$690
\$18,001-\$30,000	\$380	\$190	\$570

All eligible Pennsylvanians are encouraged to file their rebate applications online using myPATH (mypath.pa.gov).

Contact – Property Tax/Rent Rebate information and applications are available by visiting [http://www.revenue.pa.gov/](http://www.revenue.pa.gov) or calling 888-222-9190.

Research & Development (R&D) Tax Credit

Act 7 of 1997 created the Pennsylvania Research & Development (R&D) tax credit. The R&D tax credit provision became Article XVII-B of the Tax Reform Code of 1971 (TRC). The intent of the R&D tax credit is to encourage taxpayers to increase R&D expenditures within the Commonwealth in order to enhance economic growth.

This tax credit is available to businesses and individuals performing qualified research in Pennsylvania, to encourage businesses in the commonwealth to conduct research.

To qualify for the R&D tax credit, the entity must be:

- Subject to Corporate Net Income Tax or Personal Income Tax;
- Have research expenses incurred for qualified research and development conducted within Pennsylvania;
- Have had at least two years for R&D expenditure;
- In compliance with tax laws and regulations of the Commonwealth of Pennsylvania as determined by the department

To apply for the Research and Development Tax Credit visit myPATH, the Department of Revenue’s new online filing system. This is a logged in function so you will need to create a myPATH account.

The application period opens July 12, 2023. All applications must be submitted by December 1, 2023.

Contact – Department of Community and Economic Development Customer Service Center at 1-800-379-7448.

Mixed-Use Development Tax Credit Program

The Mixed-Use Development Tax Credit program, administered by the Pennsylvania Housing Finance Agency, authorizes the Agency to sell \$4.5 million of state tax credits to qualified taxpayers for the purpose of establishing a Mixed-Use Development Fund. Distributions from the fund will be awarded to eligible construction or rehabilitation projects in the Commonwealth.

Bids are currently being accepted for the purchase of mixed-use development tax credits. The deadline for bids is 2 p.m. on Friday, July 14, 2023.

For more information, visit the Pennsylvania Housing Finance Agency website (www.phfa.org) or call the PHFA at 717-780-1867. Tax questions may be directed to the Department of Revenue at 717-772-3896 or ra-rvntaxcredits@pa.gov.

Computer Datacenter Equipment Program

The Computer Data Center Equipment Program authorized under Act 84 of 2016 and amended under Act 13 of 2019 and Act 25 of 2021 is designed to attract new investment from businesses that own or operate

within a computer data center.

Under the original legislation, the program was designed to provide a tax refund for sales and use tax paid on qualified computer data center equipment utilized within a facility certified by the Department of Revenue. The passage of Act 25 of 2021 established the Computer Data Center Sales and Use Tax Exemption Program. Beginning January 1, 2022, computer data center equipment is exempt from Pennsylvania sales and use tax when it is sold to, used, or consumed in a certified data center by an owner, operator or qualified tenant holding a Computer Data Center Sales and Use Tax Certificate of Exemption issued by the department.

Specific information is available in the program guidelines and FAQs. If you have questions, please contact the department's Office of Economic Development at 717-772-3896 or ra-rveconomic-dev@pa.gov.

Malt Beverage Tax Credit Program

A taxpayer that is a manufacturer of malt or brewed beverages may submit an application for tax credits against the malt beverage tax imposed under Article XX of the Tax Reform Code for investment in qualified capital expenditures. Applications for qualifying capital expenditures placed into service in Pennsylvania between January 1, 2022 and December 31, 2022 or within one year of the date of the original purchase submitted prior to April 1, 2023.

Intercity Bus Assistance Program

PennDOT issues a multi-year grant to the Susquehanna Regional Pennsylvania Transportation Authority (d.b.a. rabbittransit) to manage and operate the Intercity Bus Assistance Program. Rabbittransit contracts with private carriers to operate scheduled, intercity service along routes which are essential links in the regional/statewide network of intercity bus services, but which cannot be financially supported solely from user fares. This program is funded by federal dollars, which are leveraged by the use of in-kind state investment in the Commonwealth's multimodal transportation system.

Rural Persons with Disabilities Program

This program provides reduced fares on shared-ride, advance reservation, curb-to-curb transportation services for persons with disabilities in all counties except Philadelphia. The program pays up to 85 percent of the trip fare if the trip is not eligible under any other funding program. To qualify for the reduced fare, persons with disabilities must present proof of disability to the local shared-ride provider in their county. Passengers must reserve their trip at least one day in advance, be willing to share the vehicle with other riders, and pay 15 percent of the full shared-ride fare.

Application Deadline: **May 1**

Shared-Ride Program for Senior Citizens

This program enables senior citizens 65 and older to use shared-ride, advance reservation, curb-to-curb services and pay only a small percentage of the regular shared-ride fare. A senior citizen or a sponsoring agency pays 15 percent of the regular shared-ride fare and State Lottery proceeds administered by the department are used to reimburse the participating service provider up to 85 percent of the fare. There are no restrictions on the hours of use other than the service hours of the transportation providers. A person must be at least 65 years of age to qualify for reduced-fare transportation on a participating transit system. Passengers must reserve their trip at least one day in advance, be willing to share the vehicle with other riders, and pay any fare remaining after the lottery and sponsor contributions.

Application Deadline: **May 1**

BUREAU OF INNOVATIONS

Agility Program

This innovative, streamlined program is designed to make the most of limited resources by exchanging services between PennDOT district and county maintenance offices and public procurement units such as municipalities, charitable hospitals, school districts, metropolitan and rural planning organizations, volunteer

fire departments, law enforcement agencies, state and federal government agencies, community colleges, etc. Agility allows the exchange of services, instead of money, between PennDOT and eligible partners. For example, PennDOT may patch potholes along a township road in exchange for having the township's crew mow along state roads. The program enables local governments to accomplish more than they could have with their own limited resources and increases our collective effectiveness and efficiencies for the general public.

Agility agreements have a contract life of five years with a three-year renewal clause for a total of eight years. The exchange of services must be of a reasonably equal value, detailed on a single-page work plan, and approved by PennDOT, the partner and AFSCME.

BUREAU OF PLANNING AND RESEARCH

PennDOT's Local Technical Assistance Program

PennDOT's Local Technical Assistance Program offers local governments' practical training in efficient maintenance, essential traffic safety, and sound management practices for their roadways and bridges. Training is supplemented by one-on-one technical assistance via phone, email and site visits and through publications highlighting recent practical technological advances. Most LTAP services are available at little or no cost to municipalities to help them meet their transportation needs. Additional information can be found at: <https://gis.penndot.gov/LTAP/default.aspx>.

Highway Transfer (Turnback) Program

The commonwealth enacted Act 70 in July 2006 amending Act 32 of 1983, authorizing an increase in the annual maintenance payment rate for all turnback roads from \$2,500 per mile to \$4,000 per mile. This annual maintenance payment is made in perpetuity for the maintenance of the roadway and is paid to municipalities on March 1 of each year. The objective of this program is to transfer the ownership of state-owned roads and bridges that predominantly carry local traffic, carry low numbers of vehicles on a daily basis, and/or would better serve the community if operated under municipal jurisdiction. PennDOT either rehabilitates the roadway before the transfer takes place or provides the municipality with funding to rehabilitate the roadway to a satisfactory condition. Local officials must adopt a resolution authorizing the acceptance of the transfer. Each PennDOT district office has a turnback coordinator who can provide more information and assist local governments interested in participating in the program.

CENTER FOR PROGRAM DEVELOPMENT AND MANAGEMENT

PennDOT's Twelve Year Program

The Twelve Year Program (TYP), which is the commonwealth's official transportation program, is a multimodal, fiscally constrained program of transportation improvements spanning a 12-year period. Multimodal means that the TYP includes all travel modes including highways, bridges, public transit, aviation, rail, and bicycle and pedestrian. PA State Law, Act 120 of 1970, as amended, requires PennDOT to prepare, update and submit Pennsylvania's TYP every two years to the State Transportation Commission for their review and approval. The first four-year period of the Twelve-Year Program also serves as the State Transportation Improvement Program (STIP). The STIP is submitted to the Federal Highway Administration/Federal Transit Administration for approval following STC's approval of the TYP. The development of the program is coordinated with PennDOT's Metropolitan Planning Organizations

(MPOs) and Rural Planning Organizations (RPOs).

Department of Treasury www.patreasury.gov

Unclaimed Property and Military Decorations

The Pennsylvania Treasury receives hundreds of millions of dollars in unclaimed property every year. Treasury is working to return more than \$4 billion in unclaimed property in its care to the rightful owners.

Unclaimed property is any financial asset that has been left with a “holder,” such as a bank, insurance company or other business or organization, without activity or contact for multiple years. By law, holders must transfer unclaimed property to Treasury after a certain number of years (three years, in most cases).

The most common types of unclaimed property are savings or checking accounts, stocks, dividends, uncashed checks, certificates of deposit, unclaimed insurance benefits, and items abandoned in safe deposit boxes. About one in ten Pennsylvanians has unclaimed property, and the average claim is worth about \$1,500.

In addition to financial assets, Treasury receives tangible items including military decorations and memorabilia ranging from Bronze Stars and Purple Hearts to badges and dog tags. Returning these military decorations is a top priority for Treasurer Stacy Garrity, a 30-year veteran of the U.S. Army Reserve.

Individuals can search for unclaimed property at patreasury.gov/unclaimed-property/. Claimants may also use the Treasury website to check the status of an unclaimed property claim. Claimants seeking assistance with their claim may email inquiries to TUPMail@patreasury.gov. Holders needing information about the unclaimed property program can visit patreasury.gov/unclaimed-property/holder/ or email HolderReporting@patreasury.gov.

PA 529 College and Career Savings Program

The PA 529 College and Career Savings Program designed to help Pennsylvania families steadily and strategically save for future educational expenses. PA 529 plans have significant state and federal tax advantages. A PA 529 account can be opened with no deposit, and future contributions can be as low as \$1.

Treasury offers two plans; the PA 529 Guaranteed Savings Plan (GSP), which allows Pennsylvania families to save at today’s tuition rates to meet tomorrow’s tuition costs, and the Morningstar Silver-Rated PA 529 Investment Plan that offers a number of investment options.

Savings in PA 529 accounts can be used to pay for a wide variety of qualifying technical, collegiate, and apprenticeship educational expenses such as tuition, fees, equipment, books, and room and board, at most schools nationwide. They can also be used for K-12 tuition expenses.

More Information: visit pa529.com or call 800-440-4000.

PA ABLE (Achieving a Better Life Experience)

PA ABLE is a tax-free way for Pennsylvanians with disabilities and their families to save for disability-related expenses without affecting eligibility for government disability benefits. PA ABLE allows for up to \$16,000 in savings per year and up to \$100,000 may be saved without impacting SSI benefits.

PA ABLE account owners pay no federal or state income tax on savings growth or withdrawals for qualified disability-related expenses. PA ABLE offers multiple savings options, including an interest-bearing checking account with an accompanying debit card.

PA ABLE account funds are easy to access and can be used for a variety of qualified disability-related expenses such as housing, education, health care, transportation, assistive technology and more.

More Information: visit PAABLE.gov or call 855-529-ABLE (2253).

Keystone Scholars

Keystone Scholars jumpstarts educational savings by providing a \$100 investment for every child born to a PA family on or after January 1, 2019, including those adopted. Families are mailed instructions on how to access their child's account approximately five months after their birth. The program uses no taxpayer money, and the funds are invested by Treasury to grow as your child grows.

Keystone Scholars accounts can be used to help pay for a wide variety of qualifying technical, collegiate, and apprenticeship educational expenses. Families who decide to save additional money for future educational expenses can consider a PA 529 account and watch the two accounts grow side-by-side.

INVEST Program for Governments and Nonprofits

INVEST is a family of highly rated investment pools designed specifically for local government and nonprofits. INVEST is similar in concept to money market funds, offering two rated pools with short-term maturity, as well as periodic custom investment opportunities for longer-term investment needs. The program's portfolios are managed by the Pennsylvania Treasury's investment staff.

In addition to daily monitoring by Treasury, INVEST is monitored by and has earned the highest rating from the financial world's premier rating company: Standard & Poor's Ratings. The Invest Daily Pool and Invest Community Pool are both rated AAAM.

Center for Rural Pennsylvania www.rural.pa.gov

The Center for Rural Pennsylvania

The Center for Rural Pennsylvania is a bipartisan, bicameral legislative agency that serves as a resource for rural policy within the Pennsylvania General Assembly. It was created in 1987 under Act 16, the Rural Revitalization Act, to promote and sustain the vitality of Pennsylvania's rural and small communities. The Center's mission is to promote and sustain the vitality of the state's rural and small communities by:

- Administering grants to conduct research on matters relating to rural conditions;
- Maintaining and disseminating a broad base of information on rural trends and conditions;
- Publishing research and project results; and
- Sponsoring regional and statewide forums on rural issues.

Research Grant Program

The Center's Board of Directors annually approves topics for research. All projects must show a clear relationship to one or more of the Center's mandated research areas:

- Rural people and communities
- Economic development
- Local government finance and administration
- Community services
- Natural resources and the environment
- Rural values and social change
- Educational outreach
- Agriculture
- Health and welfare concerns

The Center's enabling legislation allows the Center to award grants to qualified faculty members of The Pennsylvania State University, the Pennsylvania State System of Higher Education (PASSHE) universities, and the regional campuses of the University of Pittsburgh. A qualified faculty member must serve as the project director. Partnerships with other academic institutions, community organizations, and public and private agencies are encouraged.

One-year grants are awarded to conduct applied policy research or to identify local strategies that can result in legislative or program policy considerations or recommendations.

For the 2023 grant cycle, the Center will grant research awards up to \$50,000 on targeted topics, (see Request for Proposals - Center for Rural PA for list of target topics).

Mini Grant Program

Mini grants are awarded to projects that focus on basic data collection and analysis, time-sensitive issues, and/or the preparation of reference materials. Projects supported as Mini Grants are a maximum of nine months in duration and are eligible for a maximum of \$15,000 in Center support.

In addition to publication on the Center's website, all research reports will be included in Penn State Libraries Open Publishing, an open access imprint of the Pennsylvania State University Libraries. For more information, please visit <https://journals.psu.edu/ruralpolicy>.

Student Micro Grant Program

The Center has established a fund to assist eligible faculty and students in pursuing scholarly research projects that will examine the needs and opportunities of Pennsylvania's nearly 3.4 million residents through a public policy lens. Research must be conducted under the supervision of a [qualified faculty member](#).

Data on Rural Trends and Conditions

The Center for Rural Pennsylvania also has the state's largest database on rural trends and conditions. Much of the data it collects on Pennsylvania's counties, municipalities and school districts is available online. Population projection data, through the year 2040, are also available online. These data, used in conjunction with other population data, are a valuable resource for public and private agencies that are responsible for policy development, project planning and program evaluation.

Hearings and Forums

The Center for Rural Pennsylvania also sponsors hearings on issues impacting rural Pennsylvania, the most recent of which are youth mental health and rural schools; the availability of broadband in rural Pennsylvania; and opioid addiction and overdose in Pennsylvania. In 2021, the center launched a virtual Rural Policy Summit series that brought together a wide range of stakeholders to learn about and discuss major policy issues that will affect rural Pennsylvania over the next 5 to 10 years.

Pennsylvania Governor's Office of Advocacy and Reform/United Way of PA: Local Innovations in Vaccine Equity in Pennsylvania project (LIVE PA)

Who May Apply: Any faith-based and non-profit organizations with a goal of administering COVID-19 vaccinations, as well as COVID-19 education and outreach.

Use: To host and promote vaccination events. Additional vaccines may also be requested.

Funds: Mini-grants that will range from \$400 to \$40,000 per vaccination event (with a reimbursement rate of \$10 per shot achieved and a matching rate of \$10 per direct person-to-person outreach).

Application Deadline: **Grants funds will be available throughout 2023 on a rolling basis. Grant activities must occur within 60 days of the grant invoice being submitted to United Way of Pennsylvania.**

More Information: Click on <https://www.uwp.org/programs/live-grant/> or contact your local United Way chapter.

Redevelopment Assistance Capital Program (RACP)

The state's RACP program is designed to aid community and economic development projects throughout the commonwealth that demonstrate significant economic impacts to local and regional economies. The RACP program operates as a reimbursement program for eligible project costs including, but not limited to, construction, land acquisition (percentage limitations may apply), permitting and any interest costs paid during construction. Capital projects eligible for RACP funding must have a total project cost of at least \$1 million, with a required minimum of 50% participation in non-state match.

The process for securing RACP funds begins with the inclusion of a line item authorization for a specific project in the state's Capital Budget, allocating a certain amount of funding to the project.

Candidates who have an authorized and eligible project will need to submit an e-RACP application to the Office of the Budget.

All submissions that pass an initial review of eligibility and completeness will be considered for an RACP grant award.

There is a 30-day "public comment period" after the closing of an e-RACP application window until an award can be made. Once the initial review of all the projects has been completed and the public comment period has closed, the Office of the Budget will forward a complete listing of projects and summaries to the administration for grant award consideration.

All successful candidates will be notified via individual correspondence that the e-RACP application submission has resulted in a grant award and the amount approved therein. The applicants that DID NOT receive an award WILL need to re-apply during a future open window for grant consideration. The award letter will serve as written notification authorizing the preparation and submission to the Office of the Budget of a formal and complete Redevelopment Assistance Capital Program Application and Business Plan for the project. All applicants must notify the Office of the Budget within 30 days of receipt of their award letter as to whether or not they are accepting the grant award. If the award has been accepted, the applicant must submit its formal Application and Business Plan within six months of the date of the award letter. They must also be able to demonstrate that at least 50% of the required non-state funds (matching funds) necessary to complete the project are secured at the time of the application among other stipulations in order to receive a grant agreement.

Once the grant agreement is fully executed, the grantee will then have a maximum of six months to meet the terms and conditions of the grant agreement. Once construction activities have started, the grantee is entitled to receive reimbursements based on submission of eligible and compliant paid costs and satisfaction of the terms and conditions of the grant. A legislatively mandated audit will result after construction completion.

Who May Apply: Entities that have a project itemized in a Capital Budget Itemization Act from the past 10 years. List of eligible projects can be found here: [Itemized Project Eligible for Funding](#).

Use: The acquisition and construction of regional economic, cultural, civic, recreational, and historical improvement projects that have a regional or multi-jurisdictional impact and generate substantial increases or maintain current levels of employment, tax revenues, or other measures of economic activity. RACP projects are state-funded projects that cannot obtain primary funding under other state programs.

Funds: Projects must have a \$1 million minimum project cost and a 50% match (state funds cannot be used as match).

Application Deadline: **Contact Office of the Budget**

More Information: Click on <https://www.budget.pa.gov/Programs/RACP/Pages/Main%20Page.aspx>.

Redevelopment Assistance Capital Program (RACP) Overview

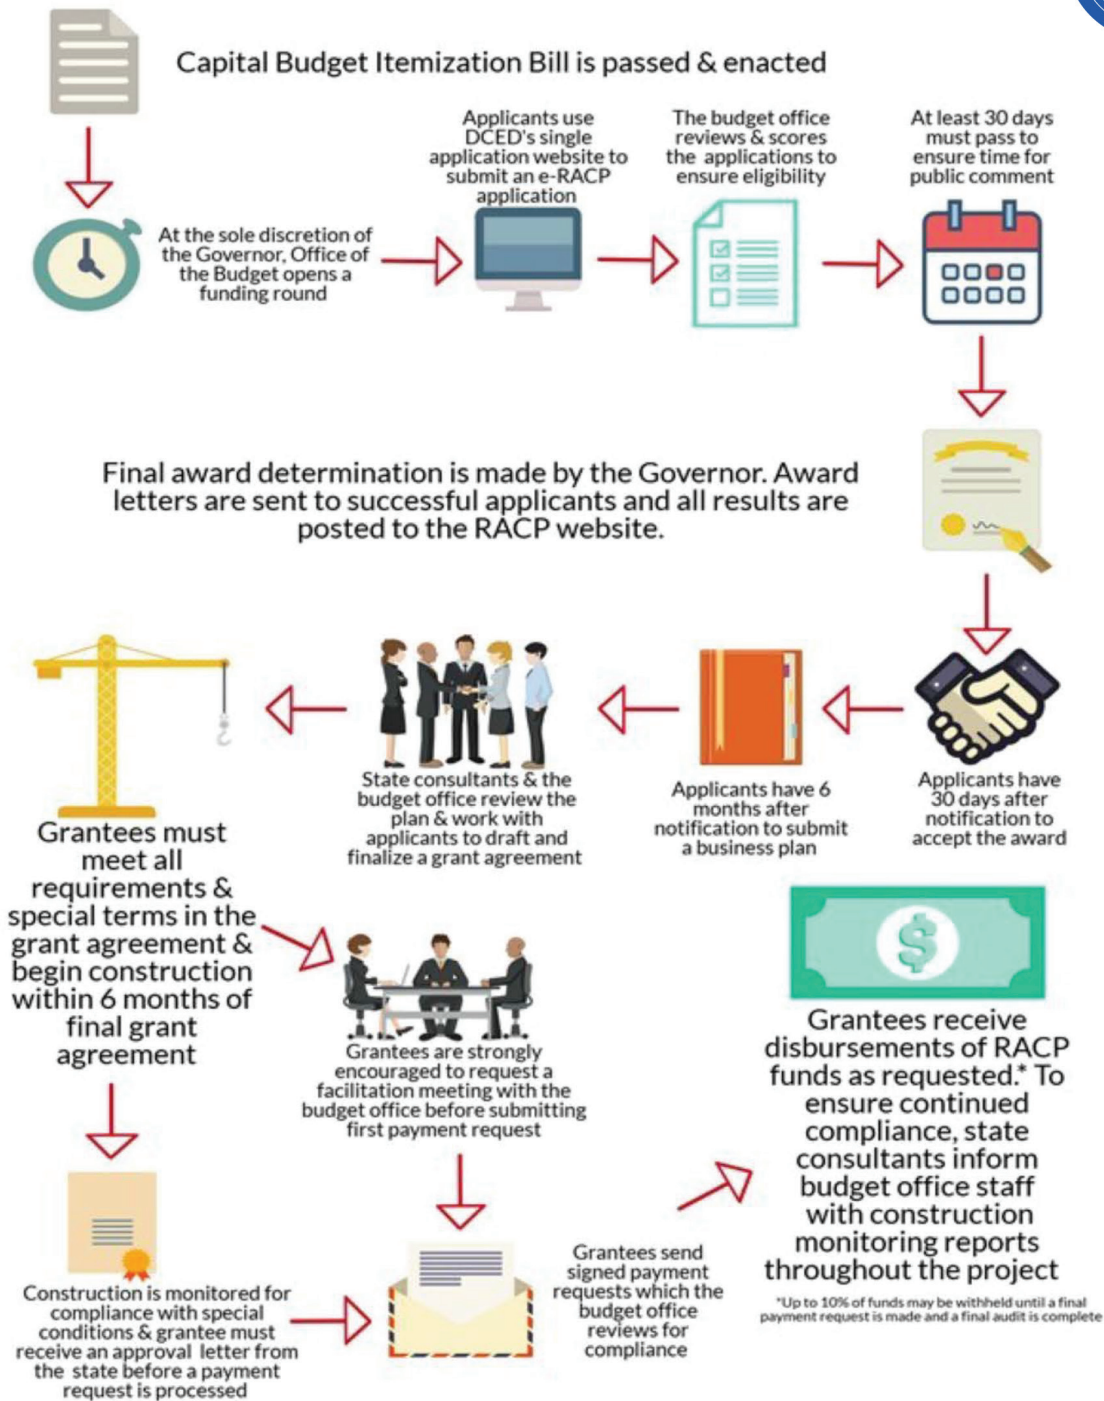

- The Redevelopment Assistance Capital Program (RACP) is a Commonwealth grant program administered by the Governor’s Office of the Budget.
 - RACP is for the acquisition and construction of regional economic, cultural, civic, recreational, and historical improvement projects.
 - RACP projects are authorized in the Redevelopment Assistance section of a Capital Budget Itemization Act, have a regional or multi-jurisdictional impact, and generate substantial increases or maintain current levels of employment, tax revenues, or other measures of economic activity.
 - The minimum total project cost must be \$1 million
 - At least 50% of the project cost must be matched with non-state funds (private sources, federal grants acceptable as local match). If you are requesting \$1 million, you must provide a match of \$1 million. The only non-cash, non-state match permitted is land or fixed assets, which have a substantial useful life and are directly related to the project.
 - RACP is a reimbursement grant program. Reimbursement won’t be made until the project is completed and after you have spent your matching funds. Often reimbursement takes several months following project completion. Interim financing may be necessary.
 - **RACP has a two-step application process.**
1. **Step One** – Any project wishing to apply for RACP funding must already have language in an Itemization Act authorizing that project.
 - A list of all projects that have been submitted in any Itemization Bill from 2010 through present, may be found on the Office of the Budget website: http://www.budget.pa.gov/Programs/RACP/Pages/Main%20Page.aspx#.VwUqvGbD_L8 under “Itemized Projects Eligible For Funding.” Projects will remain on the list for a total of 10 years. At that time, if those projects have not been funded, or if they have not moved forward, they are removed from the list and new itemization language would need to be added when appropriate, so the applicant may submit their request during the application period.
 - If a project is not already in an Itemization Act, you must work with your State Representative and/or Senator to get language included in the next Itemization Act.
 2. **Step Two** – The Application Period. The Office of the Budget occasionally opens the application period for RACP grants (this is also called, “submission of Business Plans”). Sometimes this is every year; sometimes it is not. The Governor decides.
 - Eligible grantees - If you are not an eligible grantee, you will need to partner with one to receive RACP funds. Eligible grantees include:
 - A redevelopment authority.
 - An industrial development authority.
 - A general purpose unit of local government.
 - A local development district that has an agreement with a general purpose unit of local government under which the unit assumes ultimate responsibility for debt incurred to obtain the non-State financial participation.
 - A public authority established pursuant to the laws of this Commonwealth.
 - An industrial development agency:
 - which has been certified as an industrial development agency by the Pennsylvania

Industrial Development Authority Board under the act of May 17, 1956 (1955 P.L.1609, No.537), known as the Pennsylvania Industrial Development Authority Act; and

- which is itself or which is acting through a wholly owned subsidiary that is exempt from Federal taxation under section 501 (c) (3) of the Internal Revenue Code of 1986.
- The Office of the Budget website lists all projects that have received funding to date. http://www.budget.pa.gov/Programs/RACP/Pages/Main%20Page.aspx#.VwUgvGbD_L8. Those funded projects may be found under the tab, "Cumulative Awards, 1986 – present."
- More information on the RACP program can be found here: <https://www.budget.pa.gov/>

Statewide Human Trafficking Resources Coordination Project

Who May Apply: Eligibility for these funds is open to any Pennsylvania-based non-profit organization, including colleges and universities, and state and local government agencies. Applicants must:

- a. Demonstrate subject matter expertise in the field of human trafficking including leading efforts to collaborate with a broad range of providers and stakeholders to support trauma-informed, victim-centered responses to victims of all types of human trafficking.
- b. Have significant and recent experience working with local, state, and/or federal organizations/agencies in developing training, technical assistance, and resources related to victims of all types of human trafficking for first responders in healthcare, criminal justice, public safety, victim service, and allied professionals.
- c. Have experience developing and maintaining informational websites for a diverse user audience.

Use: PCCD aims to award one grant to a non-profit, governmental, or higher education organization to act as Pennsylvania's Human Trafficking Resource for coordination of information, training, and resources. The entity will work with an advisory group to:

- a. identify and assess existing training and resources relevant to the crime of human trafficking, organize these materials in a meaningful way, and then place them on a publicly available website for users throughout Pennsylvania;
- b. Develop and post on the website new training and resources relevant to the crime of human trafficking, as needed to meet emerging needs identified by the field;
- c. develop training on Human Trafficking for first responders and allied stakeholders;
- d. develop technical assistance materials on Human Trafficking for victim advocates, legal providers and immigration services.

Funds: PCCD expects to fund one grant with a budget not to exceed \$250,000 over a 30-month project period.

Application deadline: **September 25, 2023**

Pennsylvania Council on the Arts (PCA) www.arts.pa.org

The Pennsylvania Council on the Arts (PCA) was established by the state Legislature in 1966 as an Executive Office of the Office of the Governor. Its mission is to strengthen the cultural, educational, and economic vitality of Pennsylvania's communities through the arts. The PCA's cross-cutting value is diversity, equity, and inclusion, with the goal of promoting equitable access for all Pennsylvanians to participate fully in a creative life and in the diverse forms of arts and culture in the commonwealth. The PCA accomplishes its mission through grants to the arts; partnerships and initiatives; technical assistance; and by serving as a resource for arts-related information for government, the public, other funding entities, the arts field, and interested organizations and community leaders.

At established deadlines throughout the year, the PCA and its partners accept applications for state arts funding from eligible nonprofit organizations, units of government, and individuals. Note: Most PCA funding includes a requirement that grants be matched.

Arts Organizations and Arts Programs (AOAP) Track

The Arts Organizations and Arts Programs (AOAP) funding track supports qualified applicants that provide consistent levels of artistic programming and/or arts services in Pennsylvania. Activities and services generally must have a public component.

The features of AOAP:

- Application based on past performance.
- Funding parameters set by Council and applied across the applicant pool.

Activity Period: July 1 - June 30. All funded activities must take place during this time period.

For current grantees: [download the Reimbursement Request and Final Report template here.](#)

Eligibility

- Currently funded in the AOAP Track, or transition into AOAP from Entry Track, PPA Program Stream, or Preserving Diverse Cultures, as approved by the Council.
- An average fiscal size of more than \$200,000.
- Organizations must be nonprofit, tax-exempt corporations, a unit of government, or a school district providing arts programming and/or arts services in Pennsylvania. Organizations are required to provide proof of incorporation and activity in Pennsylvania before applications are reviewed or funds awarded.

Funding Strategy

- In order to begin to address historical inequities faced by Black, Indigenous, and People of Color (BIPOC) and rural communities in accessing support for critical community services and development efforts, the PCA's funding strategy for AOAP has shifted away from the historic funding formula the agency previously utilized to determine general operating support grant amounts.
- The PCA's current strategy utilizes two funding tiers within AOAP—rural and BIPOC organizations, and non-rural/non-BIPOC organizations.
- In its adoption of this approach, the PCA Council also adopted formal definitions for rural and BIPOC-led organizations.
 - For rural organizations, the PCA is utilizing the Center for Rural Pennsylvania's county-based definition, which includes 48 of the commonwealth's 67 counties.
 - PCA's definition of BIPOC organizations is grounded in the following organizational characteristics, in addition to an organization's self-identification as BIPOC-led/centered:
 - Specific community served/impact on the community
 - Mission/vision/founder
 - Majority of artists/art presented, produced or exhibited
 - Location in an area dominated by a specific culture, race, ethnicity
 - Staff composition
 - Board composition
- This funding strategy is the result of more than ten years of research and conversation involving national arts service organizations, BIPOC and rural organizations, and the PCA's analysis of its historical funding practices. Additionally, this funding approach aligns with the PCA's strategic goal to promote equitable access for all Pennsylvanians to participate fully in a creative life and in the diverse forms of arts and culture in the commonwealth.

Creative Business Loan Fund

In partnership with [Bridgeway Capital](#) and [Community First Fund](#), the Pennsylvania Council on the Arts is pleased to make available the Creative Business Loan Fund. This fund provides \$2.2 million in the form of affordable, flexible financing to small, creative businesses across the commonwealth.

Inspiration for creation of this fund stemmed from the PCA's awareness of a growing need for financial support for creative small businesses, which are important drivers of employment and economic vibrancy. Creative, for-profit businesses add to the state's economic activity and, if supported, will be positioned to play a critical role in helping Pennsylvania's cities and towns recover from the devastating effects of the pandemic.

Loan Fund Management

The fund is managed by Bridgeway Capital and Community First Fund, each holding responsibility for deploying 50 percent of the total available loan capital and providing small business technical assistance.

What is a creative business?

Under the program's definition, creative businesses include craft manufacturers, arts schools, architecture, design and fabrication firms, media companies, and visual and performing arts production agencies.

Eligibility

The fund prioritizes creative businesses:

- Located in low-income communities;
- Owned by Black, Indigenous and people of color (BIPOC) individuals or serving a diverse market; and
- Those located in small towns and rural communities.

Interested applicants in the following counties must apply to the program through [Bridgeway Capital's Creative Business Loan Fund](#): Allegheny, Armstrong, Beaver, Bedford, Blair, Butler, Cambria, Cameron, Centre, Clarion, Clearfield, Clinton, Crawford, Elk, Erie, Fayette, Forest, Fulton, Greene, Huntingdon, Indiana, Jefferson, Lawrence, McKean, Mercer, Potter, Somerset, Venango, Warren, Washington, and Westmoreland.

Interested applicants in the following counties must apply to the program through [Community First Fund's loan application page](#): Adams, Berks, Bradford, Bucks, Carbon, Chester, Columbia, Cumberland, Dauphin, Delaware, Franklin, Juniata, Lackawanna, Lancaster, Lebanon, Lehigh, Luzerne, Lycoming, Mifflin, Monroe, Montgomery, Montour, Northampton, Northumberland, Perry, Philadelphia, Pike, Schuylkill, Snyder, Sullivan, Susquehanna, Tioga, Union, Wayne, Wyoming, and York.

For general questions about the Creative Business Loan Fund, contact Sarah Merritt, Director of Creative Communities via email.

Creative Catalyst Grants

Statewide Creative Catalyst Grants support proposals that incorporate ALL of the following components:

Align with one or more of the three goals of the Pennsylvania Council on the Arts:

1. Strengthen Pennsylvania communities through the arts. Connect and increase Pennsylvanians' access to lifelong learning through the arts. Champion public awareness and appreciation of the arts in Pennsylvania communities.
2. Demonstrate statewide benefit for the creative sector in Pennsylvania.
3. Include mechanisms to implement the PCA's overarching value of diversity, equity and inclusion.
4. Budget Considerations: Up to 25% of grant can be used for administrative expenses. \$1:\$1 Match IS required. Please note the following: Typical grant amounts are between \$5,000 and \$10,000.

Please note that this is NOT for on-going support or for an annual source of funds. For those types of applications/projects, please contact the PCA for more information.

Eligibility: Organizations must be nonprofit, tax-exempt corporations, a unit of government; college or university; school district or non-arts nonprofit providing arts programming and/or arts services in Pennsylvania. Organizations are required to provide proof of incorporation and activity in Pennsylvania before applications are reviewed or funds awarded.

Creative Entrepreneur Accelerator Program

The Pennsylvania Council on the Arts and the PCA's [Pennsylvania Partners in the Arts \(PPA\) partner organizations](#) are pleased to make available the Creative Entrepreneur Accelerator Program. This program is designed to pair access to existing small business consulting services with financial resources up to \$2,000 for creative entrepreneurs who aspire to start their own for-profit business or who operate an existing for-profit micro business.

Download the [Creative Entrepreneur Accelerator Program info sheet](#) (PDF)

Creative entrepreneurs are invaluable assets to communities. They lead innovation, deliver creative products and services, generate economic opportunity, and build community identity. Assisting creative entrepreneurs is part of the pathway to recovery and increased opportunity within a rapidly changing economic environment.

Additionally, this program advances and prioritizes the Pennsylvania Council on the Arts' overarching value of diversity, equity, and inclusion and prioritize investment in creative entrepreneurs who identify as Black, Indigenous, or persons of color (BIPOC) or those located in and whose work benefits low-income communities.

Who are creative entrepreneurs?

Under this program's definition, creative entrepreneurs are individuals who intend to form a business or who operate a for-profit micro business in Pennsylvania within one or more of the following creative industry areas:

- Marketing – Advertising and marketing agencies & professionals.
- Architecture – Architecture firms & architects.
- Visual Arts & Crafts – Galleries, artists, artisans & makers.
- Design – Product, interior, graphic, and fashion design firms and designers.
- Film & Media – Film, video, animation, TV & Radio businesses.
- Digital Games – Companies, programmers & individuals producing games.
- Music & Entertainment –Producers, venues, musicians & performers.
- Publishing – Print or electronic businesses & content creators, editors & writers.

Additional information:

- Creative Entrepreneurs must be at least 18 years of age and a current resident of Pennsylvania for at least one year.
- Creative entrepreneur's business must have gross revenue less than \$200,000.
- Creative entrepreneurs are eligible to receive fund through the Creative Entrepreneurs Accelerator Program once every three years.

This program is administered regionally by the PCA's [Pennsylvania Partners in the Arts \(PPA\) Partners](#), in cooperation with a network of small business development organizations, including the [PA Small Business Development Centers](#). **To learn more about the program in your county and participating referral coordinators, contact your regional PPA partner.**

- Creative entrepreneurs will first receive consultation services from and business plan review by a local small business development organization (known as "referral coordinators" for the purposes of this program). Business consultation services will be provided at no cost to interested creative entrepreneurs.
- Referral coordinators can help with the how-tos of starting a business, development of a sound business plan, and business growth and sustainability strategies.

- Once a referral coordinator has reviewed a creative entrepreneur's business plan, they will refer the creative entrepreneur to the regional PPA partner organization.
- Upon receiving the referral, the PPA partner will send application materials to the creative entrepreneur.
- After receiving an eligible and complete application, the PPA partner will enter into an award agreement with the creative entrepreneur and process a grant up to \$2,000.

Entry to Arts Organizations and Arts Programs (AOAP)

Entry to Arts Organizations and Arts Programs (AOAP) is the point of entry for organizations or programs to the [AOAP track](#). Entry to AOAP supports eligible arts organizations and arts programs that have a history of at least one year of consistent arts/cultural programming.

For current grantees: download the [Reimbursement Request and Final Report template here](#) (XLS).

Eligibility

- Must be nonprofit, tax-exempt corporation, a unit of government, or school district, providing arts programming and/or arts services in Pennsylvania;
- Organizations are required to provide proof of incorporation and activity in Pennsylvania before applications are reviewed or funds awarded;
- Must have at least one year of consistent arts programming;
- Must have an average fiscal size more than \$200,000.

Entry to Program Stream

Pennsylvania Partners in the Arts (PPA) Entry to Program Stream

Entry to Program Stream is a new funding opportunity that aims to provide valuable access to funding for small arts organizations and programs across the commonwealth.

Entry to Program Stream is the point of entry to ongoing support for arts organizations and programs that have annual revenue less than \$200,000.

For more information, contact your [regional PPA Partner](#) or Amanda Lovell, at (717) 787-1523 or alovell@pa.gov.

Access the [2022-2023 Entry to Program Stream application guidelines here](#) (PDF).

How Entry to Program Stream Works

Entry to Program Stream is available annually, statewide, and administered regionally by PPA Partners. Eligible organizations apply to Entry to Program Stream with the aim of eventually qualifying for Program Stream, which provides ongoing, flexible support at a higher average grant amount. Organizations may qualify for Program Stream after consistently receiving funds through Entry to Program Stream, receiving good panel assessments, and fulfilling grant award requirements. Entry to Program Stream is aligned with the Program Stream application deadline in February and Term of Agreement dates.

Eligible Applicants:

- Nonprofit organizations

- Units of government
- Schools
- Departments of colleges and universities
- Un-incorporated groups that conduct ongoing arts programming may apply through a fiscal sponsor

Note: Applicants cannot also be applicants in AOAP, PPA Program Stream, or Entry Track.

Folk and Traditional Arts

Folk and Traditional Arts are defined as those artistic traditions characteristic of specific ethnic, religious, linguistic, occupational, or regional groups. These arts are shaped and shared within families, neighborhoods, and communities. They are passed down from one generation to another and learned through ongoing participation in community-based activities, and through observation, practice or apprenticeships with elders and masters rather than through classes, books or other means of institutional instruction.

Folk and Traditional Arts Program Director: Dana Payne, 717-525-5544 or danpayne@pa.gov

1. Folk and Traditional Arts Partnership

The goals of the Folk and Traditional Arts Partnership are to investigate, document, present, sustain, and promote the folk and traditional art of Pennsylvania in order to celebrate our diverse heritage. This system of local and regional organizations forms a mutually supportive network and specializes in, or includes, a focus on folk and traditional arts. Current Partnership organizations collectively serve 40 counties by promoting the creation and documentation of folk art; engaging the public in understanding the quality, breadth, and diversity of folk and traditional arts across the state; conducting critical discovery fieldwork in under-represented communities; and providing technical assistance for folk and traditional artists through workshops and gatherings.

2. Apprenticeships

Apprenticeships in Folk and Traditional Arts are grants from the PCA which support the learning of traditional arts within cultural communities across the state. Each grant award provides funding to a partnership between a master traditional artist and a qualified apprentice, enabling them to work together to share and develop advanced techniques or repertoire. Apprenticeships in Traditional Arts grants are offered annually in both performing or craft traditions. Artists who receive the award are also profiled on the statewide Folk Art Infrastructure website [Opens In A New Window](#).

3. Arts Organizations and Arts Programs (AOAP)

The [AOAP](#) track supports eligible PA Folk and Traditional Arts organizations that provide programming and/or arts services in Pennsylvania.

Pennsylvania Partners in the Arts (PPA) Program Stream

Pennsylvania Partners in the Arts (PPA) Program Stream supports qualified applicants that provide artistic programming and/or arts services in Pennsylvania. PPA is a partnership between local organizations and the Pennsylvania Council on the Arts (PCA). Operating in all 67 Pennsylvania counties, PPA re-grants PCA funds to support a wide variety of local and community arts activities.

Preserving Diverse Cultures Division (PDC)

The Preserving Diverse Cultures (PDC) Division supports the creation, development and stabilization of organizations, programs and projects whose mission and artistic work are deeply rooted in and reflective of the perspectives of Black, Indigenous, and People of Color (BIPOC). Additionally, the applicant's programs and staff are representative of BIPOC communities.

The Division seeks to foster organizational stability, expansion of the arts and cultural programming in BIPOC communities; and to support the training of capable administrators.

Pennsylvania Developmental Disabilities Council www.paddc.org

The Pennsylvania Developmental Disabilities Council (PADDCC) is a group made up of people with disabilities, family members, advocates, and state department representatives. They work to create favorable conditions for people with developmental disabilities, and their families, in the commonwealth. Created under the Federal Developmental Disabilities Assistance and Bill of Rights Act and Governor's Executive Order, the council is both a planning group and a funding body.

Mission

The council's work is broad, and its activities are many. The council engages in advocacy, systems change and capacity building for people with developmental disabilities and their families, to:

- Support people with disabilities in taking control of their own lives
- Ensure access to goods, services, and supports
- Support communities so that all people belong
- Empower people with all disabilities
- Promote the understanding of the life experiences of people with disabilities
- Pursue equity for all people

Vision

We envision a commonwealth where all people are valued and thrive.

Statement of Values

Generic Change. The Council has a responsibility to change communities in the broadest, most generic sense. Our work improves the lives, not only of people with disabilities, but of all Pennsylvanians. Our energy is increasingly directed at ensuring that the systems and supports that are available to the community in general are made equally available, with appropriate accommodation, to Pennsylvanians with disabilities. We prefer to improve disability services by making them available in the context of the systems and supports that exist for all people.

Systems Change. The Council has a responsibility to change the systems that impact people with disabilities in Pennsylvania. We are less and less interested in models of accommodation which rely on the person with the disability being the person doing the changing, or which provide temporary help in the context of systems that are broken. All our work, viewed over time and in the context of our interlocking strategies and approaches, must contribute to our broad view of systems change. We do not believe that we can change Pennsylvania one sub-system at a time. We view systems in a wide-reaching way; not just as human service systems, but as the broader and generic social systems and cultures, which influence people with disabilities in Pennsylvania.

Natural Part of the Human Condition. The Council believes that disability is a natural part of the human condition. We are not sympathetic to medical models of understanding disability. While we do not deny the importance of medical treatment and medical need, we are more sympathetic to understandings of disability as a social construct imposed on people with disability labels rather than as a quality inherent in the person with a disability. We are not impressed by the model of trying to "help" people with disabilities by making them more like people without disabilities.

Inclusion. The Council is deeply committed to inclusion and integration. We do not like approaches which are segregated and will not fund "special programs for special people". We prefer activities to be alongside and integrated with people without disabilities, in regular and generic settings in regular communities.

Groups of people with different disabilities congregated together do not constitute “inclusion”.

Cross-Disability. The Council is cross-disability in nature; we try to fund approaches that affect all people with disabilities in common areas of their lives, such as housing, health, employment, community inclusion, etc., and we are especially interested in the cross-disability impact of shared stigma and segregation. Having said this, we are acutely conscious of the vital and important differences in priorities and emphases between different disability communities and seek to provide opportunities for communication and the sharing of different disability experiences.

Cultural Competence. The Council believes that the skills involved in understanding disability are closely related to the skills which lead to other forms of cultural competence. We believe that disability competence cannot take place in isolation from the embrace of all human diversity. Therefore, we seek alliances with all those who are excluded or dispossessed on the grounds of poverty, race, ethnicity, or sexuality.

Empowerment. The Council seeks to engage in activities which meaningfully involve people with disabilities, or, if they cannot speak for themselves, their chosen family members, in all areas of their conception, preparation and implementation. We oppose activities which could be construed as doing things for, to, or on behalf of people with disabilities rather than under their direct leadership. We do not fund projects which portray people with disabilities as deserving pity, which, even unconsciously, endorse stigmatization of people with disabilities, or which incorporate portrayals of people with disabilities as the objects of charity or “the least of these”.

The Pennsylvania Developmental Disabilities Council concerns itself with trends at the local and national levels that may have an influence in the lives of people with disabilities and/or their families. By carefully watching and examining trends and new developments, the council is up to date on ways to support people with disabilities and families right here in Pennsylvania. The council is always seeking thoughts and ideas from concerned citizens regarding issues that affect the lives of people with developmental disabilities and creative ideas for tackling these issues in Pennsylvania.

HOW DO ORGANIZATIONS GET GRANTS FROM THE COUNCIL?

The council funds applications from groups and organizations through a competitive bid process. All grant activities of the council are governed by the council’s federally approved state plan and by the procurement requirements of the U.S. Department of Health and Human Services and the Commonwealth of Pennsylvania. We offer individual and family scholarships, and we accept community grant applications on a rolling basis.

Funding is typically available for only short periods of time and are generally for specified activities. The council periodically announces Requests for Applications (RFAs) and issues notices of funding for smaller grant.. It does not have discretionary funds beyond those publications. The council only accepts applications for the projects described in the RFA booklet and in response to notices of funding for the small Community Grants.

The RFA booklet contains descriptions of projects that the council will be funding and instructions on how grant proposals must be written to meet the council’s requirements. People on the council’s mailing list receive the booklet in the mail. Other copies of the booklet are distributed in person or accessed on the council’s website.

Deadline: You may join our mailing list to receive an announcement notice that an RFA booklet or a notice of funding has been issued, and to have the most up-to-date information as **deadlines and new and recurring grant opportunities change.**

State Wildlife Grants Program

The State Wildlife Grants program (SWG) is the nation's core program for preventing species from becoming endangered. This federal program provides needed funds to states to develop and implement conservation actions, identified in the [State Wildlife Action Plan](#), that benefit wildlife and their habitat, including species not hunted or fished. Created in 2000 by Congress, SWG has enabled the Pennsylvania Game Commission and [Pennsylvania Fish & Boat Commission](#) to direct conservation efforts toward species in decline or vulnerable to decline, with the goal of preventing endangered species listings. State Wildlife Grant funding to Pennsylvania has ranged from \$1.5 to \$2.5 million per year, split equally between the Game Commission and Fish & Boat Commission.

The Game Commission is not seeking project proposals at this time.

How has Pennsylvania wildlife benefitted from State Wildlife Grant funding?

The [Pennsylvania Wildlife Action Plan](#) serves as the blueprint for guiding decisions on where to direct State Wildlife Grant funds for conservation actions. Grant funding has dramatically improved the Game Commission's ability to:

- Respond to emerging issues, such as white-nose syndrome in bats
- Implement conservation actions for species of greatest conservation need
- Assess wildlife populations

Since 2001, the Game Commission has supported more than 60 bird and mammal conservation projects through State Wildlife Grant funding, including wildlife research, habitat improvement, land acquisition and other efforts. Many projects are conducted through partnerships with colleges and universities, conservation organizations and natural history museums, thereby maximizing the Game Commission's use of these federal funds. To see a map and descriptions of select projects, click on the map below.

In 2020, the Game Commission and Fish & Boat Commission celebrate 20-years of the State Wildlife Grants Program with a retrospective of accomplishments. These successes are shared nationwide, as detailed in the U.S. Fish and Wildlife Service and Association of Fish and Wildlife Agencies 20 Years of Conservation Success report.

Local Share Distribution

In addition to the tax rate on gross gaming revenue owed to the Commonwealth as a result of casino gaming, the Gaming Act provides for a local share distribution from various forms of gaming to enhance the community by sending additional monies to municipal, county, and state governments. This is expressed as a percentage of gross gaming revenues as defined in the pertinent sections of the Act. How much money – and where that money goes – is highlighted below:

Slot Machine Local Share at a Category 1, 2, or 3 facility

The Local Share distribution is generally 4% (2% to host county and 2% to host municipality) of a Licensed Facility’s Gross Terminal Revenue[i] subject to noted exceptions below and is distributed as follows:

Harrah’s Philadelphia (Cat 1): 2% to Delaware County (4 Pa.C.S. §1403(c)(2)(i)(c)); \$10,000,000 annually to Chester City (subject to budgetary limitation) with remaining funds from the municipal 2% going back to the County (4 Pa.C.S. §1403(c)(3)(iii)).

Mohegan Sun (Cat 1): 2% to Luzerne County Commonwealth Financing Authority (CFA) (4 Pa.C.S. §1403(c)(2)(i)(d)); \$10,000,000 annually to Plains Township (subject to budgetary limitation) with remaining funds from the municipal 2% going back to the County (4 Pa.C.S. §1403(c)(3)(iv)).

Meadows (Cat 1): The 2% is distributed to each municipality in the county (except host municipality: North Strabane Township). The distribution breaks down to \$25,000 plus \$10/resident but is capped at 50% of either the municipality’s 2009 or 2013 budget (whichever is greater). If monies are left over, it goes to the Washington County DCED for grants within the county (4 Pa.C.S. §1403(c)(2)(i)(e)); \$10,000,000 annually to North Strabane Township (subject to budgetary limitation) with remaining funds from the municipal 2% going back to the County (4 Pa.C.S. §1403(c)(3)(v)(a)).

Parx (Cat 1): 1% goes to Bucks County, 1% goes to Bucks County Redevelopment Authority (4 Pa.C.S. §1403(c)(2)(ii)(c)); \$10,000,000 annually to Bensalem Township (subject to budgetary limitation) with remaining funds from the municipal 2% going back to the County (4 Pa.C.S. §1403(c)(3)(v)(a)).

Penn National (Cat 1): \$220,000 goes to Lebanon County CFA, \$50,000 goes to Schuylkill County, \$30,000 goes to Londonderry Township, and \$30,000 goes to Annville Township, the remainder of the County 2% is remitted to Dauphin County (4 Pa.C.S. §1403(c)(2)(ii)(d.3-d.7)); \$160,000 goes to East Hanover Township in Lebanon County and \$9,840,000 goes to East Hanover Township in Dauphin County – the remainder of the municipal 2% is remitted to the County (4 Pa.C.S. §1403(c)(3)(v)(a)).

Presque Isle Downs (Cat 1): \$1,000,000 goes to Erie County Land Bank Jurisdiction and remainder of the County 2% is remitted to Erie County (4 Pa.C.S. §1403(c)(2)(ii)(d)); \$10,000,000 goes to Summit Township (subject to budgetary limitation) with remaining funds from the municipal 2% going back to the County (4 Pa.C.S. §1403(c)(3)(v)(a)).

Rivers Philadelphia (Cat 2): \$5,000,000 goes to the Philadelphia School District, \$3,000,000 goes to the City of Philadelphia, and \$2,000,000 goes to Philadelphia DCED (4 Pa.C.S. §1403(c)(4)(i)).

Stadium Philadelphia (Cat 2): \$5,000,000 goes to the Philadelphia School District, \$3,000,000 goes to the City of Philadelphia, and \$2,000,000 goes to Philadelphia DCED (4 Pa.C.S. §1403(c)(4)(i)).

Rivers Pittsburgh (Cat 2): 2% to Allegheny County (4 Pa.C.S. §1403(c)(2)(iii)(b)); \$10,000,000 annually to the City of Pittsburgh (4 Pa.C.S. §1403(c)(3)(i)).

STATE PROGRAMS

PA State Grant Program

The PA State Grant Program provides grants to eligible Pennsylvania residents in need of financial aid to attend an approved postsecondary school as an undergraduate student. Award amounts vary from year to year based on funding levels. For the 2023-24 Award Year maximum awards are tied to college costs at approved Pennsylvania postsecondary schools.

PHEAA Allowable Costs	Maximum Award	Minimum Award
\$0 - \$12,000	\$3,059	\$500
\$12,001 - \$19,000	\$4,894	\$500
\$19,001 - \$29,000	\$5,261	\$500
\$29,001 - \$32,000	\$5,750	\$500

- **Veterans:** Qualified veterans of the U.S. Armed Forces are eligible for special consideration for a PA State Grant while enrolled at least half-time as an undergraduate student.
- **Out of State Institutions:** Applicants enrolled at an approved postsecondary institution outside of Pennsylvania may be eligible for a PA State Grant award. The minimum award amount is \$500 while the maximum is \$600 for non-veterans or \$800 if the student is a veteran of the U.S. Armed Services.
- **Distance Education:** Students who take more than 50 percent of their credits online or who are enrolled in programs structured to be more than 50 percent online are eligible for the same award amount as a classroom student – if they attend a postsecondary institution that is headquartered and domiciled in Pennsylvania.

Free Application for Federal Student Aid (FAFSA®) and a PA State Grant

A student must complete the form by the announced deadline each academic year. The FAFSA is available at studentaid.gov/fafsa

Deadline: PA State Grant deadlines are different for first-time applicants, renewal applicants, and summer-term applicants.

First-time Applicants:

- **(May 1):** First-time applicants enrolling in a degree program or a college transferable program at a 2-year private college or other college or university (excludes community colleges and designated Pennsylvania Open-Admission institutions) must file the FAFSA and PA State Grant Form by the May 1st deadline.
- **(August 1):** First-time applicants enrolling at a community college; a business, trade, or technical school; a hospital school of nursing; a designated Pennsylvania Open-Admission institution; or a 2-year program that is not transferable to another institution must file the FAFSA and PA State Grant Form by the August 1st deadline.

Renewal Applicants (May 1): Students must file a renewal FAFSA and appropriate PA State Grant documents indicating any changes that may affect their PA State Grant award, such as a change in marital status or a change in income, by the May 1st deadline.

Summer-term Applicants (August 15): Students must submit the online Summer PA State Grant application by the August 15th deadline. Students must also have submitted the FAFSA and, if required, the PA State Grant Form.

PA Forward Student Loan Program

Through the PA Forward Student Loan Program, PHEAA offers private student loan options for undergraduate students, graduate students, parents, and those looking to refinance existing student loans. More information can be found at PHEAA.org/PAForward.

Taking on a student loan is a significant financial commitment, and you should first consider your options for grants, scholarships, and other forms of free aid. At a minimum, be cautious not to borrow more than you'll be able to pay back.

More Information: visit MySmartBorrowing.org

PA Ready to Succeed Scholarship Program

The PA Ready to Succeed Scholarship (RTSS) Program is administered by PHEAA in cooperation with the Pennsylvania Department of Education (PDE). The program provides awards to high-achieving undergraduate students whose annual family income does not exceed \$126,000. RTSS provides scholarships that, in combination with the PA State Grant Program, offer a total award up to \$2,000 for full-time and \$1,000 for half-time students. The minimum award is \$500.

PA National Guard Educational Assistance Program

The PA National Guard Educational Assistance Program (EAP) provides financial education assistance to students who enter into a 6-year service commitment with the Pennsylvania National Guard. Recipients must attend a Pennsylvania school, enroll in an approved program of study, and maintain at least part-time enrollment. The maximum award for a full-time undergraduate student is equivalent to the lesser of the in-state tuition plus technology fee charged at a Pennsylvania State System of Higher Education (PASSHE) institution or the tuition plus technology fee charged at the student's institution of enrollment. This program is jointly administered by PHEAA and the Pennsylvania Department of Military and Veteran Affairs (DMVA). **IMPORTANT:** If the service commitment with the PA National Guard is not met, this grant will convert to a loan.

PA National Guard Military Family Education Program

Together with the DMVA, PHEAA administers the PA National Guard Military Family Education Program (MFEP) to benefit the families of members of the Pennsylvania National Guard who completed an initial service obligation and enter into an additional 6-year service obligation with the Pennsylvania National Guard. MFEP awards undergraduate and graduate full-time or part-time students a grant which is the lesser of the in-state tuition plus technology fee charged at a PASSHE institution or the tuition plus technology fee charged to the student. The MFEP grant can be used for approved degree-granting curricula or certificate-granting courses of study, or training programs required for entrance into a specific career at an approved institution of higher learning for up to 5 academic years. The PA Guard Member can assign the entire MFEP benefit to one dependent or divide it among multiple dependents. **IMPORTANT:** If the service commitment with the PA National Guard is not met, this grant will convert to a loan.

PA Targeted Industry Program

The PA Targeted Industry Program (PA-TIP) provides need-based awards to students enrolled in approved short-term programs that are less than two years in length. PHEAA partners with the Pennsylvania departments of Education and Labor and Industry in the administration of this program. Students must be enrolled at a Pennsylvania institution and in a program of study that aligns with the career areas of energy, health, advanced materials and diversified manufacturing, or agriculture and food production. Students cannot receive both a PA State Grant and a PA-TIP award for the same program of study. Awards are equivalent to the maximum PA-TIP award (\$6,000 for 2022-23 Award Year) or the student's unmet need, whichever is less. Awards may be used for tuition, fees, books, supplies, and specific living expenses.

Students that did not receive a PA-TIP award during the 2021-22 Award Year will need to complete a PA-TIP application and the FAFSA. Applications are available at [PHEAA.org/PA-TIP](https://pheaa.org/PA-TIP).

PA Partnerships for Access to Higher Education

The PA Partnerships for Access to Higher Education (PATH) Program provides additional grant money to eligible needy students who may have been awarded a scholarship or grant by one of PHEAA's PATH Partners. These scholarships have the potential to be matched by PHEAA on a dollar-for-dollar basis, up to an annual maximum amount. To be considered for the PATH Program, students must be nominated by a participating PATH partner and be PA State Grant eligible.

The list of participating PATH partners is available at [PHEAA.org/PATH](https://pheaa.org/PATH).

PROGRAMS FOR FOSTER YOUTH

Chafee Education and Training Grant Program

The Chafee Education and Training Grant (Chafee ETG) Program provides grants to Pennsylvania undergraduate students who are aging out of foster care and are attending a postsecondary school approved for federal Title IV student financial assistance programs. Maximum awards vary per academic year depending on federal funding and are not guaranteed. This program is PHEAA-administered in conjunction with the Pennsylvania Department of Human Services (DHS).

To apply, first time students must submit both the FAFSA and a Chafee ETG application. Renewal applicants only need to submit the FAFSA. Completion of the application materials for the Chafee ETG Program will automatically allow the student to be considered for the PA Fostering Independence Tuition Waiver Program as well. Applications are available at [PHEAA.org/Chafee](https://pheaa.org/Chafee).

PA Fostering Independence Tuition Waiver Program

The PA Fostering Independence Tuition Waiver (FosterEd) Program provides a waiver for tuition and mandatory fees charged for eligible students attending a Title IV approved postsecondary institution located in the Commonwealth. Eligible students are considered to be youth who are aging out of foster care. This waiver applies only to charges that remain after all other gift aid (federal, state, and other scholarships or grants) has been applied to the student's account. To apply, students must complete the Chafee ETG application and FAFSA. Renewal students are only required to complete the FAFSA in order to be considered for both the FosterEd and Chafee ETG programs. Participating Pennsylvania postsecondary institutions will have a Point of Contact identified on their website to assist students with obtaining verification of eligibility, completion of admissions and financial aid application, and referrals for on-campus and off-campus support services.

PHFA PROGRAMS FOR HOMEBUYERS

HFA Preferred™ Loan Program

The HFA Preferred™ Loan provides a conventional, 30-year fixed-rate mortgage with private mortgage insurance provided by a Fannie Mae-approved mortgage insurer. If the homebuyer makes a down payment of more than twenty percent, then mortgage insurance is not required. Private mortgage insurance payments on the loan will also end as soon as the homeowner pays off more than twenty percent (20%) of their home loan.

Contact – PHFA's Customer Solutions Center 1-855-827-3466 or www.phfa.org/programs/homepurchase.aspx

Keystone Home Loan (KHL)

The Keystone Home Loan provides a 30-year, fixed-rate home mortgage loan to eligible homebuyers. Federal Housing Administration (FHA), Department of Veterans' Administration (VA), Rural Development (RD), and conventional loan types are available. The program has a first-time homebuyer requirement in much of the state, although there are 39 targeted counties and several counties with targeted census tracts where the first-time homebuyer requirement is waived. The first-time homebuyer requirement is also waived for eligible veterans. Homebuyers may also qualify for down payment and/or closing cost assistance through the Keystone Advantage Assistance Loan or the Keystone Forgivable In Ten Years Loan Program (K-FIT).

Contact – PHFA's Customer Solutions Center 1-855-827-3466 or www.phfa.org/programs/homepurchase.aspx

Keystone Flex Loan Program

The Keystone Flex loan program provides two purchase options that includes K-Flex with K-FIT and K-Flex Purchase and Improvements (up to \$30,000) with K-FIT. Both the purchase options must include Keystone Forgivable in Ten Years Loan Program (K-FIT), which provides downpayment and closing cost assistance in a forgivable second lien loan. There is no first-time homeowner requirements for these loan products.

Contact – PHFA's Customer Solutions Center 1-855-827-3466 or www.phfa.org/programs/homepurchase.aspx

Keystone Government Loan (K-Gov)

The Keystone Government Loan Program provides first mortgage financing on loans insured by the Federal Housing Administration (FHA), guaranteed by Rural Development (RD), or the Department of Veterans' Affairs (VA). Homebuyer eligibility is determined by using the guidelines of the respective federal agency insuring or guaranteeing the loan. There are no income or purchase price limits specific to PHFA and there are no first-time homebuyer requirements.

PHFA PURCHASE ASSISTANCE LOAN PROGRAMS

Keystone Forgivable in Ten Years Loan Program (K-FIT)

The Keystone Forgivable in Ten Years Loan Program (K-FIT) provides a forgivable second mortgage loan to assist borrowers with the downpayment and closing costs associated with the purchase of a home. Qualified borrowers can receive up to five percent (5%) of the lesser of the purchase price or appraised value, with no maximum dollar limit. The loan is forgiven at ten percent (10%) per year over a ten-year term. K-FIT can be utilized in conjunction with the Keystone Home Loan and the Keystone Flex Loan Program (purchase options) only. It may also be combined with the Access Modification Loan Program.

Contact – PHFA's Customer Solutions Center 1-855-827-3466 or www.phfa.org/programs/assistance.aspx

PHFA Grant

The PHFA Grant provides grant assistance of \$500 for borrowers approved for the HFA Preferred™ Loan Program. This grant is to assist with downpayment and closing costs associated with the purchase of a home. The grant can only be utilized in conjunction with the HFA Preferred™ Loan Program. The PHFA Grant can also be combined with the Keystone Advantage Assistance Loan Program as an additional downpayment and closing cost assistance resource when utilizing the HFA Preferred™ first mortgage.

Contact – PHFA's Customer Solutions Center 1-855-827-3466 or www.phfa.org/programs/assistance.aspx

Mortgage Credit Certificate (MCC)

A PHFA Mortgage Credit Certificate (MCC) allows homebuyers to claim a tax credit ranging from twenty percent (20%) to fifty percent (50%) of the mortgage interest paid per year, capped at \$2,000 annually. The certificate is a dollar-for-dollar reduction against the homeowner's federal tax liability available to qualified homebuyers in conjunction with the HFA Preferred™ or Keystone Government Loan programs. The MCC may also be combined with a Keystone Advantage Assistance Loan for down payment/closing cost assistance. Due to the source of funds, an MCC cannot be used in conjunction with the Keystone Home Loan program. The tax credit is available for the 30-year life of the loan and only expires if the home is sold or the homeowner fails to occupy the home as their principal residence.

Contact – PHFA's Customer Solutions Center 1-855-827-3466 or www.phfa.org/programs/assistance.aspx

Keystone Advantage Assistance Loan Program (KAAL)

The Keystone Advantage Assistance Loan Program provides a second mortgage loan to help with the costs associated with the purchase of a home. Qualified borrowers can receive up to four percent (4%) of the purchase price or market value of the home, up to a maximum of \$6,000. The assistance loan is interest free and is repaid monthly over a 10-year term. The Keystone Advantage Assistance Loan can be used to cover the down payment or closing costs in conjunction with the HFA Preferred™, Keystone Home Loan, or Keystone Government Loan programs. It may also be combined with the Mortgage Credit Certificate ("MCC") program.

Access Home Modification Program

The Access Home Modification Program provides a non-interest bearing second mortgage loan to assist persons with disabilities or who have a family member(s) living in the household with disabilities and are purchasing a home. The program offers between \$1,000 and \$10,000 to modify the home for disability needs and must be used in conjunction with a PHFA first mortgage product. Repayment on the assistance funds is not required as long as the buyer occupies the home as their primary residence.

Contact – PHFA's Customer Solutions Center 1-855-827-3466 or www.phfa.org/programs/repairs.aspx

Access Downpayment & Closing Cost Assistance

Homebuyers receiving funds through the Access Home Modification Program may also receive down payment/closing cost assistance through the Access Downpayment & Closing Cost Assistance Loan Program. Eligible homebuyers may receive between \$1,000 and \$15,000 in the form of a non-interest-bearing loan with no monthly payments. These assistance funds become due and payable upon the sale, transfer, or if the homebuyer fails to occupy the home as their primary residence. The household income limit for the program is set at eighty percent (80%) of the statewide median income.

Contact – PHFA's Customer Solutions Center 1-855-827-3466 or www.phfa.org/programs/homepurchase.aspx

HOMEstead Downpayment and Closing Cost Assistance Loan

First-time homebuyers applying for a Keystone Home Loan and who also meet the income and purchase price limits of the HOMEstead program may qualify for \$1,000 to \$10,000 in down payment and closing cost assistance in the form of a no-interest, second mortgage loan. HOMEstead assistance funds are forgiven at twenty percent (20%) per year over five years. Income limits for the HOMEstead program are at or below eighty percent (80%) of the county's median income.

HomeStyle Renovation Program

The HomeStyle Renovation program allows eligible borrowers to include financing for home improvements for a purchase or re-finance transaction of an existing home. This program can only be used in conjunction with the HFA Preferred™ program. The total cost of the renovations, repairs or improvements cannot exceed seventy-five percent (75%) of the “as completed appraised value” after renovations are completed.

Contact – PHFA's Customer Solutions Center 1-855-827-3466 or www.phfa.org/programs/homepurchase.aspx

Purchase & Improvement Loan Program

The Purchase & Improvement loan allows buyers who qualify for a Keystone Home Loan to purchase and improve a home within the same transaction. Eligible buyers may include between \$1,000 and \$15,000 for repairs and/or improvements. The maximum mortgage amount cannot exceed ninety-seven percent (97%) of the total acquisition cost of the “as completed” appraised value, whichever is less. When the Purchase & Improvement option is utilized with the K-Flex loan program, borrower may receive up to \$30,000 for repairs.

Mixed Use Development Tax Credit (MUDTC)

As part of the Commonwealth's Fiscal Year (FY) 2016/2017 budget (and amended in FY 2021/2022), language was included establishing the MUDTC program with a current tax credit allocation of \$4.5 million. PHFA uses the proceeds from the sale of the tax credits to fund the Community Revitalization Fund Program (CRFP). The program provides grants to help finance the construction or rehabilitation of critical mixed-use projects providing affordable housing in commercial corridors across the Commonwealth. The Program is expected to continue as an annual RFP process for both MUDTC bidders and CRFP applicants.

Pennsylvania Housing Affordability and Rehabilitation Enhancement Act (PHARE)

Act 105 of 2010 provided the mechanism by which certain allocated state or federal funds would be used

to assist with the creation, rehabilitation and support of affordable housing throughout the Commonwealth. The PHARE Act did not specifically allocate funding but did specify the process to be used when funds became available. Since enactment, the following sources of funds have become available for utilization under the PHARE Program.

PHARE/Marcellus Shale

Act 13 of 2012 (Marcellus Shale Impact Fee) provided a source of funds to be administered through the PHARE Program. These funds can be used for a variety of purposes related to mitigating the impacts of the Marcellus Shale's Development on housing. Funding is made available to counties that have unconventional gas wells in the Marcellus Shale region, through an annual RFP process.

Contact – Clay Lambert at 717-780-3924 or <https://www.phfa.org/legislation/act105.aspx>

PHARE/Realty Transfer Tax (RTT)

Act 58 of 2015 provided a process whereby RTT funds may become available to be administered through the PHARE Program. PHARE will receive an allocation of funds equal to 40 percent of the increase in RTT collections for the prior fiscal year, in any year where RTT collections surpass \$447.5 million (the certified estimate for the fiscal year beginning July 1, 2014). Funds made available to the PHARE Program are currently capped at \$40 million annually. Funding will be made available statewide through an annual RFP process.

Contact – Clay Lambert at 717-780-3924 or <https://www.phfa.org/legislation/act105.aspx>

PHARE/National Housing Trust Fund (NHTF)

The federal Housing and Economic Recovery Act of 2008 (HERA) established the NHTF to provide resources for the development, preservation and rehabilitation of affordable housing for very and extremely low households. Under the PHARE Act, PHFA was designated as the administering entity in the commonwealth. The initial round of funds was made available to states in fall of 2016 and will continue on an annual basis. NHTF funds will be administered consistent with all applicable federal laws and through an annual application process done simultaneously with the 9% LIHTC application.

OTHER RESOURCES

PHFA receives numerous requests for home modifications and improvements assistance for persons with disabilities. The following outlines alternative options for modifications and assistive technology. (Some of these programs overlap with other state and federal programs.)

Philadelphia Neighborhood Housing Services, Inc. (PNHS)

A certified Community Development Financial Institution serving low- and moderate-income residents of the City of Philadelphia with loans and financial products for home improvement mortgages. The Philadelphia Home Improvement Loan (PHIL) provides interest rates of 3 percent and 5 percent based on income and terms up to 20 years. The Mini-PHIL Loan provides low-interest rates as well with terms up to 10 years.

Contact – Denise Jefferson, Loan Officer, for more information and up-to-date interest rates and terms at 215-476-4205 or view PNHS website: www.phillynhs.org/loans.html

Local Government

Start with your county unless you live in a larger city. Some townships and boroughs also have funds available. Phone numbers can be found in the blue, government pages of your phone book. Often the right office is a “Redevelopment Authority,” a “Housing and Redevelopment Authority or Agency,” “Weatherization Program” or a “Planning Office.” If you do not find a listing similar to this for your local government, try the general information number and explain that you need assistance with home repairs, accessibility modifications or your specific housing issue. Funds may be available and may include: HOME, CDBG, Act 137 Funds and PA Accessible Housing Program.

U.S. Rural Development Agency (USRDA)

This agency offers loans and/or grants to assist individuals living in rural areas. Funding may be available through Rehabilitation Loans that have a 1 percent interest rate and offer up to \$20,000. There is also very limited grant funding available for senior citizens in amounts up to \$7,500. If you live in a rural area, contact the state office at 1-800-670-6553 and ask for help in determining which regional office you should contact or use the web and go to the regional office directly at www.rurdev.usda.gov/pa

KeystoneHELP

Pennsylvania, in partnership with Renew Financial, offers home energy loans with fixed rates to help homeowners complete energy efficiency improvements to their homes. Additional information regarding this program can be found at <https://renewfinancial.com/product/keystonehelp>

Weatherization

This county or regional program provides grants for specific energy efficiency and heat-related repairs. Local weatherization programs can be found by using the search function at www.newpa.com/find-and-apply-for-funding/funding-and-program-finder/weatherization-assistance-program-wx

Quick Start Housing Resources – PHFA and the Self-Determination Housing Project’s Regional Housing Coordinators have compiled information about specific social service and housing resource agencies across the commonwealth.

Pennsylvania Humanities Council (PHC) www.pahumanities.org

Pennsylvania Humanities Council (PHC) Overview

Founded in 1973, the Pennsylvania Humanities Council, one of 55 state and territorial humanities councils operating across the United States, has been the sole nonprofit in the Commonwealth dedicated to the humanities. A federal-state partner of the National Endowment for the Humanities (NEH), PHC's mission is to champion the humanities as a means to spark civic engagement, build community, educate, inspire, and make change that lasts.

We believe the humanities are accessible and useful to everyone. We put people first, ensuring the stories, values, assets, and perspectives of each community we serve impact the outcomes of our programs. We create and encourage spaces where everybody belongs and can find common ground, speak their truth, and work together for collective action. Our focus is on continually innovating and growing -- always looking for new and better ways to serve the people of Pennsylvania. Our work centers on sharing tools and building networks, working towards a future without barriers, where people take the lead in making meaningful change in their own communities.

Pennsylvania Humanities Council staff members are engaged grantmakers, innovative program designers, dedicated partners, and passionate advocates. Our programs and grants focus on areas of need where the humanities can have the greatest impact in Pennsylvania today: community engagement and education. We work with communities to build their capacity to achieve long-term goals, from engaging teens in strengthening skills for school and life, to coaching residents as they plan a better future for their town.

We also advocate for the crucial role the humanities play in our lives and our society--and for continued resources to keep them vital and visible.

PHC engages in research, education, and special projects in addition to its core programs: Teen Reading Lounge, Community Heart & Soul, and Chester Made. More recently, in response to the coronavirus pandemic, PHC began administering recovery and growth grants.

PENNVEST Loans & Grants

PENNVEST provides low-interest loans and grants for new construction or for improvements to publicly or privately-owned drinking water, storm water or sewage treatment facilities, as well as non-point source pollution prevention best management practices. PENNVEST also provides loan funding to remediate brownfields sites, as well as loan funding to individual homeowners for repair or replacement of their malfunctioning on-lot septic system or first-time connection to a public sewer collection system.

Many of the wastewater, drinking water and non-point source construction (includes design) projects funded by PENNVEST use federal dollars that carry requirements that must be met to maintain eligibility for these funds.

PENNVEST conducts a financial analysis to determine the interest rates and the length of the repayment period on any loan, as well as whether any grant funding might be awarded for the project.

Eligibility: Any municipality, authority or private entity that is an owner and/or operator of a drinking water, wastewater, or non-point source pollution prevention project is eligible under the PENNVEST program.

Contact – PHFA at 1-800-822-1174 or PENNVEST at www.pennvest.pa.gov

Drinking Water, Wastewater, Storm Water and Non-point Source Loans and Grants

Provides low-interest loans and grants to communities or private entities for designing, engineering and constructing publicly and privately-owned drinking water distribution systems, wastewater collection and treatment systems, storm water management systems and non-point source pollution prevention best management practices.

Programmatic Financing – Provides low-interest loans to public or private entities to fund capital improvement plans (in entirety or in part) for a group of drinking water, wastewater, stormwater, and non-point source pollution prevention best management practices.

Small Project Initiative – Provides a low-interest loan up to \$500,000 to public or private entities to fund drinking water, wastewater, storm water, and non-point source pollution prevention best management practices.

Brownfields Remediation – Provides low-interest loans to developers or other private entities, municipal or county governments or an affiliated industrial or economic development or redevelopment entity for the remediation of sites that have been contaminated by past industrial or commercial activity and pose a threat to local groundwater or surface water sources.

Advance Funding Program – Provides low-interest loans and grants to provide funding for the design and engineering needed to improve water and wastewater management systems.

Sub Level Revolving Loan Program – Provides 1% loans to counties or other regional entities with the ability to capitalize the funds as a revolving loan program to fund drinking water, wastewater, storm water and non-point source pollution prevention best management practices.

Growing Greener and Other Grants

PENNVEST has grant funds available for drinking water, wastewater, storm water and non-point source projects. Consideration is given to each applicant depending upon their capacity to handle debt service. There is no special application to be considered for these funds.

Eligibility: Any municipality, authority or private entity that is eligible for Growing Greener or other available grants under the PENNVEST program.

Contact – PHFA at 1-800-822-1174 or PENNVEST at www.pennvest.pa.gov

On-lot Sewage Disposal Funds

Provides low-interest loans to homeowners for the rehabilitation, improvement, repair or replacement of an existing system located on a single family, owner-occupied property, which is the primary residence of the owner.

Eligibility: first time connection to a public wastewater system or lateral replacement

Pennsylvania Liquor Control Board (PLCB) lcb.pa.gov

Website

A section of the PLCB website is dedicated to alcohol education and provides information and resources to the public. Parents, students, professionals and licensees can check out the latest statistics, find county resources, research current alcohol-related laws, order prevention materials through PLCB+ and link to state and national organizations working to address underage and high-risk alcohol consumption.

More Information: lcb.pa.gov then click Education

Know When. Know How.

Know When. Know How. is a statewide, research-based education and prevention campaign targeted to Pennsylvania parents of children ages 8 through 12. The objective of the campaign is to prevent underage drinking by providing information and tools for parents so they can engage their children in early discussions before trial or use of alcohol begins. KnowWhenKnowHow.org.

Alcohol Education Conference

The PLCB's Bureau of Alcohol Education hosts or sponsors a statewide conference for prevention personnel from law enforcement, colleges, communities and schools. The conference offers a venue to share the latest information on prevention strategies and innovative programs that have made a difference in communities across Pennsylvania.

Reducing Underage and Dangerous Drinking (RUDD) Grant

The PLCB's Bureau of Alcohol Education's RUDD Grant is awarded biannually to offer additional resources and funding to eligible community partners – Pennsylvania colleges, universities, municipalities and community organizations – to develop and enhance the PLCB's mission to reduce underage drinking, reduce dangerous drinking by those who are of legal drinking age and promote responsible alcohol consumption by those of legal drinking age. This includes funding for such things as establishing campus and community coalitions, reducing the availability of alcohol, increasing enforcement efforts and creating a local environment that reduces excessive and underage consumption of alcohol.

The current grant cycle is July 1, 2022 - June 30, 2024. The grant application will reopen in early 2024.

Facebook

The PLCB's Bureau of Alcohol Education has a Facebook page to keep stakeholders apprised of PLCB initiatives and share news and information about issues relating to alcohol. facebook.com/PAAAlcoholEducation

Exhibits

PLCB staff attends and/or provides materials for various events, such as health fairs, conferences, legislator events, etc. The goal is to educate the public about the consequences of underage and dangerous drinking and provide educational resources.

Materials

The PLCB develops and disseminates numerous alcohol education materials. Each year, hundreds of thousands of pieces of literature and materials are distributed. Items, such as brochures, posters, stickers

and coloring sheets are available, free of charge, to Pennsylvania residents and liquor license holders. Materials are developed based on current trends and audiences and regularly updated. Materials can be ordered and/or downloaded through PLCB+ by selecting the PLCB+ heading from the Education dropdown menu at lcb.pa.gov.

Public Service Campaigns

The PLCB uses various media – television, radio, online, outdoor and print – to raise awareness of alcohol-related issues.

RAMP

Act 141 of 2000 established the Responsible Alcohol Management Program (RAMP) as a voluntary certification that provides incentives for licensees that participate and complete four program prerequisites - Owner/Manager Training, Server/Seller Training, New Employee Orientation and Signage – that upon successful completion, enable the licensees to apply for RAMP certification through PLCB+. RAMP certification and/or one or both trainings may also be mandatory for certain licensees/servers. RAMP makes training and resources available to licensees and their employees, so that they may understand and employ responsible alcohol management practices.

Contact – Bureau of Alcohol Education, RAMP division, (866) 275-8237 or email ra-lbramp@pa.gov

Training/Technical Assistance

The PLCB coordinates statewide training opportunities on various alcohol-related topics.

Alcohol Awareness for Student Leaders and Influencers Training is offered to colleges and universities, free of charge, at their request, for all student leaders, including but not limited to Greek Life chapter leaders, team captains, resident assistants, tutors and club leaders. This comprehensive training is designed to provide student leaders with the resources and knowledge to educate and influence their peers to abstain from underage drinking and to inform responsible consumption for those over 21.

Understanding the Liquor Laws and Alcohol Related Offenses in Pennsylvania Training provides an overview of the commonwealth's laws and immunities regarding underage drinking, the current environment of the liquor laws and the resources and authorities of the PLCB and Pennsylvania State Police, Bureau of Liquor Control Enforcement. Since 2019, this training is required for all RUDD law enforcement grantees.

[HEELP](#)

The Pennsylvania Housing Finance Agency's (PHFA) Homeowners Energy Efficiency Loan Program (HEELP) offers loans between \$1,000 and \$10,000 for specific energy efficiency repairs at a fixed-rate of one percent (1%) for ten years with no prepayment penalties.

Utility Assistance Programs

If you live in a low-income household or are undergoing a hardship, you may qualify for support in paying utility bills. Most electric, gas, water, phone and internet companies offer assistance programs. Review the types of programs below and contact your utility to see what is available for your household.

Electricity and Natural Gas Assistance

Budget Billing

Any residential customers may contact their electric or natural gas company to request budget billing. Budget billing means each monthly bill will be the same amount. The company may adjust the bill up to four times a year, up or down, depending on your usage.

Customer Assistance Program (CAP)

Customer Assistance Programs (CAPs) are designed to help low-income residential customers maintain utility service. CAPs can help lower your monthly utility bill and may also reduce or remove the amount you already owe. The company works with you to determine what you can pay based on your household income.

Customer Assistance Referral and Education Programs (CARES)

The CARES program provides referral service for customers experiencing temporary hardships, such as family emergencies, divorce, unemployment or medical emergencies. CARES may provide support, direction and resources to help customers address their hardship situations and make it easier to pay their utility bills.

Low Income Usage Reduction Program (LIURP)

LIURP helps eligible low-income residential customers lower the amount of electricity or natural gas used each month. The company may install energy saving features in your home to help reduce bills. A smaller bill means you'll be able to cover more of your bill.

Hardship Funds

Utility company hardship funds provide grants to pay utility bills. These funds offer help to customers who “fall through the cracks” of other financial assistance programs. They can also be used for those who still need help after other resources have been used. The hardship funds make payments directly to the utility company on behalf of the customer.

Assistance Qualifications

Customers must meet certain income limits and be payment-troubled to qualify for CAP, CARES, LIURP and Hardship Funds. Payment-troubled usually means customers have made a payment agreement with the company. The chart below shows the income levels at 150 percent of the Federal Poverty Guidelines customers must meet in 2020 for CAP. The income levels are slightly higher for LIURP, CARES and Hardship Funds. Customers who meet these limits should call their local electric or natural gas company for details to see if you qualify. Each company’s toll-free number is listed below.

Customers must meet certain income limits to qualify for CAP, CARES, LIURP and Hardship Funds. Customers may need to make a payment arrangement with the company. Refer to the chart below for the latest income levels customers must meet for CAP. If your household’s monthly income is less than these limits, call your local utility company to see if you qualify.

2023 Household Size Monthly Income - 150% Federal Poverty Income Guidelines

The following income levels for CAP are effective as of January 2023:

1 person	\$1,823
2 persons	\$2,465
3 persons	\$3,108
4 persons	\$3,750
5 persons	\$4,393
6 persons	\$5,035
7 persons	\$5,678
8 persons	\$6,320

For each additional person in the household, add \$643.

Note: The income levels may be slightly higher for LIURP, CARES and Hardship Funds. Income levels may also be higher for People’s Natural Gas CAP.

Federal Energy Assistance Programs

Low-Income Home Energy Assistance Program (LIHEAP)

LIHEAP is the federal program that provides financial assistance to needy households for home energy bills. In Pennsylvania, the Department of Human Services (DHS) administers the LIHEAP program. The LIHEAP program provides both cash and crisis benefits to low-income households. Cash benefits help low-income customers pay for their home energy needs, while crisis payments may help resolve emergency home energy situations.

Your household income must be within certain limits to qualify. These limits are listed on the DHS website. The LIHEAP Application Form is located on the [DHS website](#).

More Information: contact the LIHEAP hotline at 866-857-7095.

LIHEAP Recovery Crisis Program

The Low-Income Home Energy Assistance Program (LIHEAP) helps low-income households pay some energy costs associated with heating your home. In response to the global coronavirus (COVID-19) pandemic, the United States Congress passed the Coronavirus Aid, Relief, and Economic Security (CARES) Act. The CARES Act, in part, has provided additional funding for LIHEAP to aid households that have been negatively financially impacted by the COVID-19 pandemic. In order to get this much needed assistance to as many households as possible, the Pennsylvania Department of Human Services (DHS) has created the LIHEAP Recovery Crisis Program. If your household is experiencing a heating emergency, such as being out of fuel or having a past due balance that may result in your electricity or natural gas being shut off, LIHEAP may be able to help. For more information on this special Recovery Crisis Program, visit the [DHS website](#).

Your household income must be within certain limits to qualify. These limits are listed on Department of Human Services website at [Energy Assistance - General Information](#).

Telephone and Internet Service Assistance Programs

Telephone and broadband internet assistance programs are available for consumers with limited incomes. Programs can help you keep service connected, reduce monthly bills, help pay connection fees and avoid shutoffs. Eligibility is determined based on your income or participation in other assistance programs. Each company and program has different benefits and restrictions. Some programs have restrictions on the optional services available to participants. Contact your telephone or internet company to see if you qualify for their assistance program.

The Lifeline Program

The Lifeline Program is a government program that helps low-income consumers with a discount on monthly service for:

- Voice (telephone)
- Broadband internet access service (internet service)
- Combination of telephone and internet service

Lifeline works with both landline and wireless providers. The programs give consumers the opportunities and security that phone and internet service provides, such as connecting to jobs, family, health care, schools, and 911 emergency services.

You may qualify for Lifeline Assistance based on income (at or below 135% of the federal poverty guidelines) or if you participate in any of the following programs:

- Medicaid
- Supplemental Nutrition Assistance Program (SNAP)
- Supplemental Security Income (SSI)
- Veterans and Survivors Pension Benefit
- Federal Public Housing Assistance (FPHA)
